MORNING TELEGRAPH

BY GEORGE BERGNER. HARRISBURG, PA., THURSDAY MORNING, SEPTEMBER 12, 1861. PRICE ONE CENT.

Medical.

DR. JOHNSON
BALTIMORE
LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

A CURE WARRANTED, OR NO CHARGE, IN FROM ONE TO TWO DAYS.

Weakness of the Back or Limbs, Strictures, Pains in the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debility, Decay of the Physical Powers, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion or Solitary Habits of Youth—those dreadful and destructive practises which ruin both body and mind, and render marriage impossible, and destroy both body and mind.

YOUNG MEN.

Young men especially who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNESS

Immediately cured and full vigor restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Office No. 7 South Frederick street, Baltimore, Md., on the left hand side going from Baltimore street, 7 doors from the corner. Be particular in observing the name or number, or you will mistake the place. Be particular for *Ignorant, Trifling Quacks*, with false names, or *Paltry Humbug Certificates*, attracted by the reputation of Dr. Johnson, lurk near.

All letters must contain a Postage Stamp, to use on the reply.

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately,

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.

MENTALLY, the fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and symptoms of consumption.

YOUNG MEN

who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, *should be snatched from* all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated who had lost all hope, have been immediately relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS,

The many thousands cured at this Institution within the last twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, *besides his standing as a gentleman of character and responsibility*, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, &c., progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that *deadly poison, mercury*, ruin the constitution and make the residue of life miserable.

TO STRANGERS.—The Doctor's Diplomas hang in his office.

WORTHY OF

Universal Confidence & Patronage.

FOR STATESMEN, JUDGES, CLERGYMAN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 16th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due.—My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

My family are absent from the city, and I am no longer at No. 11 Carrol place.

Slamaston, Ala., July 20th, 1859.

TO PROF. O. J. WOOD: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience.—Believe it all! Yours truly,

WM. H. KENEDY.

P S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the *Mobile Mercury*, a strong Southern paper.

W. H. Kenedy.

WOOD'S HAIR RESTORATIVE.

PROF. O. J. WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your *preparation*, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz; large medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

KENTUCKY.

Governor Magoffin's Correspondence.—The Neutrality Dodge.

Accompanying the recent message of Governor Magoffin to the Legislature of Kentucky were a number of documents relating to the so-called neutrality of that State.

Messrs. Dudly and Hunt, the Commissioners who conveyed Magoffin's letter to the President, make a report of the result of their mission, under date of August 29. They say:

"We had an interview with the President, on Thursday, the 22d inst., and delivered to him your communication, and also your letter accrediting us to him as commissioners authorized to represent the condition of things in Kentucky, and the urgent reasons for the withdrawel of the troops. We made this representation as fully as we could, and urged the withdrawal of the troops by the reasons that occurred to us as likely to have an influence. The President heard us courteously; but said little in reply, except to promise that the matter should have his anxious consideration."

Magoffin's letter to Jeff. Davis has this passage:

"Although I have no reason to presume that the government of the Confederate States contemplate or have ever purposed any violation of the neutral attitude thus assumed by Kentucky, there seems to be some uneasiness felt among some portion of the State, occasioned by the collection of bodies of troops along their southern frontier. In order to quiet this apprehension, and *to secure to the people their cherished object of peace*, this communication is to represent these facts, and elicit an authoritative assurance that the government of the Confederate States will continue to respect and observe the position indicated as assumed by Kentucky."

The correspondence between Magoffin and the Governor of Tennessee seems to have been long and affectionate. Under date of August 12th Magoffin thus writes to Harris:

"In a few days I hope to be able to inform your Excellency of the disbanding of the organization to which you have been pleased to call my attention. I am satisfied a large majority even of the Union men in Kentucky are opposed to any such organization here by the Federal government, or the transportation of arms, men or munitions of war over our soil to the state of Tennessee.

Harris replied in this style:

"We feel that socially, commercially, politically and geographically, you are so connected with us as to render hatred and hostility anomalous and unnatural. The Confederate government has never demanded, and we trust and believe never will demand, that we should wantonly and unjustly infringe the neutrality of Kentucky; and our policy and intentions in this regard have been not only expressed, but demonstrated by our conduct up to this time.

"Under these circumstances, we cannot believe that Kentucky will, at the instigation of either of the belligerents, abandon the position of neutrality so lately and solemnly assumed, or permit it to be so used as to render a hollow peace more harrassing and dangerous than open war."

