CHARLES & CONTRACTOR OF CONTRACTOR STATES THE PATRIOTISM OF ADOPTED CITIZENS .- The patriotism of adopted citizens in the present crisis is worthy of all praise. They compose large majority of our volunteer forces, who enlist from the citles and large towns. It is perhaps natural that this should be so. Having come to this country to find a home from the social and political oppressions of the old world, and having experienced the superior blessings of our institutions, they are ready to peril fortune and life in their defence. The alacrity with which they come to the aid of the Government, in the hour of its peril, shows that they appreciate its value, and are determined to hand lown to their children unimpaired the Union which has proved a refuge and a shelter to them. Be all this as it may, when this great struggle shall be over and the rebellion crushed. the country will owe a debt of gratitude to its adopted citizens quite as great as that which will be due to the native born. Its safety will have quite as much of the blood of the one as of the other.

Rev. John McCosker, pastor of the Catholic churches at Middletown and Elizabethtown, has been appointed by Gov. Curtin a chaplain in one of the Pennsylvania regiments. The Journal says that it is not known whether the Reverend gentleman will accept the appointment, but the editor adds that honor could not have fallen upon a worthier recipient. #### ATTORNEY GENERAL'S OFFICE, HARRISBURG, Sept. 27, 1861.

My opinion is requested by the Governor on the following questions, viz :

I. What volunteers will be entitled to vote at the approaching general election in their camps ?

II. Whether the volunteers so entitled to rote, can vote for County officers?

I. I am clearly of the opinion that no vol inteers will be entitled to vote in their campe, except such as are in actual military service in conformity with law, viz: Such as are in ser-vice under the authority of the Governor on the requisition of the President of the United States. All the field officers of such regiments will be commissioned by the Governor, and the holding of such commissions by the field offi-cers will be a fair test of the right of the regiment to vote.

II. The Act of Assembly provides that the volunteers may exercise the right of suffrage; of course they have as much right to vote for County officers as for any other. W. M. MEREDITH,

Attorney General.

"Since writing the above an additional question has been propounded to me, viz : Where men from several counties are in the same com pany, what course should be pursued? I am of opinion that in such cases there should be separate ballot-boxes, tally lists &c., for each county, and the votes should be returned. To each county, of the voters entitled to vote in

such county." W. M. MEREDITH, Attorney General. Sept. 28, 1861. Sept. 28-d6t.
