DR. JOHNSTON,

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the mest eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were eyer known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfuluers, with frequent blushing, attended sometimes with derange ment of mind were cured immediately. TAKE PARTICULAR NOTICE.

Or. J. audresses all these who having injured them selves by private and improper indulgencies, that search and solitary cabit which rdins both body and mind, unditing them for either business or society.

These are some of the sad and molancholy effects produce by early habits of youth, vis: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Paipliation of the Heart, Dyspepsis, Nervous Irritability, Derangement of the Digestive Functions, General Deblity, Symptoms of Consumption, Mo.

MENTALLY. MENTALLY, the fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas; De-pression of Spirits, Evil Forebodings, Aversion to Scoti-ty, Self-distrust, Love of Solitude, Timidity, &c., are some of the ovil offects.

of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and sympms of consumption.

YOUNG MEN

Who have injured themselves by a certain practice, in dulyad in when alone—a habit frequently learned from evil companions, or at school, the effects of which are sightly felt, even when saleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his contry, the darring of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Sub persons must, before contemplating

Indeed without these, the journey through life becomes a weary pligrimage; the prospect hearly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own. DR. JOHNSON'S INVIGORATING REMEDY FOR OR: GANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored. Thousands of the most nervous and deblittated whe had lost all hope, have been immediately relieved. All impediments to Marriags, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion or the most fearful kind, speedily cured.

TO STRANGERS.

TO STRANGERS.

The many thousands cured at this institution within the last twelve years, and the numerous important Burgica operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, actioes of which have appeared again and again before the public, besides his slanding as a gentleman of character and repossibility as a sufficient knarantee to the afflicted.

DISEASES OF IMPRODENCE.—When the misguided and imprudent votary of pleasure finds he has imbilited the seeds of this pathful disease, it too often happens that an ill-timed sense of shame or dread of discovery determined the seeds of this postful disease, and the distinct of the properties of the part of the properties of the dead throat, nose, alto, ac, propressing on with frightful rapidity, till death puts a period to his dreadful sufferings by the death puts a bourne from whence so traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unstitludness of ignorant pretendance, by the use of that deadly poison, mercury, rule the constitution and make the residue of life miscrable. To Stranger,—The Doctor's Lipiomas hang in his coffice.

In this unpleasant predicament, I was induced to try wood's Hair Restorative, mainly to arrest the failing off of my heat, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the failing off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruft ceased to form on my head, very much to the gratification of my wite, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use tif growing gray or getting bald.
