Blains, and all skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Aths & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having otherited a Scroful Jus infection, I have suffered from it in various ways for years. Sometimes it burst out in Utee's on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was reloiced to read in the Gospel Messenger that you had prepared an siternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Chennati and got it, and used it till it cured me. I sook it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soon began to form under the scab, which after a while fill off my skin is now clear, and I know by my feelings that the disease has gone from my system. You c.n well believe that feel what I am saying when I tell you, that I hold you to be one of the acostles of the sge, and remain ever gratefully. Yours,
