AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ather & Co., Gents: I feel it my duty to acknowladge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcer's on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Measenger that you had prepared an siternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soen began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the acostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

Dr. Rooert M. Preble writes from Salem; N. Dr. J. B. S. Channing, of New York City, writes; "I most obserfully comply with the respect of your agent in saying I have found your sarsaparlia a most excellent attenative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Serofulous disthess. I have curred many inveterate cases of Letocornhon by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Kewaru S. Marrow, of Newbury, Ala., writes, "A dangerous coardan tumor on one of the females in my family, which had defice all the remedies we could employ, has at length been completely cured by your extract of Sarsaparitia. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your sarsaparilla as the last resort before cuting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

NEW ORLEAMS, 25th August, 1959.

Dr. J. C. Ayrs: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cealized with your sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of \*Veneral and \*Mercurial Diseases\*. One of my patients had dypoint is one in his throat, which were consuming his plates and the top of his mouth. Your Sarsaparilla, steadily taken, oured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I telieve the disorder would soon reaon his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman wan had been treated for the same disorder by mercury was suffering from this poison in her bouss. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and cones. She, too, was cured entirely by your sarsaparilla in a few weeks, i know from its formula, which you agent gave me, that this Proparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Rheumatism, Gout, Liver Complaint. 

Jules Y. Getcheil, of St. Leuis. writes: "I have been afficted for years with an affection of the liver, which descroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. Wy beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrills, because the said he knew you, and anything you made was worth trying. By the bleasing of God it has cured me. I feel young again. The best that can be said of you is not half good enough."

A great variety of cases have been reported to A great variety of cases have been reported to us where cures of these formidable complaints have resultform the use of this remedy, but one space here will not admit them. Som of them may be found in our Amer can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and img complaints, that it is useless here to publish the cyidence of its virtues. Its univalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the ovvilized patiens of the earth.—Few are the communities, or even families, among them who have not some personal experience, of its effects,—some living trophy in their might of its victory over the subtle and can gerous disorders of the throat and lungs, as all know the dreautul fatality of these disorders, and as they know, too, the effects of this remedy, we need not to more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
