A ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors. Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ares & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scaip and ears with one sore, which was painful and losthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had Jrepared an alternative (Sarsaparilla) for I knew from your reputation that any thing you made must be good. I sent to Chodinast and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin scen began to form under, the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I held you to be one of the a castles of the age, and remain over gratefully. Yours.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channiag, of New York City, writes; "I most cheerfully comply with the respect of your agent in seying I have found your sarsaparilia a mo-texcellent alternative in the numerous complaints for which we employ such a remedy, but especially in Fepale Diseases of the Scrödlous disthesis. I have cured many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my showledge equals it fur these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous couries tesmor on one of the females in my ismily, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparila as the last resort before cutting, and it proved effectual. After-taking your remedy eight weeks no symptom of the disease remains."

New Orleans, 26th August, 1959.

Dr. J. C. Ayen: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have callised with your isaraparilla.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Veneral and *Marcurial Diseases*. One of my patents bad hyphilitic ulcers in his throat, which were consuming his pelate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in thre week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the disorder would soon reach his brain and kill him. But it yielded to they administration of your Sarsaparilla: the olders healed, and he is well again, not of ocurse without some dadguration to his face. A woman who had become as treated for the same disorder by mercury was suffering from this poisso in her bones. I hey had become as censitive to the weather that on a damp day she suffered exercitating main to her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Proparation from your laboratory must be a great remedy; consequently, these thuly remarkeble results with it have net surprised me.

Retermally yours,

INDEPENDENT, Proctor Co., Va., 5th July, 1859.

DR. J. C. Atra: Str., I have been afflicted with a painful chronic Rheumatism for a long time, which haffled the skill of physicians, and stuck to me in spite of filting remedies I could fin , until I tried your Barsaparila.—

One bottle cured me in two weeks, and restored my general health so much that I am far cetter than before I was attacked. I think it a wonderful medicine.

J. FREAM.

Jules Y. Getcheil, of St. Leuis. writes: "I have been afflicted for years with an affection of the liver, which destroyed my health. I tried every thing, and every thing saided to relieve, me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me try your Sarsaparrilla, because the said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feed young again. The best that can be said of you is not half good enough."

Ulceration, Caries and Exfoliation of

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

This is a remedy so universally known to surpage any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly, wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the carth.—

Iew are the communities, or eyen familias, among them who have not some personal experience of its effects.—

some living trophy in their miost of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, to, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
