HARRISBURG, PA. Wednesday Morning, November 20, 1861.

TO ARMY OFFICERS.—Blank pay rolls and furloughs handed out according to the army regulations, on fine white and durable paper, are for sale at this office.

ACQUISITION ON GOVERNOR CURTIN.—A requisition was recently received by Governor Curtin from the Governor of Missouri, asking for the return to St. Louis of the delinquent government contractor, Nicholas Walton, now in the custody of the police authorities at Pittsburg. Of course the requisition was granted, and Mr. Walton is now on his way to St. Louis.

THE GOVERNORS OF nineteen States have designated the day for the celebration of the anniversary Thanksgiving. In Maine and Massachusetts it will be observed on the 21st inst., and in the following named States, Thursday, the 29th inst., has been named as the day: New York, New Hampshire, New Jersey, Pennsylvania, Illinois, Indiana, Ohio, Wisconsin, Minnesota, Connecticut, Vermont, Rhode Island, Kansas, Maryland, Kentucky and Delaware.

A PARAGRAPH CAPTAIN.—Rev. W. A. Taylor, of Beaver county, a Methodist minister, is the Captain of a volunteer company at Camp Curtin. Last Sunday he was invited to fill the pulpit in the West Harrisburg Methodist Mission church. He accepted the invitation, and preached his company to the church, before whom and a large congregation of our citizens, he delivered one of the most eloquent and effective sermons we have heard for a long time. The Reverend Captain is deservedly popular with the men of his company, not one of whom would hesitate a moment to risk life in his behalf.

MILITARY MATTERS.—Col. Power's Zouave Regiment left Monday night for Washington. Col. White's Regiment also moved southward last evening. Colonel Wilson's and Maxwell's Regiments still remain at Camp Curtin. They are daily receiving recruits, and expect to be under marching orders some time next week. We append a list of the field officers of Col. White's Regiment—the regiments of Col. Power, Wilson and Maxwell, not having yet made a return of their officers to the State Department: FIFTH REGIMENT. Colonel, Richard White, Cambria; Lieut. Colonel, Frank T. Bennett, Schuylkill county; Major, Jno. H. Miller, Bedford; Quartermaster, Fred. M. George; Surgeon, David Merret, Philadelphia; Assistant Surgeon, Ramsay, Chester.

The Brooklyn Daily Times is responsible for the following: WANTED. One hundred and seventy fine young men, of all shapes and sizes, from the tall, graceful dandy, with hair enough on his upper works to stuff a barber's cushion, down to the little humped-up, freckled face, bow legged, carrot headed upstart.

The object is to form a gapping corps, to be in attendance at the various church doors on each Sabbath before the commencement of divine service, to stare at females as they enter, and make delicate and gentlemanly remarks about their person and dress. All who wish to enlist in the above corps, will appear at the various church doors, next Sabbath morning, where they will be duly inspected and their personal appearance, and quantity of brains registered in a book kept for that purpose and published in the newspapers. To prevent a general rush, it will be well to state, that none will be enlisted who possess intellectual capacities above that of a well bred pig.

STATE EDUCATIONAL CONVENTION.—This body, to be composed of representatives of the colleges, academies, seminaries, normal schools, and common schools of the State, will assemble in Harrisburg at nine o'clock A. M. on Tuesday, Nov. 26th, and continue in session on the 27th, 28th, and 29th.

The authorities of the Pennsylvania Railroad Company, the Reading Railroad, the North Pennsylvania Railroad, and the Sunbury and Erie Railroad, have agreed to issue excursion (half price) tickets to persons desirous of attending to be good from the 23d of November till the 2d of December, both inclusive. It is expected that the other railroad companies of the State will exhibit the same liberality.

LIST OF SUBJECTS FOR CONSIDERATION.

See Professor Wood's advertisement in another column.

ATTEMPTED INCENDIARISM.—We understand that an attempt was made lately to fire the stables used by the Adams Express company, in Strawberry alley near Fourth street. We could not learn the particulars.

LOOK OUT FOR HIM.—A gentleman desires us to call attention to a sanctified vagabond in the uniform of a volunteer chaplain, going about to devour charitable people by begging for sick soldiers. Another knave is circulating in a colonel's uniform, obtaining money on false pretences. He represents himself as being connected with the Sixteenth United States Infantry, and sometimes with the Twenty-Sixth Pennsylvania regiment, and others. Look out for him! The police are on the scent.

NEWSPAPER BLANKETS.—Our readers may remember the item which ran through the newspapers several months ago, to the effect that a newspaper laid through the bedclothes added greatly to the warmth of the covering. We attached little weight to this statement, but intelligent persons inform us that it is really true, and that a paper under the counterpane or under the jacket is very effective in keeping the body comfortable. The texture of the paper is so close that it keeps in the bodily warmth better than cloth.

COURT PROCEEDINGS.—Court met at 8 1/2 o'clock a. m., and disposed of the following cases.

