cleved, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due.—My age is about 50 years; the color of my hair autourn, and inclined to card. Some five or six years since it negan to turin gray, and the scalp on the crown of my head to lose its sensitivity and diand-uft to foru cyou it. Bach of these disagreeabilities increased with time, and about four munths since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair, Restorative, mainly to arrest the falling off of my hait, for in addressing one except from dyes. I was, however, greatly surprised to find after the use of, two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandrift ceased to form on my head, very much to the graiffication of my wire, at wnose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recombened all husbands who value the dimiration of their wives to profit by my example, and use it if growing gray or getting baid.

Very respectivity, BEN. A. LAVENDER.
