The CATHOLIC BISHOP of this diocese has recommended to the pastors under his charge, the observance of the National Fast Day, and the recitatum, at the respective masses of the usual " prayer for the authorities," or such other devotions as may be deemed appropriate.

OUR REPORTORIAL cotemporary of the Union labors under a mistake in saying that the superintendent of the public grounds has no authority to make arrests. A special act of assembly makes him and his assistants the police of the capitol grounds, with full authority to appreenclosure.

THE KNITTING ASSOCIATION. - We have not yet heard of any movement in our city towards the organization of an association to carry out the suggestions of Quarter Master General Hale. in reference to furnishing woollen stockings to our brave volunteers. Who will be the first to move in this matter? Our State calls on her daughters for aid to those who have gone to fight our battles, and surely the ladies of the Capital city will not fail to show their patriotism in the premises. Hurry up, ladies.

COMMENCE.-The Reading cotton factory commenced operations yesterday morning. In order to give work to the operatives during the winter, the mill will run on short time-eight hours, thereby answering a double purpose, saving the gas to the company as well as keeping the hands employed. This is a very praiseworthy act on the part of the owners of the mill, and should be imitated by the directors of the mill in this city, if they can do so without positive loss.

HOW TO STOP THE FLOW OF BLOOD, --- Housekeepers, mechanics, and others, in handling knives, tools, and other sharp instruments, very frequently receive severe cuts, from which blood flows profusely and oftentimes endangers life itself. Blood may be made to cease to flow as follows :- Take the fine dust of tea and bind it close to the wound-at all times accessible and easily to be obtained. After the blood has ceased to flow. laud num may be advantageously applied to the wound. Due regard to these instructions would save an agitation of mind, and running for the surgeon, who would, probably, make no better prescription if he were

THE COLDER FENCIELES. - This fine company of volunteers, mostly recruited in this city, are now performing guard duty at the lower end of the Northern Contral Railroad, and have their headquarters at Camp Detwiler. Bee Tree Hollow. A correspondent at the camp gives us the following particulars of an accident which recently occurred on the railroad near that place, and the services performed by the Fencibles on the occasion :

They are very inmen have marched through Harrisburg en route teresting, and he has such a flow of beautiful for the Federal capital. They have been accompanied by field pieces, army wagons, ambulances and stores in abundance.

STOCKINGS FOR THE VOLUNTEERS .--- The ladies of Lebanon county held a meeting at the Court House, in Lebanon, last Monday, and organized a Stocking Knitting Association. A committee of ladies was appointed for each ward, borough and township in the county, to canvass their districts for the purpose of procuring wool, yarn, stockings, or money to purchase material. This is a praise-worthy movement, and one we

should be glad to see imitated by the ladies of this city.

INTERESTING TO HUSBANDS AND DRY GOODS DEALERS.—A case occurred in Buffalo last week. in which a husband who refused to pay a bill hend all disorderly persons found within the for some \$112, brought against him by a dry goods dealer, for articles furnished his wife, was sued. The husband's defense was that he had never ordered the articles, that he had never received them, and that their purchase was unnecessarily extravagant on the the part of a woman married to a man in his circumstances. The jury considered the defense a sound one, and gave a verdict to the husband.

> To KEEP THE HANDS WHITE AND SOFT .--- In order to preserve the hands soft and white, they should always be washed in warm water with fine soap, and carefully dried with a moderately

coarse towel, being well rubbed every time to likely to have a redundant supply of bread ensure a brisk circulation, than which nothing stuffs this year and the next, not only because can be more effectual in promoting a transpathe harvest will be unusually large, but because, also, there will be a diminished consumption in rent and soft surface. Rolls of assignment are to be kept in each command, which are to be forwarded to the Paymaster General's office, where the deduction will be made, and where, also, arrangements will be completed by which the persons for whose benefit these deductions are to be made, will receive their specified amounts.— We anticipate great good from this system, as well for the soldier as for his family. It will also scatter large sums of money in the loyal States, as a means of supplying many needy wants.

DRUNKENNESS.---We do not remember a time when drunkenness among young men was so prevalent in this city as now, and we are at a foreloss to assign a reason for it, though we judge that it originates mainly from the idleness which has followed the general depression of that their loss is his eternal gain. business. Every evening numbers of these unfortunate and infatuated beings, who were blessed with the same virtues and original manhood with other men, muy be seen staggering into or out of the saloons, while under the infuence of liquor, and in the middle hours of the night their songs and whoops are heard all over the city. The fact is humiliating, distressing and disgraceful. Humiliating to parents and the victims of intemperance, distressing to the community at large, and disgraceful to the city in its corporate capacity. The evil demands the serious attention of the public --Means should be devised to check its growth, before it embraces within its terrible arms all the youth of our city, crushing out their manhood and carrying them on to certain destruction.
