AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

ND for the spaedy cure of the sub-joined varieties of Disease: Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: Licel it my duty to acknowladge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Choinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soen began to form under the scale, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the a ostles of the age, and remain ever gratefully. Yours, OARLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Rouert M. Preble writes from Salem, N. Y., 12th Sep., 1869, that he has cured an invest rate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsapar.lla, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zabulon Stoan of Prospect, Tras, writes: "Three bottles of your Sarsaparilla cured me from a Gerrar—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the respect of your agent in saying I have found your sarsaparilla a mot excellent atternative in the numerous complaints for which we employ such a remedy, but especially in female Diseases of the Sorofulous diathesis. I have cured many inveterate cases of Leucorrheas by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was sooid cured. Nothing within my knowledge equals it if these female derangements."

Edwarp S. Marrow, of Newbury, Ala., writes, "A dangerous ozarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cuting, and it proved effectual. After taking your remedy eight weeks no symptom of the desase remains." Uterine Ulceration, Female Diseases.

I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than degreement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsparrilla, because the said he knew you, and anything you made was worth trying. By the bleasing of God it has cured me. I feel young again. Manyremarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its univalied excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made; known throughout the divilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their miost of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not omore than to assure them that it has now all the virtue; that it did have when making the cures which have won so strongly upon the confidence of markind.
