# AYER'S SARSAPARILLA. FOR PURIFYING THE BLOOD.

Scrofula and Scrofulous Affection such

as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all 8kin Diseases.

DANLAW, Ind., 6th June, 1859.

J. C. Ayre & Co., Gents: I feel it my, duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Utiers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much rollef from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew irom your reputation that any thing you made must be good. I sent to Guennati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles! New and healthy sku soen began to form under the scab, which after a while fell off my skin is now clear, and I knew by my feelings that the disease has gone from my system. You on well believe that I feel what I am saying when I tell you, that I hold you to be one of the at ostles of the age, and remain ever gratefully. Yours.

ALFRED B. TALLEY. OAKLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head

Bronchocele, Goitre or Swelled Neck. Zebulon Stoan of Prospect, Texas, writes: "Three bol-les of your Sarsaparilla cured me from a Gerrus—a hid-ous swelling on the neck, which I had suffered from your two years."

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your saxsparilla a mot excellent alternative in the numerous complaints for which we employ such a remady, but especially in Female Diseases of the Sorofulous disthests. I have cared many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself, was soon cared. Nothing within my-knowledge equals it if it these (emale derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous coariest tempor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physisian thought nothing but extipation could afford relief, but he striked the trisf of your Sarsaparilla as the last recort before cutting, and ip proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Ryphilis and Mercurial Disease.

New ORLAMS, 25th August, 1959.

Dr. J. C. AYEE: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your sarmaparilla.

I have oursed with it, in my practice, most of the comple nts for which it is resommended, and have found its effects truly wonderful in the cure of \*\*Fancal and Mercurial Diseases.\*\* Use of my patients had syphilitic ulcers in his throat, which were consuming his palate, and the top of his mouth. Your Sarsaparilla, steadily taken, outed him in five week. Another was attacked by secontary symptoms in his nose, and the plocration had eaten away a considerable part of it, so that I belly-by the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poises in her bones. They had become so sensitive to the weather that on a damp, day ahe saffered excruciating pain in her joints and tones. She, too, was ourced entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from yohr laboratory must be a great remedy; consequently, these truly remarkeble results with it have net surprised me.

Dr. J. C. Afre: Sir, I have been afflicred with a jainful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin, intil I tried your Sargaparilla.—One bottle cured me in two weeks, and restored my goueral health so much that I am far better than, before I was attacked. I think it a wonderful medicine.

J. FREAT

Jules Y. Getchell, of St. Leuis, writes: "I have afficted for years with an affection of the Liver, which descroyed my health. I tried every thing, and every thing islied to relieve me; and I have been a broken down man for some years from no ther cause than demandance if the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. A great variety of eases have been reported to us where curse of these formidable complaints have resultioned the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all, who call for them.

sy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. Its stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced stages of the Disease

Of the Disease

This is a remedy so universally known to surpage any other for the cure of throat and ung complaints, that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly wonderful cures of pulmoanty-disease, heyp; inned; known throughout the civilized nations of the earth.—Few are the communities; or "wen amilias," among them who have not some person, experience of its effects,—sime living trophy in their, minst of its, victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadint famility of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtue. that it did have when making the cures which have won so strongly upon the confloctor of mankind.
