Saturday Afternoon, October 19, 1861.

To MILITARY OFFICERS. -- Officers' pay-roll blanks, handsomely printed on fine white paper, according to the prescribed rule, are for sale at this office.

Rev. Joseph Ross, of Middletown, will preach in the Court House to-morrow (Sunday) morning at ten o'clock, and A. H. Shoemaker in the evening, at the usual hour.

REV. GEORGE U. HARN, of Ohio, but formerly of this city, will preach in the Fourth Street Bethel to-morrow (Sunday) morning and even ing. Rev. James Colder, the pastor, will preach county.

PENNSYLVANIA WARBIORS .- There are in the State, between the ages of 18 and 45, the immense army of 507,000 men. Say one-half of them, in case of the greatest emergency, would take the field, and we have an actual fighting

Religious Services at CAMP CURTIN .--- By an arrangement made by the Pastoral Association of this city, religious services are now held at Camp Curtin every stternoon. Rev. T. H. Robinson, of the N. S. Presbyterian Church. will conduct the services to-morrow, commencing at three o'clock. Rev. J. W. Davis, formerly City Missionary, has recently devoted much

A VERY CURIOUS calculation has been made relative to the Union troops on the banks of the Potomac. Taking as a basis the regular allowance of room that is required for a soldier to stand upright, and with his musket at "shoulder arms," and placing them in close single file, it would require the whole roadway from Jersey City to the Capital to form the line. If the same troops had to be reviewed it would take a miles an hour, over fourteen hours to pass along the line of soldiers.

TRANSPLANTING TREES." -This is the best season of the year for transplanting fruit or shade trees of all kinds. Any time in the fall before plant them with trees. The result will amply pay the cost of labor, and yield a thousand per cent. in satisfaction, comfort and beauty. Our farmers are too bare of fruit trees. There shale during the heat of the day under a sumwell be occupied for this purpose.

HE WANTS TO BEAR THE STARS AND STRIPES .-Some poetical genius in the last number of the Bedford Inquirer, under the head of "Longings," let drives at the reader in this manner ;

I long to bear the stars and stripes Across Potomac's wave, And plant them on the golden soil

COLD FEET .- If you have cold feet, immerse them morning and evening in cold water, rub them with a rough towel, and run about your room till they warm. In one month you will be entirely relieved. All these red pepper and nustard applications are like rum to the stomch-relieve you to day, but leave you colder o-morrow.

HIS NAME .--- The name of the unfortunate soldier recently killed on the Cumberland Valley Railroad, noticed in the TELEGRAPH, was Myers. He was a member of Col. Stambaugh's regiment, and was from Luzerne county, in this State. A man named John Over, of New ville, was also badly beaten while on the cars,

and was taken home, his wounds being of a very dangerous nature.

ANOTHER NEW COUNTERFEIT. -- New counterfeits appear to multiply at the present time with great rapidity. Counterfeit 5's on the ing. nev. sames content, and passed, and proved Allegheny Bank of Pittsburg, Pa., have been circulated in Philadelphia and elsewhere for the last few days. > FIRE .- The alarm of fire about 8 o'clock last night was occasioned by the appearance of a

bright light in the northern houizon above the city. The fire bells sounded a general alarm, and the entire fire department, including the Friendship "steamer," were promptly in motion towards the scene of the supposed conflagration. When the apparatus of the several companies got as far as North street, however, the light had subsided, to the evident regret of our "fire of his time in caring for the spiritual interests boys," who are fairly "spilleg" for a chance to of the soldiers, and we are glad to learn that there are many indications of good results. to have originated from the Burning of a brush

THE "FEMALE SOLDIER." - Miss Faller-the 'female soldier boy" who raised the false report of the attempted assassination of Col. Knipe, at the Darnestown camp-was in town yesterday afternoon, stopping at one of our hotels. She still wore the breeches, which, with a brown lindsey wool shirt, and a military cap Railway train, going at the rate of sixteen the "boy" to perfection. A correspondent of a Sunbury paper brings a serious charge against some of the ladies of that ancient borough. It appears he recently entered a mystic circle where he found four young ladies seated in a circle with a spittoon in the centre, each one industriously engaged in applying snuff to the gums, teeth, &c., with a splintered whalebone, gums, teeth, &c., with a splintered whalebone, and occasionally one of the fair ones would stoop over and "spit," after the most approved bar-room style. We have been informed that of this same practice is indulged in to a considerable extent among certain ladies in our city. It is called "snuff rubbing," and the object is stimulation, the same as the "lords of creation" seek in chewing tobacco, smoking, drink ing whisky, &c. It is certainly a most disgust ing practice, and should it become general, young men will make the same objections to marrying "souff rubbers" as young ladies now make to marrying "tobacco chewers."

A WORD ABOUT "TRAMPERS."-The season i here once more when the worthless crew known as "Trampers" flock into the city to prey upon the good nature of industrious people. Of the poor the Lord's poor; and even the poor devils-we have not a disparaging word to say; but of that crew, which emphatically deserves the appellation of the devil's poor, we have this much to say that the person who gives anything to them commits a crime, in that he encourages the worst species of vagabondism known to civilized society, We agree with our friend of the Reading Times in his declaration

that the trampers are a set of thieves, who roam about the country for eight months in the year, stealing the farmers' produce, setting fire to their barns and hay-ricks, and doing damage in numberless ways, until the severity of the weather compels them to make for the towns, when they drag their loathsome bodies from house to house begging, and when their of-times unreasonable demands are refused, abusing women
