'AYES & Co., Gents : I feel it my duty to acknowl-sidge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes turned in-ward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. Itried many medicines and several physi-cians, but without much relief from any thing. In fact, the disorder grew worse. At length 1 was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your rep-uation that any thing you made must be good. I sent to Ok it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn scon began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the discase has gone from my system. You con well believe that I feel what I am saying when I tell you, that I hold you to be one of the a jostles of the age, and remain ever gratefully. Yours, ALFRED B, TALLEY.
