LOYALTY OF COMMANDER PORTER.
Prevention of Commercial Intercourse with the Rebels.
STAFF OFFICERS APPOINTED.
ADVANCE OF THE REBEL PICKETS.
KENTUCKY ON THE EVE OF CIVIL WAR.
Washington, August 27.
The Navy Department is satisfied with the abundant proofs which Commander Porter has furnished in refutation of the charge against his loyalty. His own affidavit shows the alleged forgery to be a forgery.
The Secretary of the Treasury has just issued a circular of instructions to collectors and other officers of the customs, calling their attention to the act of Congress further providing for the collection of the duties of July, last, and to the proclamation of the President of the United States of the 10th of August in pursuance thereof, both of which are annexed in view of this act, and the proclamation of the Secretary directs and instructs the officers of customs to use all vigilance in preventing commercial intercourse with individuals of States in insurrection, excepting the special cases in which it may be allowed by license and permit as there set forth. The instructions of the 2d of May and 12th of July last, heretofore in force, will be regarded as superseded by the more comprehensive provisions of the act and proclamation. The collectors and other officers of customs will report all seizures made under the proclamation, to the proper District Attorney for such proceedings of law and acts as may justify in each case, and they will also, as soon as practicable, and as frequently afterwards as may be convenient, report their views in relation to the commercial intercourse contemplated and the permits proper to be granted or withheld in the forms accompanying the circular of the 6th of August last, to be made to the Treasury Department. Collectors and other officers of customs will be careful to state what permits are asked for the shipment of goods, by whom asked, and the grounds upon which the applications are based. The Secretary especially directs the attention of collectors to the fifth and subsequent sections of the act commonly known as the Force Bill.
Flag Officer Montgomery, commanding the Pacific Squadron in writing to the Secretary of the Navy relative to the expiration of the two years' service of officers and men, says: "For my own part, I neither expect nor desire a day's respite from active employment during the continuance of our present struggle for the maintenance of our national honor and the integrity of the Union."
It rests entirely with the department to determine and apportion duty either on this or the other side of the continent.
The following officers have been ordered to duty as the staff of Gen. Robert Anderson; they are to report at Cincinnati on the 30th inst: Capt. Green, Assistant Adjutant General; Capt. Hancock, Assistant Quartermaster; Capt. Symonds, Commissary of Subsistence; Capt. Ferine, corps of Engineers; first Lieut. Michler, Topographical Engineer; Surgeon Cuyler, Medical Staff.
Major Woodruff, of the corps of engineers, is ordered to report immediately to General Dix, to relieve Capt. Ferine.
Orders have been issued to attach the second regiment of Fire Zouaves of New York, to Gen. Sickles' brigade. The selection of Colonel is left to his own officers. It is understood that at the request of General McClellan to-day, the President has directed a commission to issue to Brigadier Sickles, thus conferring upon him that rank.
The following named officers have been appointed on Major General Hunter's staff:—Capt. Fry, Assistant Adjutant General; Capt. L. W. Jarnen, Commissary of Subsistence; Capt. Shaffer, of volunteers; Lieut. Edward Smith, of 15th Infantry, and Lieut. Stockton, of the 4th Cavalry, as aid de camp.
The board appointed for the purpose have just completed the examination of the proposals and drawings of fast screw propeller steamers, in answer to an invitation of the Navy Department to secure sixteen or eighteen ship builders and constructors of marine engines.
The invitation was made in consequence of the representations of many persons that much faster vessels than those now in the navy might thus be obtained. Such steamers were required to move at a rate of fourteen miles an hour. Of those shipbuilders and engine constructors only two parties responded to this requirement, and even when they proposed was not satisfactory to the board.
The pickets of the rebel army are reported to be nearer to our fortifications across the river than they have ever before. But it is not believed that they have any design to make an attack. Should they do so, anywhere, they will get a warm reception.
Union men here are elated by the election by the City Council, of Mr. Wallace as Mayor of the city, in place of the traitor Berrett—Wallace is a warm personal friend of the President, and an old Whig.
Hon. Ames Kendall is removing his furniture from his residence near Washington, purposing to reside in Trenton, N. J., till the war closes. H. is writing his memoirs and needs quiet.
Private advices from Kentucky represent that State as on the eve of civil war. The Union men are ready.
Captain Kaye, belonging to the District troops, was arrested this morning at the Chain Bridge. The circumstances and causes of his arrest are not yet made public.
There was an alarm at the Chain Bridge last night, and our troops turned out in force to repel a supposed advance of the rebels. The alarm, however, proved to be a false one.
Secretary Secord left here this morning for a short visit to New York.