"BY THE LEFT (OR RIGHT) FLANK, MARCH!"—An article recently appeared in the Washington National Intelligencer, under the above caption, which has attracted considerable attention in circles. The article is signed with the initials "R. T. C." understood to be Robert T. Cooper, of western Pennsylvania, now a captain in Col. Wilson's regiment, stationed at Camp Curtin, near this city. Captain Cooper has made military science the subject of his study for a number of years, and his opinions therefore are entitled to more than ordinary consideration. He maintains that the command we have quoted at the head of his article is not only arbitrary but absurd, and then proceeds to illustrate his position as follows: Armies, battalions, companies, platoons, sections, &c., have each a front and rear direction for marching. These four (excepting the oblique, which are mere modifications of the oblique) comprise all, and are the only directions a body of men can march. In each of the instances given in the second paragraph of the article, given in the command should be, "By the front, march!" For proof let us pursue the subject a little further. If the command, "By the left flank," as practised when a march to the right is desired is a proper one, then the command, "By the right flank," when a march to the rear is desired, must also be proper. But that cannot be for a company faced to the front is ordered to march by the right flank, and faces at once to the right and steps off; you want it to march in a direction opposite to your left front and command again, "By the right flank, march!" Here your man, if permitted to think, are confounded; they are already marching by the right flank, and how can they march with and among themselves; "we do it more or better than it is being now done." This command should have been, "By the rear, or by the rear rank, march!"

But I have, I think, a conclusive argument against these extra flank-marching orders. It may happen that a Colonel marching his regiment by the front in-line of battle wishes to play into column on the march doubled on the centre. This may be easily done, and I can conceive a time when it would be a movement of great importance; for he is then prepared at any moment, by company wheels to the right and left, to throw his command into moving or fixed square or squares, as the imminence of the occasion might require. Of course the two companies (forming the first division) continue to march square to the front. The battalion faces and marches inwards. By the time the companies just now immediately on the right and left of the first division came in contact, the second division is formed at half distance, which is the proper distance for forming square on a march by the left flank; the left company on a march by the left flank; the left company on a march by the right flank. Here they are, then, facing each other in files. If a halt takes place distance is lost. Will the favorite command, "By the left flank, march!" answer in this dilemma? No; for both companies, according to the rule that obtains so universally now, would face to the left and march away in opposite directions. At a critical moment this would produce inconceivable mischief, if not three simple disaster. But there is a remedy in march! It is given either by the respective captains, or by the senior captain, who properly commands the division, as soon as it has entered the column, while the junior is taking position in the centre on the right of the left company. Other instances of the error equally palpable might be given; but for the present let these rest.

NEW HOSPITAL.—The government has leased the West Harrisburg Mission church for a hospital, and the building is now undergoing the alterations necessary to suit it for that purpose. THE FIRST CITY ZOUAVES.—At a recent meeting of the First City Zouaves, the following resolution was unanimously adopted: Resolved, That we as a company do greatly regret that owing to the business engagements of our much esteemed late Capt. O. A. Bannart, he was reluctantly compelled to resign his Captaincy. We hereby tender to him our sincere thanks for the valuable and efficient labor which he has bestowed on us, and by which we were enabled to make so much satisfactory progress during the time we were trained and drilled under his skillful hand. [Extract from the Minutes.] GEO. W. PARSONS, Sec'y.

LARGE TUMOR.—On Saturday last Dr. J. W. Haldeman, of Newville, removed from the body of Mrs. Stichter, (who died the night previous near Blosserville), a tumor measuring in length nineteen inches, and in circumference about twenty-one inches, and weighing forty-one pounds. It was about eighteen months in attaining this enormous size. It commenced on the left side, and is called an Ovarian tumor.—Besides the above, which we believe is one of the largest ever seen or heard of, there were several smaller tumors upon the liver, among them one weighing between two or three pounds.

COUNTRY BAR-ROOM.—Having say the only temple of true liberty in this world is the bar-room of a country inn; and institution where you may pull off your formality with your boots, roll up your trousers with your care, and puff away at your troubles with your pipe, without any fear that a brooding devil will draw your attention to the carriage of dark complexioned frowns remind you of the injurious effects of tobacco juice on your health. The parlor will do well for those who are brought up under the influence of a man who has once fed on the grass, there is no spot in the world where he can enlarge the area of freedom with less fear of raising an insurrection, than in the snug, cozy corner of a country bar-room.

COME BACK STEPHEN.—Two of the great contributors to southern rebellion and treason, have been captured on the high seas in making their way to England, for the purpose of sowing discord and corruption in that country towards the United States. This is an important capture, (as they are no common sinners), and their crimes call for special punishment. Not only does the law demand it, but the widow and orphan of the North demand it, as well as the country. Permit us on our part to call your attention to a cheap lot of bleached and unbleached muslin—just received from a bankrupt auction sale very cheap. Urwick & Downman, corner of Front and Market streets, no. 18.
