OAKLAND, Ind., 6th June, 1859.

J. O. AIER & Co., Gents: I feel it my duty to acknowledge what your Farsaparilla has done for me. Having inherited a boroful us infection. I have suffered from it in various ways for years. Sometimes it burst out in Ures son my hands and arm; sometimes turned inward and di-tressed me at the stomach. Two years ago it broke out on my head and covered my real pand ears with one sore, which was painful and loathsome beyond descriett. If tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was reloiced to read in the Gospiel Messenger that you had prepared an siternative (Sarasparilla,) for I knew from your reputation that any thing you make must be good. I sent to Chen coats and got it, and used it till it cured me. I took it, as you advise, in smal doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soen began to form under the scab, which after a while fill off my skin is now clear, and I know by my feslings that the discase has gone from my system. You on we'll believe that i feel what I am saying when I tell you, that'll hold you to be one of the a; esties of the age, and remain ever gratefully. Yours,

Alfrigh B. TALLEY.

Sep., 1869, that he has cured an invet rate case of Dropsy, which there are cured an invet rate case of Dropsy, which there are the common to terminate fatalty, by the persevering use of our Sarsipar lia, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Stone of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gettra—a hideous swelling on the neck, which I had suffered from over two years."

Lencorrhoa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in signing I have found your sariaparilla a most excellent alternatives to the numerous complaints for which we employ such a remidy, but especially in Female Diseases of the Scrotholous disthess. I have cured many inveterate cases of Leucorrhos: by it, and some where the complaint was caused by silveration of the steries. The ulceration itself was soon enred. Nothing within my knowledge equals it for these female derangements."
Edwar S Marrow, of Newbury, Ala., writes, "A dangerous coarian tamor on one of the females in my family, which had deten all the remedies we could employ, has at length been completely cured by your Extract of Sariaparilla. Our physician thought nothing but extipaten could afford relief, but he advised, the trial of your Sarsapari la as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1959.

Dr. J. C. ATER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I baye realized with your sixaparilla.

I have cored with it, in my practice, most of the complyints for which it is recommended, and have foun it is effects truly won levial in the cure of Veneral and Mersurial Diseases. One of my patients had syphith ic ulcers in his threat, which were consuming his palitic and the top of his mouth. Your Sursaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his mose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon ream his brain and kill him. But it yielded to my administration of your Sarsaparilia: the ulcers heard, and he is well again, not of course without some disfiguration to his face. A woman who had been treat due the same disord or by mercury was suffered excranating cann in the rjaints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Proparation from your laboratory must be a great remedy; cousing cannity, these truly remarkeble results with the weeks under the surprised me.

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, incipient Consumption, and for the Relief of consumptive Patients in advinced Stages of the Disease

of the Disease

This is a remedy so universally known to a urpass any other for the cure of throat and lung complaints, that it is useless here to outlish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly wonderful cures of nummonary disease, have made it known throughout the civilized nations of the earth.—Few are the bommunities, or even families, among them who have not some personal experience of its effects.—some living trophy in their misst of its victory over the sucties and dangerous disorders of the throat and lungs. As all know the dreauful famility of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtue that it did have when making the cures which have won so strongly upon the confidence of markind.
