such a morning as yesterday, in a bracing air, imparts a keener appetite than a pint of wine bitters or a kennel full of bark. As shoeleather is cheaper than pills or syrups, let everybody take notice and act accordingly. CAMPS OF INSTRUCTION. -- The War Department has recently issued an order for the establishment of military camps of instruction at New York, Elmira, Concinnati and Harrisburg, where volunteers may be mustered into service in any number which may be offered, doing away with the necessity to which Captains are now subjected of being forced to await the entire completion of companies before they are able to place their men into camp.

This is a reform which has long been needed, and the evil which it is intended to remedy, has done more to keep back enlistments than any other inconvenience the service has had to contend against.

We think this the best move the War Department has inaugurated for some time, and we hope it will go into effect immediately. The result will be that companies now numbering forty of fifty men will fill up their list immediately, and be able to go into the regular camps in one-half the time necessary unde, the plan heretofore adopted.

-------POLICE MATTERS -- Before the Mayor. -- A volunteer, said to belong to Col. Black's regiment, was confined in the City Lock-up last night, charged with being drunk and disorderly in the market house. He was sent to his regiment. Before Alderman Kline .- Andy Sponsler, an old stager, was found in a negro shantee, in a

and disorderly, and sent over for twenty-four hours.

Geo. Carmony, a chubby faced negro with crop of hair that would form an excellent study for a curry-comb, was charged with drunkenness; but we did not learn the decision in his Case.

Wm. Hite, who was confined in our prison for some time, charged with being a deserter from the 5th Regiment Pa. Reserves, (Col. Simmons,) went to Washington city last night in charge of an escort. الى يەت بىدان ،
