New Counterfeit. - Counterfeit 5's, on the Allegheny Bank, of Pittsburg, Pa., have been circulated in Philadelphia for two days past. These counterfeits are admirable imitations and well calculated to deceive.

THE NEW DIMES .- A change has been made in the ten cent pieces that bear date this year from those heretofore coined. The figure of Liberty, instead of being surrounded by stars, is encircled by the words "United States of America," which formerly was placed on the reverse of that piece.

Well Attended.—The meeting of young men on Tuesday night to concert measures for the formation of a volunteer company, to be composed exclusively of citizens of Harrisof spirit manifested. A large number of signatures were obtained to the roll, and everything promised a complete success.

POLICE-Before the Mayor.—The city lock-up Tuesday night was as lively as a bag of flees. Martha Johnson and Margaret Denegan-two ebony colored wenches of bad reputation-were arraigned for vagrancy. Discharged by pro-

mising to mend their ways. Geo. G. Smith and Wm. Cunn-both negroes -stood charged with stealing a lot of segars from a restaurant in Market street. Recommitted to the lock-up.

John Duwalt, a vagrant was discharged and directed to leave the city forthwith.

Isaac Carr and John Preston-two volunteers from Camp Cameron were up for drunkennes. Recommitted to the lock-up.

Joseph Scott-a negro-plead guilty to drunkenness. Fined \$1 and costs.

Wm. Watson -- also black--- stood charged with stealing an overcoat from a soldier named Wm. Bullen. The cost was found in Watson's possession. Committed to prison to answer.

Before Alderman Kline .- Ellen M'Nameraa genteely dressed feminine-was up for drunkenness and disorderly conduct generally. She indignantly denied the "soft impeachment," declaring that he was "soberer as any other fellow." A bottle half filled with rifle whisky was found in her possession, which the Alderman seized as "contraband," and then made

out her papers for prison. Geo. Boyer, John M'Carty, John W. Jenkins and John Andrews also responded to the rollcall of "drunks," and were severally committed to prison.

Peter F. Idlebuts was charged with threatening Mr. Dean. Gave bail to answer.

MEETING OF THE BOARD OF MEDICAL EXAMIN-ERS-Interesting Proceedings-"A Medical Board for the examination of all Surgeons or assistant Surgeons, now acting as such in any regiment Representatives, in this city, at 9 o'clock yes- achievement described above fully testifies. terday morning.

The Board consisted of Dr. WILMER WORTHington, of West Chester, Dr. TRAIL GREEN, of Easton, and Dr. Wm. Corson, of Norristown. Surgeon General HENRY SMITH presided.

Shortly after the body convened, his Excellency Gov. Curtin entered the chamber, and was conducted to the speaker's platform, when he was introduced to the assemblage by Gen. Smith in the following remarks:

Gov. Currin-In obedience to your orders, I have convened a State Board of Surgeons, whom I have now the pleasure of introducing to you as distinguished members of the medical profession—as citizens deeply interested in the wel-fare of Pennsylvania,—and as the warm advo-cates of the cause of the Union now threatened by the traitors assembled around Washington. Gen. Smith here introduced the members of the Board personally to the Governor.] I also who have so energetically responded to the in-timation that our brethren in arms for the maintenance of the Government, were likely to require their professional services. Like the combatants in the Isthmean games, these gentlemen have been engaged in a generous rivalry, and hope to gain at the hands of your Excel lency, that awardment that will give increased honor to the laurels bereafter to be won on the

Gov. Curtin followed, and in greeting the assembly remarked, that he was glad to see a gethering so large in number and so respectable in ability convened in response to the call of the Surgeon General. The posts for which they were about to be examined were of the highest importance, and in responsibility ranked with any in the service. The army surgeon held in his hands the health of the soldier, and when wounded and bleeding, it becomes his a duty requires the highest skill, and therefore the state has wisely provided for the selection to be made from among the ablest of the medical profession, and for this purpose this examination was instituted. Gov. Curtin thanked the phy. sicians present for their promptness in respondmedical commission before whom they were to

There were one hundred and sixty-five candidates present for examination, who, as they were arraigned around the circular desks, busily engaged writing out the answers to the printed questions before them, presented a scene of lively interest, and an array of talent seldom, if ever, equaled in any one body of men.

