Medical

FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-joined varieties of Discuse: Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases

Blains, and all skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inbertied a Scorfollous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcer's on my hands and arms; sometimes turned in ward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and louthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gespel Messenger that you had prepared an ellernative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Chiennati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bettles. New and healthy skin soen began to form under the scab, which after a while fell off my skin is now clear, and I knew by my feelings that the disease has gone from my system. You en well believe that I feel what I am saying when I tell you, that I hold you to be one of the a costles of the age, and remain ever gratefully. Yours.

ALFRED B, TALLEY.

or. Rocert M. Preble writes irom Salem, N. Y., 12th Sep., 1859, that he has cured an invet rate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsapar.lla, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerrar—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your sarsaparilla a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhora by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these temale derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous courtain tumor on one of the females in my tamily, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sursaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your sarsaparilla as the last resort before cutting, and it proved effectual. After taking you remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its iffects truly wonderful in the cure of Veneral and Mercarial Diseases. One of my patients had syphilinic ulcers in his throat, which were conseming his pulsace and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I tellive the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A womin who had been treated for the same disorder by mercury was suffered excrucating cain in her joints and bones. She, too, was cared entirely by your Sarsaparilia a few weeks, I know from its formula, which you agent gave me, that this freparation from your laboratory must be a great romedy; consequently, these truly remarkeble results with the vent surprised me. NEW ORIEANS, 25th August, 1959.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

DYSPEPSIA, Liver Complaint, Fever and Ague, &c.

The successful introduction and use of this celebrated kennedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gallon keg, until this word "Bitters" is but another name for "grog," or some villanous whiskey mixture.

But the really great relief derived from the minute dose, one teaspoonful, of our medicine,

BERHAVE'S HOLLAND BITTERS, BIGHMAVE'S HOLLAND BITTERS, and the entire absence of offer prostration, has established for it a reputation which the bost of imitations and counterfeits have failed to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

It is a medicine of iong-tried efficacy for Purrying the Blood, so essential for the foundation of good health and for correcting disorders of the stomach and bowels.

Two or three doses will convince the afflicted of its aslutary effects. The stomach will speedily regain its strength, a healthy action of the liver, bowels and kilneys will soon take place, and renewed health be the quick result.
