DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has ellected some of the most astesiabing cures that were ever known. Many troubled with ringing in the ears and head when asloop, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with devange ment of mind were cured immediately.

What a pity that a young man, the uopes of his country, the darling of his parents, should be snatched from

Indeed without theo, the journey through life becomes a weary pligrimage; the prospect hearly darkens to the view; the mind becomes sundowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own. DR. JOHNSON'S INVIGORATING REMEDY FOR OR GANIC WEAKNESS.

Surgical operations performed by Dr. J., winnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the affected.

DISEASES OF IMPRIDENCE.—When the responsibility is a presented to the affected. observed mit statistically as a generative of character and responsibility, is a millicitient guarantee to the afficient.

DIMEASES OF IMPRODENCE.—When the misguided and imprudent votary of piesaure finds he has imbibed the scode of this patial disease, it too often happens that an ill-timed sense of shame or dread of discovery determined in from applying to those who, from education and respectability can alone befriead him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the noad, throat, now, askin, sho, progressing on with frightful rapidity, till death puts a poried to his dreadit sufferings by souting him to "that bourne from whence so traveler returns." It is a mothandally fact that thousands full victima to this terrible disease, owing to the unskindiness of known arcoary, ruth the constitution and make the reades of the miserable.

In this unpleasant predigament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray, hair could ever be restored to its original color exception dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and seasibility to the scalp, and dandrul ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it it growing gray or getting baid.