The examinations in the morning was confined altogether to the proficiency of the candidates in the general practice of medicine and materia medica, while the afternoon session was devoted exclusively to examinations in surgery.

A HARRISBURG OFFICER DISTINGUISHES HIMcredit upon his military skill and personal bravery. Lieut Shippley, belongs to the regular United States Army, and is stationed with his command at Fort Pickens near Pensacola, Florida. Our readers are aware that this latter place, with the navy yard and its surroundings, are held by a considerable force of the rebels under the command of Gen. Bragg. The commandat at Fort Pickens, Col. Brown, has long been endeavoring to force the rebels into a fight, but it seems that their leader won't "nibble" and lies as close behind his eutrenchments as a cat behind a warm stove in winter. Recently, by way of provoking old "Little more grape" into action, Lieut. Shippley obtained leave to make an expedition against the navy yard. He left the Fort, a few minutes after tatto (9 o'clock P. M.) in a boat with eleven picked men, rowing noiselessly for the dry-dock. The boat reached the dock without being challenged, was made fast, when stationed upon it at night; none were found, however, and they proceeded to accomplish their work. Combustible material of various kinds had been prepared and brought along, together with three large columbiad shells .-These were placed in the boilers. The combustibles properly arranged, word was given for burg, was we'l attended, and the right kind of the men to go aboard the boat, Lieut. Shipley remaining to apply the match, which done, he quickly followed in their wake. Scarcely had distance of twenty yards from the doomed structure been gained by the gallant little band, when the flames burst forth, followed almost immediately by the explosion of the shells, which filled the air with fragments, that fell in perfect shower around the retreating boat, but fortunately injuring none of its crew. As the first streak of flame mounted upwards the "long roll sounded at the Navy Yard, the soldiers stationed there turned out in haste, the engireached the shore in safety; the crew disembarked, and proceeded to the Fort to receive burning dock. All night long the fierce element sped on its work of destruction, and when of the dry dock, which cost the Government

> THE PENNSYLVANIA RAILBOAD.—The Pennsylvania Railroad Company have recently advanced the rate of freight on flour from Cincinnati to Philadelphia, from \$1 to \$1 10 per bbl., and wheat from 47c. to 55c. per 100 lbs. This movement, it is alleged, has given much dissatisfaction to the trade, and the subject was considered at a meeting of the members of the Corn Exchange Association, held last Monday. Mr. E. G. James, of the firm of T. Richardson & Co., was called to the chair, who stated that this advance in the rates caused an unjust discrimination against Philadelphia. A committee of six was appointed to investigate the invite the public to call, and we promise not to matter.

Coin Thire. -- Some malicious scoundrel, recently, taking advantage of the temporary absence of Mr. Etla from his variety store in North Second street, succeeding in purloining from that establishment a small box filled with rare silver coins of all denominations and nationalities, being the result of Mr. Etla's numismatic collection for a period of ten or fifteen years, and highly valued by him for its perfection. The instrinsic value of the coins is estimated at \$50. but they would bring a much larger sum if disposed of to the regular coin collectors.

FATAL RAILROAD ACCIDENT. -The remains of a private, whose name we could not learn, belonging to Col. Christ's regiment of Penn's. volunteers, which left here Tuesday morning for Washington, were brought to this city Tuesday night. It appears that the deceased attempted to get on the train while it was in motion at duty to save his life, if possible. Certainly such foot slipped, and he fell under the wheels, which passed over his body killing him instantly.

She was never so recognized as now; we have discovered that she has brain as well as heart; that she can write verses like Mrs. Browning, paint pictures like Rosa Bonheur, and still be all that is gentle and lovable, like Florence Nightingale, or our own benevolent Miss Dix.
