47 Wall Street, New York, Dec. 20th, 1868.

Gentlemen: Your note of the 15th inst., has been recieved, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due.—
My age is about 50 years; the color of my bair auturn
and inclined to curl. Some five or six years sixee it began to turn gray, and the scalp on the crown of my head
to lose its sensibility and dandruff to form you it. Bao
of these disagreeabilities increased with time, and about
four months since a fourth was added to them, by hair
falling off the top of my head and threatening to make
me baid.

In this unablest that

foling off the top of my head and threatening to make me baid.

In this unpleasant predicament, I was induced to try wood's Hair Restorative; mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandred ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting baid.

Yery respectfully, BEN. A. LAVENDER.
