give it.

I award it to you cheerfully, because I think it due.—
My age is about 50 years; the color of my hair auburn,
and not ned to curl. Some five or six years since it befat a time gray, and the scalp on the crown of my head
it is enability and dandruff to form upon it. Each
of case or sagreeabilities increased with time, and about
four agents and an account was added to them, by hair
failing off the top of my head and threatening to make
me bald.

falling off the top of my head and threatening to make me baid.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for 1 had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two boiles only, that not only was the falling off arrested, but the color was restored to the gray hairs and seasibility to the scale, and dandruft ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, a strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting baid.

Very respectfully, BEN. A. LAVENDER.

WOOD'S HAIR RESTORATIVE.

PROF. O. J. WOOD: Dear Str: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligation to you is giving to the afflicted such a treasure. The restorative is put up in bottles of three sizes, viz: large ned um, and small; the small holds half a pint, and results for one dollar per bottle; the medium holds at less twenty per cent more in proportion than the statis, retails for two dollars per bottle; the large holds at 10.11, 40 per cent more in proportion, and retails for \$3.

# AYER'S SARSAPARILLA

FOR PURIFYING THE BLOOD. ND for the speedy cure of the sub-joined varieties of Disease:

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859. OAKLAND, Ind., 6th June, 1809.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on may hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago ward and distressed me at the stomach. Two years ago it broke out on my head and covered my scale and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Gincunnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy ski soon began to form under the scab, which after a while foll off my skin is now clear, and I know by my ftelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the alposites of the age, and remain ever gratefully. Yours,

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes irom Salem, N. Y., 12th Sep., 1869, that he has cured an invetrate case of Dropay, which threatened to terminate fatally, by the persevering use of our Sarsaparlis, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptons by it constantly. Bronchocele, Goitre or SwellediNeck. Zebulon Sloan of Prospect, Texas, writes: "Three bob-ties of your Sarsaparilla cured me from a Gerras—a hid-cous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Kemale Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in stying I have found your sarsaparilla at most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in \*Female Diseases of the Scrofulous disthesis." I have cured many inveterate cases of Leucorrhoaby it, and some where the complaint was caused by alceration of the interest. "The ulceration itself was soon cured. "Nothing within my knowledge equals it for these female derangements." Reward S. Marrow, of Newbury, "Ala., writes, "A dangerous courant humon on one of the females in my family, which had defied all the remedies we coald employ; has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your sarsaparilla as the last resort before cutting, and the reaking your remedy eight weeks no symptom of the disease remains."

New Oblines, 25th August, 1959.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to your some of the effects I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the care of Veneral and Mercurial Diseases. One of my patients had syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in rive week. Another was attacked by secondary symptoms in his nosse, and the ulceration had eat en away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again; not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poisso in her bones. They had become so sensitive to the weather that on a damp day she suffered excructating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla: a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have net surprised me.

Fraternally yours.

Dr. J. C. Afre: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stock to me in spite of all the remedies I could fin, until I fried your Sarsaparilla.

One bottle cured me in two weeks, and restored my general health so much that I am far better than belove I was attacked. I think it a wonderful medicine.

J. FREAM.

Jes Y. Getcheil, of St. Leuis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing sailed to relieve me; and I have been a broken down man for some years from no ther cause than devangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because the said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be cald of you is not half good enough."

chirrus, Cancer Tumors, Enlargement Ulceration, Caries and Exfoliation of the Bones

A great variety of cases have been reported to us where cures of these formidable complaints have result form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimula's the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

of the Disease

Ethis is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease; have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know; too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

THE successful introduction and use of this celebrated Remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gallon keg, until this word "Bitters" is but another name for "grog," or some villanous whiskey mixture.