The Louisville *Journal* of Saturday says of Magoffin's message:

"The message of Governor Magoffin, considered in its general relations, is nothing more or less than a plea in advance for the invasion of Kentucky by the Confederate army, unless the legislature shall define neutrality as the secessionists define it, and maintain neutrality as the secessionists would have it maintained. In other words, the message, whilst apparently professing to refer everything to the free determination of the legislature, *virtually indicates everything to the legislature, under the menace of an invasion by the confederate army* if the legislature does not tamely submit to the dictation. This is the long and short of the message. On a full and fair consideration, nothing else can be made of it. Nothing else can be successfully made of it on even the narrowest and most partial consideration. The point is really too clear for controversy."

The *Journal* also contains the following paragraph:

"A telegraphic message went from this city to Nashville on Monday afternoon, saying that *Louisville was in danger*. Of course it was from a secessionist. What did he mean?"

SEIZURE OF ARMS.

A man by the name of Cartright, a huckster between Charlestown, Indiana, and Louisville, Kentucky, who has heretofore borne a good character, was caught in Cincinnati the other day with $700 worth of ammunition and pistols. When arrested he said he was a Union man, and the pistols were for a company at Charlestown. A policeman of Cincinnati was sent to Charlestown, where he ascertained that all the statements of Cartright were false.—The New Albany *Ledger* says it seems this man has carried on an extensive trade in arms, his good character up to this time having protected him even from examination on the ferry boat at Jeffersonville. He was to receive $1,400 for the lot of pistols upon their delivery in Louisville.

FROM KANSAS.

The Forces of General Lane and Rains—Erection of Fortifications—Employment of Indian Warriors.

The Chicago Times publishes the following extract from a private letter dated:

MOUND CITY, Kansas, Aug. 26.

Things look gloomy at this time, and even in the distance. Since the battle at Springfield there are five rebels on our border where we had one before. You see by the papers how they are coming up again in the north of Missouri. It is much worse here.

Gen. Lane and staff passed here a week ago, and are now in Fort Scott and on the Osage. Lane has only 1,600 men, all told, with one cannon, a six-pounder, and one howitzer; while Rains is just below, with from 3,000 to 5,000 men, and any amount of artillery. He came within twenty-eight miles of Fort Scott five days ago, and all that saved southern Kansas was the report that the brave Siegel was making forced marches in his rear to cut him off, which at that time was not true. They retreated back to Springfield, and to-day we have the glad news that Siegel is really after them.

This week Lane will get his artillery and probably 4,000 men, when we think we shall be comparatively safe.

Let me say here—and this is ahead of the newspapers—that within six weeks government will be compelled to throw 75,000 men into this corner of the Union to sustain itself. They are throwing up strong breastworks and cutting deep ditches on the Osage, at Jewell's Mill, nine miles below here. They will commence the same here, Tuesday, the 27th, on Sugar Mound; also, one near Paris, or Big Sugar.

Within fifteen days you will find all the Osage and Cherokee Indians in arms fighting for the government, under Ross and Little Bear. If the rebels will employ such forces, we must also.

THE DEFENCE OF PHILADELPHIA.

Movements of the Rebel Army.

AFFAIRS AT ACQUIA CREEK

WASHINGTON, Sept. 11.

The delegation of citizens of Philadelphia left for home to-day, after receiving renewed assurance from the government that a competent engineer had been sent to Philadelphia to make reconnoissances of the water and land approaches to the city, with a view to the erection of fortifications for its defence.

Postmaster General Blair has gone to Missouri, to see about the resumption of the Overland Daily Mail to California, now interrupted in that State.

A requisition for a million and a quarter of dollars, in favor of Colonel Crossman, U. S. Quartermaster in Philadelphia, has passed the Treasury, and the amount will be disbursed in that city.

Hon. William Thompson, ex-member, of Congress from Iowa, is here, tendering a regiment of superior volunteer cavalry to the Government.

A wounded rebel picket guard, taken by our men beyond the Chain Bridge, says that since the affair at Hatteras Inlet, thirteen regiments have left the rebel army of the Potomac and gone home.

There is no warlike news from the Virginia side, and the prospect of a battle is not considered very near.

This morning long and heavy columns of smoke were seen over the river, which were thought by many people, to indicate a collission between the two armies; but it turned out to be smoke caused by the burning of brush between Munson's Hill and Arlington.

A regiment of the rebel army was distinctly seen this morning drilling on Munson's Hill. No guns were visible, but it is believed that they have some mounted below the high entrenchments thrown up.

A correspondent on board the steamer Pocahontas, of the Potomac fleet, gives the following: The line of batteries at Acquia Creek extend about six miles. They crossed the railroad not far from the depot, and extend, in one direction, as far as Potomac Creek, where there is another battery.

