Having inherited a Scrotul us infection, I have suffered from it in various ways for years. Sometimes it burst out in Uice s on my hands and arms; sometimes it burst out in Uice s on my hands and arms; sometimes it urned in-ward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physi-cians, but without much relief from any thing. In fact, the disorder grew worse. At length I was: reloiced to read in the Gospel Messenger that you had prepared an sliernative (Carsaparilla,) for I knew irom your rep-uation that any thing you made must be good. I sent to Canomati and got it, and used it till it cured me. I took it, as yon advise, in smail doese to a teaspooffal over a month, and used almost three botties. New and heatiby she soen began to form under the soah, which after a while foll off my skin is now clear, and I knew by my fielings that the discuse has gone from my system.
