The operation was successfully perormed by Dr. John Atlee, jr , of Lancaster, and Mr. Flannigan is now doing well and in good spirits.

GOVERNMENT HORSES --- About one thousand government horses are to be distributed throughout Cumberland and Dauphin counties, to be fed and taken care of. A number of farmers in this vicinity have made arrangements to "fodder" the animals at the above rates.

D. N. PARKER, general agent for the Washington Map of the United States, is still in our county canvassing and forming agencies in the several townships and boroughs. The agents are reported to be doing an excellent business. We are glad to see the work so universally subscribed for by our farmers and others. JUNE 9, 1860.—The next of our convalescents is the case of acuterheumtism before you at our clinic ot May 26th, which I theu called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain dones every two hours for four days. The patient has got along very nicely, and is now able to alk about, as you see. I do not hesizate to s.y that I have neves seen as severe a case of acute rheumatism so soor restored to health as this man has been, and without being prepared to decide positive .y as to the val-ue of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chioride of Propylamile, the paients have resained their health much earlier than under the treatment ordinarily pur-sued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the, Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medcal authority in this country, and makes it unnecessary to give numerous certificates from astquished doctors and rejoicing patients. \_\_\_\_\_\_ : J (**J** A SPEEDY CURE.
