AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. ND for the speedy cure of the sub-joined varieties of Disease :

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Kruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OALLAND, Ind., 6th June, 1859.

J. C. AYES & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uicers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Geopel Messenger that you had prepared an siternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Chermant and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soen began to form under the scab, which after a while fell off my skin is now clear, and I knew by my feelings that the disease has gone from my system. You on well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the sge, and remain ever gratefully. Yours.

Dr. Rocert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an investrate case of Drogge, which threatened to terminate fatally, by the persevering use of our Sarsapar.ila, and also a dangerous attack of Maignant ary sipelase by large doses of the same; says he cures the common Kruptions by it constantly.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in s-ying I have found your Sarsapartils a most excellent alternative in the numerous complaints for which we employ sum a remedy, but especially in Female Diseases of the Scrofitious disthesis. I have cured many inveterate cases of Lencorrhoa. by it, and some where the complaint was caused by electricion of the sterius. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous courion Yawnor on one of the females in my tamily, which had delied all the remedies we could employ, has at length been completely cured by your Extract of Sarsapartila. Our physician thought nothing but extipation could afford relief, but he advised the trial of your sarsaparila as the last resort before cutling, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Oblems, 25th August, 1959.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects in have realized with My our Saraparilla.

I have cured with M, in my practice, most of the complaints for which its recommended, and have found its effects truly wonderful in the cure of Feneral and Mercurial Disease. One of my patients had syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Saraparilla, steadily taken, oured him in five week. Another was attacked by secondary symptoms in his nose, and the ulcerstice had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Saraparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated to the same disorder by mercury was suffering tom this poison in her bones. They had become so sensitive to the weather that on a damy day she suffered excruciating min in her joints and bones. She, too, was coursed entirely by your Saraparilla in a few weeks. I know from its formula, which you agent gave me, that the Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.
