Peunsylvania Waily Telegraph, Friday Morning, November 1. 1861.

THE WEATHER is beginning to feel decidedly winterish. Closed doors, coal fires and woolen ulothing are coming in fashion again. Yesterday morning we had a heavy white frost, which lay apon the roofs of the houses on the shady side of the way for two hours or more after sunrise, and looked as though it was snow.

GREAK DOWN AND SMASH UP.-The cattle train on the Pennsylvania Railroad had a small smash up, on Friday night last, somewhere in the Narrows, between Lewistown and Patterson. The breaking of an axle was the first act; the breaking of a rail, and a general heaping up of cars the consequence. Two head of cattle were killed outright, and several had legs broken and were otherwise injured. Fortunately no human ives were lost.

LIEUT. COL. STEPHEN MILLEE, of the First Minnesota regiment, has been confined to his room in the Jones' House in this city for several weeks, seriously ill with the Camp Fever. We are glasi to learn, however, that within the last prohibited in all the camps. The Sutlers are tew days he has been gradually improving in not even allowed to sell it to the officers. But his condition, which lead his friends to entertain the strongest hopes of his speedy recovery, and restoration to his regiment, now gallantly engaged defending their country's flag on the in the form of "The Soldier's Friend.' -----GIRL MISSING .- William Cloud, of Bernville. Berks county, advertises for information about his daughter Sarah, who left her home in February last, and resided for sometime with Mr. Amos Huber, in Roseville, Lancaster county, under a fictitious name. She left Mr. Huber on the 2d of September last, with an old calico frock on, but without shees or bonnet. Nothing has since been heard of her, and her parents will be thankful for any information by which they may discover where she is.

PARTRIDGE SHOOTING .- The season for this most exhilerating of all sports, is here, and the disciples of Nimrod are beginning to improve their opportunities. In the country now almost every hour- in the day, crack ! crack ! goes some rusty "fusees" in the hands of sportsmen. Parties of sportsmen with their trained "Pointers," which is an indispensable requisite to the hunter, who wants tither sport or game, leave the city every morning and return in the evening with their game-bags well filled with those delicate little birds, plump and fat as butter.

THE NEW BISHOP .- The Protestant Episcopal Convention of the Discess of Pennsylvania, on Thursday, elected Rev. William Bacon Stevens, the Rector of St. Andrew's church, Philadelphia, to the office of Assistant Bishop, made vacant by the leath of the lamanted Bishop Bowman, Although the choice is regarded as a triumph of the Evangelical or Low Church party, Dr. Stevens is known to be no active partizan, and his piety and qualifications are acknowledged even by those opposed to his election.

KNIT MITTENS FOR THE SOLDIERS .- An officer from West Point, who commands one of the finest regiments in the service, suggests that woolen mittens for the soldiers will be greatly needed when the cold weather begins. Will not all who can employ themselves in this way help to furnish five hundred thousand pairs .-They should be knit with one finger, to allow a free use of the first finger and thumb. It is

IN TOWN.-Hon. Alexander Ramsey, Governor of Minesota, was in town yesterday, stopping at the Jones' House. He has just returned from Washington, where he has been looking after the interests of the gallant troops from his State, some of whom have participated in every notable engagement with the enemy in eastern Virginia since the commencement of the rebellion. The Governor is looking remarkably well; and throughout the day was visited by a large number of his old personal friends in this city, who warm ly welcomed him back to the scene of his early trials and triumphs, and congratulated him upon his recent re-election to the gubernatorial chair of his adopted State.

HANDSOME SERENADE. - The fine band attached to Col. Brook's regiment at Camp Curtin visited the city last night and favored a number of our citizens with a handsome serenade. Among the places visited was the residence of Mr. John Killow, in Pine street, where they discoursed delightful music, and were sumpteously entertained. From here the serenaders repaired to the residence of the "local" of the TRLEGRAPH, and awakened his slumbers by performing several lively and spirited airs, which, swelling out on the stillness of night, had a remarkably fine effect. The band is composed of 'excellent musicians, who will not only give eclat to their fine regiment, but by their excellent performances, in-pire the men composing it to deeds of noble daring in the great contest for the Union, in which they are soon to participate.
