"INDEPENDENT IN ALL THINGS—NEUTRAL IN NONE"

VOL. XV. HARRISBURG, PA WEDNESDAY AFTERNOON, AUGUST 21, 1861. NO. 95.

Steam Printing Office. Having procured Steam Power Presses, we are prepared to execute JOB and BOOK PRINTING of every description, cheaper than it can be done at any other establishment in the country.

GENERAL ORDER NO. 1. HEADQUARTERS PENNSYLVANIA MILITIA, Harrisburg, August 18, 1861. THE GOVERNOR has learned with deep mortification that one Lieutenant and a number of the privates and non-commissioned officers of the private and non-commissioned officers of the Second Regiment of Infantry, Pennsylvania Reserve Corps, on being called on in accordance with their oaths, to enter the service of the United States, have refused to do so.

He therefore hereby dismisses them from the service of the State, and directs their names to be published, that Pennsylvania may know her detestable sons, and may not again be defrauded by those who, after accepting her bounty, in the moment of petulant desertion, have all mustering officers are directed to prevent their re-enlistment in any of the gallant and loyal regiments now forming for the defense of our country. We do not need their services, nor will we risk our cause in their hands.

FROM OUR MORNING EDITION. Important from Washington

WASHINGTON, Aug. 19. Rumors are astir this afternoon to the effect that there is fighting with the rebel forces at the Chain Bridge. There is said to be some trouble in Colonel Baker's California regiment in camp near this city. Insubordination is said to prevail in some of the companies.

THE REBELS IN LOWER MARYLAND will soon be watched by a competent force of United States troops. Brigadier General Anderson left here yesterday afternoon for Kentucky. Although his health is not fully re-established, he is anxious to be on active duty.

THE REBEL GENERAL MAGRUDER is supposed to have been under the influence of liquor, when he ordered the destruction of Hampton. The weather is fine to-day, but it has rained excessively here for some days. The effect must be to retard the movements of Beauregard's army, and the Potomac is so swollen as to be not fordable at any point where they can approach.

THE CANADA HAS \$38,000 in specie. The Asia arrived at Queenstown on the 10th inst. The London Times, in an editorial, takes the recent speech of Mr. Vallandigham in Congress as the evidence of the charges that will be brought against President Lincoln if the South is successful. It says that only a victory by which the stain of Manassas may be effaced, and the South be induced to come to terms, can secure the President from the consequences of having begun the civil war.

THE LONDON GLOBE observes with regard to the blockading question that the blockade is the right of war, but by what right whether of war or peace can Congress empower the Executive to desist from the blockade and substitute the levying of official duties about to be landed in territories where that Executive can afford no protection to them from further execution or speculation in any shape. The Shipping Gazette complains that the blockading squadron on the coast of America appears determined to interrupt marine commerce in defiance of the best understood maxims of international law, and at the risk of collision with the forces of the maritime powers.

ANOTHER TREASONABLE PAPER SUPPRESSED. WEST CHESTER, Pa., Aug. 20. The office of the Jeffersonian, in this place, was cleaned out last night, and the type were pitched in the street. The thing was managed very quietly, without noise or disturbance, and few people knew of it till this morning.

LATER FROM CALIFORNIA.

OUTER STATION, eight miles west of Fort Kearney, Aug. 19.—The Pony Express passed here this afternoon, with San Francisco dates to the 10th inst. There are five different places in San Francisco where recruiting is going on for the Platinos, 300 are booked for infantry regiments and 200 for cavalry. Official orders have not yet been received by the Government. A great fire occurred at Sonora, Tuolumne county, on the 7th inst, commencing a few doors above the Placer Hotel. The flames spread rapidly. Hall's book store and printing office, the Placer Hotel, the Union Saloon, the Great Eastern Saloon, Sonora livery stable, Post Office and five or six dwellings and other buildings were burned. Loss estimated at \$85,000.

THE ANTIQUE BRICK BUILDING containing the telegraph office was saved. The people are represented to be very much depressed by this sudden and overwhelming repetition of the old time disasters. The familiar Chapella land claim, or a part of the same claim at Sonora, which caused so much disturbance last winter, and came near involving the State Government in a bloody conflict with the settlers in that vicinity, appear to have been disposed of in the United States District Court. It was rejected and an advantage gained by the settlers.

THE OVERLAND STAGE TELEGRAPH has extended its line to Ruse River, 140 miles east of Churchill and all the wire required for the line between Carson City and Salt Lake has gone out on the road. A train of sixty wagons from Texas reached Los Angeles last week. The emigrants report some trouble from the Indians, but met with no serious casualties. News from the Sandwich Islands to the 18th of July has been received per bark Yankee. The news is important. The ships Speedwell and Bald Eagle touched at Honolulu on the 24th and 29th of June, and departed thence for Hong Kong.

THE NEW YORK EVENING POST of yesterday gives the following account of Serrill, who was recently arrested in that city as an agent of the confederacy: It was announced in our first edition that Serrill, the rebel agent, had been transferred to Fort Lafayette. From an interview with Serrill while he remained in the Tombs, and from other sources, we obtain several interesting facts and statements which shed light upon his previous history. Serrill was born in Delaware county, Pennsylvania, where nearly all his relatives yet reside, and where his home, if he has any, is understood to be; but he has been many years engaged in the cotton trade, and has spent much time in New Orleans, often crossing the ocean in the transaction of his business. His wife resides in Philadelphia.

THE LONDON POST in an editorial on the blockade question, says, unfortunately, England should be compelled into a quarrel the blame will not rest with England but with the Government which has endeavored to ruin innocent commerce, to enforce the validity of a blockade which it is manifestly incompetent to maintain. The London Times of the 10th inst., remarks that the Americans of the North even take pleasure in the sensation caused by their recent unparalleled defeat.

QUALIFICATIONS FOR OFFICERS.—The board recently appointed for the examination of volunteer and army officers have resolved upon a standard of qualifications, as follows: "Field officers must understand all that is required of company officers, and also be able to answer questions regarding evolutions of line, proper conjunction, the elements of military engineering, the circumstances under which the use of field artillery is proper, and other such collateral interrogations as the board of examiners think proper to propose. "Company officers must answer orally and correctly all questions on the manner of instructing recruits; the use of the manual of arms, the school of the soldiers, the position of commissioned and non-commissioned officers and battalion movements."