These batteries are well posted, and appear to be in good condition. They have some large guns, and their practice shows they understand their management. Some of the guns are rifled, and they appear to have an eight inch columbiad. One of their rifled guns, a few days ago, threw a shell across the Potomac, which is here about four miles wide.

The battery at the creek is under the command of Capt. Walker; then there is a battery of flying artillery, commanded by Capt. Braxton, and another, lately from Richmond, which consists of six large pieces, one of them rifled, two howitzers and three other brass pieces, and at least fifty horses. There is another company, said to be made up of Baltimore boys.

The water defences are under the command of Capt. Lynch, formerly of the U. S. Navy, and who conducted the exploring expedition to the Dead Sea. As near as can be ascertained, there are at least 15,000 rebel troops at Acquia Creek. They are bold and defiant, and appear ready for action.

Not long since a fleet of twelve or fifteen vessels anchored off the creek, and from the movements on shore, we suppose the rebels expected an attack. As the night closed in we could discover but two or three batteries, but at dawn the next morning we could distinctly see a long line of batteries, extending at least four or five miles.

They had been erected before, but were concealed by the trees and bushes in front of them. As they now expected to use them during the night, they cleared away in front, thus leaving their works exposed.

NEW YORK REPUBLICAN CONVENTION.

SYRACUSE Sept. 11.

The Republican State Convention met this morning. It was largely attended. The Convention was called to order by Simon Draper who nominated Mr. E. G. Lapham as temporary chairman. The nomination was confirmed. Mr. Lapham on taking the chair made a brief speech returning thanks for the honor and declaring his sentiments as those of the party which would entertain no terms of peace or compromise with rebels. He was in favor of uniting all who support the Government in electing the best and most loyal men to offices. After the appointment of the usual committees for a permanent organization the Convention took recess until four o'clock.

ARREST OF COL. JAMES W. WALL.

BURLINGTON, N. J., Sept. 11.

Col. James W. Wall, of this city, was arrested this afternoon by the U. S. Marshall and taken to New York in the afternoon train.—This arrest has produced a most intense excitement among the people of Burlington as Col. Wall has been a leading man for many years.

SAILING OF THE STEAMER ASIA.

NEW YORK, Sept. 11.

The Royal mail steamer Asia sailed at noon to-day with 70 passengers including M. Belligus the French Consul at Charleston.

FROM MISSOURI.

ROLLA, Mo., Sept. 9.

Eight prisoners were sent to St. Louis this morning. They were captured in a skirmish between the Home Guard and the rebels at Dougal's Prairie, in Gasconade county. Two of the rebels were killed, and in another skirmish the same day ten or more of the rebels were killed, and thirty-two horses captured at another place near Cuba. Two scouts were taken with Provost Marshal McKinstry's passes in their pockets

Advices from Springfield to Friday are to the effect that no battle had been fought between Montgomery and Rains up to Tuesday last.

Ben McCulloch was reported to be at Fort Smith, and his troops were en route for Fort Walker, in Arkansas. Nothing definite was known of his future movements, but it was supposed that his force would remain near the line, ready to act in concert with the Missouri troops as occasion might require.

Gen. Price had gone to reinforce Gen. Rains, Their united forces were about 7,000 when last heard from. Gen. Price was about fifteen miles from Fort Scott, Kansas, and a battle was expected to take place on Tuesday of last week.

Claib Jackson left Springfield on Sunday night to join the State forces.

Gen. Fremont's proclamation reached Springfield on Wednesday last, and created considerable excitement.

PROF. O. J. WOOD'S

RESTORATIVE CORDIAL

AND

BLOOD RENOVATOR.

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined, as to the most powerful tonic, and yet so perfectly adapted so as to act IN PERFECT ACCORDANCE WITH THE LAWS OF NATURE, AND HENCE SO THE THE WEAKEST STOMACH and tone up the digestive organs, and allay all nervous irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDIDESS, AND ALL THAT CLASS OF CARES SO FEARFULLY FATAL CALLED FEMALE WEAKNESS, AND IRREGULARITIES.

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver complaints, Diseases of the Kidney, or any general derangement of the Urinary organs.

It will not only cure the debility following CHILLS and FEVER, but all prevent attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked.

Travelers should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

Ladies not accustomed to much out-door exercise should always use it.

Mothers should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety.

THERE IS NO MISTAKE ABOUT IT.

THE CORDIAL IS ALL WE CLAIM FOR IT!!!

Mothers Try It!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too, would travel in the same downward path, until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should always be on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists. Price One Dollar per Bottle.
