### Medical.

#### DR. JOHNSON

#### BALTIMORE LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPURENOR.

BEHOLD IT IS TO TWENTY FOLD. No Mercury or Noxious Drugs. A CURE WARRANTED, OR NO CHARGE, IF FROM ONE OF TWO DAYS.

Weakness of the Back or Limbs, Stricture, Pains in the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Incontinence of Urine, Dropsy, Hematuria, Gonorrhoea, Syphilis, Langor, Low Spirits, Confusion of Ideas, Prolapsus of the Rectum, Trembling, Dimness of Sight or Blindness, Discharge of the Urine, Affections of the Testes, Prolapsus of the Prostate, Stricture arising from the induration or Solitary Habits of Youth—those dreadful and destructive practices which produce constitutional debility, render marriage impossible and destroy both body and mind.

YOUNG MEN. Young men especially who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men in the most exalted station of life, who might otherwise have embraced listening Senators with the thunders of eloquence, or walked to sea the living lyre, may call with full confidence.

MARRIAGE. Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNESS. Immediately cured and restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and can rely upon his skill as a physician.

Office No. 7 South Frederick street, Baltimore, Md., on the left hand side going from Baltimore street, 7 doors from the corner. Be particular in observing the name or number, or you will mistake the place. Be particular for *Ignorant Quacks*, with false names, or *Painful Humbug Certificates*, attracted by the reputation of Dr. Johnson, lurk near.

All letters must contain a Postage Stamp, to use at the reply.

DR. JOHNSON. Dr. Johnson, member of the Royal College of Surgeons, London, graduated from one of the most eminent Colleges of the United States, and has spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubles with ringing in the ears and head, great nervousness, being alarmed at sudden sounds, deafness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE. Dr. J. cures all those who have injured themselves by private and improper indulgence, that secret and solitary habit which ruins both body and mind, or fitting them for other business or society.

These are some of the most and most necessary cures produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Fainting of the Heart, Dropsy, Nervous Irritability, Nervous Debility, Stricture, Prolapsus of the Prostate, General Debility, Symptoms of Consumption, &c.

MENTALLY. Mentally, the fearful effects on the mind are as much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Denial, Loss of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous, and if not cured, render marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his friends, and the joy of his parents, should be deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating MARRIAGE, effect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the Journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with his own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS. By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated were not only cured, but have been immediately relieved. All impediments to Marriage, Physical or Mental Debility, Nervous Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS. The many thousands cured at this Institution within the last twelve years, and the numerous important surgical operations performed by Dr. J., witnessed by the reports of the papers, and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

DISEASES OF IMPURENOR.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that he consults a quack, or a charlatan, who, by the use of mercury, or other poisonous substances, renders his condition more hopeless than when he first applied to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this terrible disease make their appearance, affecting the head, breast, nose, and skin, progressing on with frightful rapidity, till death puts a period to his dreadful suffering by sending him to "that source from whence all spirits come." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, ruin the constitution, and make the recovery of the sufferer, to strangers.—The Doctor's Diploma hangs in his office.

Letters must contain a Stamp to us on the reply. Remedies sent by Mail. No. 7 South Frederick street, Baltimore. ap13-daily

#### To My Mother.

For the Daily Telegraph.]

Mother, dear mother, I'm thinking of thee, I am thinking of days that are gone, When clasped to your heart, as I sat on your knee,

You would sing that sweet lullaby song: That voice with its music still rings in mine ears.

Thou' long since I heard its sweet tone, And memory flies back, o'er the lapse of long years, Oft, while I sit thinking alone.

I'm thinking, dear mother, as from thee I roam, Of days when in innocent mirth, When all seemed a Heaven, in our once happy home.

As we'd sit round the old family hearth; But changes, sad changes, decreed, we must part.

And I'er the wide world to roam; But memory will oft cause a tear drop to start When I think of the loved ones at home.

But one thought dear mother, gives ease to my pain.

A thought that is mingled with bliss, To know that tho' parted, we may meet again In a world that is brighter than this.

These mother, dear mother, as oft as you pray, To the giver of all earthly joy, Remember there's one, that is far, far away And that one's the wandering boy.

GEORGE L. HALL, Sanford's Opera Troupe.

New SCHEDULE.—On and after Monday, November 25th, the passenger trains on the Pennsylvania Railroad will arrive and depart from this city as follows:

Going Eastward.—Fast Line at 8.45 a. m., instead of 8.00 a. m. as at present, and arrive at West Philadelphia at 1.00 p. m.

Mail Train at 1.15 p. m., instead of 5.40 p. m., as at present, and arrive at West Philadelphia at 5.20 p. m.

Harrisburg Accommodation Train, via Columbia, at 4.00 p. m., instead of 1.10 p. m., as at present; and arrive at West Philadelphia at 9.20 p. m.

Going Westward.—Mail Train, at 7.45 a. m., instead of 7.15 a. m., as at present, and arrive at Pittsburgh at 8.45 p. m.

DESTRUCTIVE FIRE at LINGLESTOWN.—A gentleman just arrived from Linglestown, this county, last night informed us that about one o'clock yesterday afternoon, flames were discovered issuing from the cabinet-making establishment of Mr. D. Ungt, in that village. The alarm was quickly given, and the occurrence being an unusual one in that neighborhood, the town and surrounding country was soon in a state of great commotion. A rickety old fire engine that had not seen the light of day within the memory of the "oldest inhabitant," was brought into requisition, but it was found to leak so bad, and withal, the machinery was so rusty and disjointed as to render it entirely useless. The citizens men women and children, finding this reliance cut off, then diligently applied themselves to extinguishing the flames by the old fashioned method of forming lines and passing buckets of water, which however proved of little avail, and in a short time the entire structure, with all its contents, were a mass of ruins. The building was only erected last fall, and was said to be one of the largest and most complete establishments in the county outside of the city. Mr. Ungt's loss is estimated at \$2,500, upon which there is no insurance. It is not known how the fire originated.

### The Peninsula and North Carolina.

From the Evening Bulletin.]

From various sources we learn that the entire Peninsula between the Chesapeake and Delaware Bays, has submitted to the Union.—Delaware has always been overwhelmingly loyal. The recent vote given by Maryland has amazed the rebels everywhere, and shown that all the noise made for secession there was raised by comparatively few persons. And it now appears clearly that in the eastern shore of Virginia the masses of the people are opposed to the mad schemes that have brought upon them nothing but trouble, interference with their business, interruption in their way to markets, with no intelligible cause for a conflict. They have consequently laid down their arms at the first approach of our troops.

We are not to suppose that these Virginians are destitute of courage. We have no doubt that in a good cause they would fight with the bravery characteristic of our countrymen everywhere. But why should they fight General Lockwood's troops? They have no grievance, no quarrel. There is no earthly reason why the old flag should not fly upon their court-houses, and so the people have willed it.

The news from North Carolina, if fully reliable, is vastly important. We are told that at a Convention held at Hatteras, forty-five counties were represented by delegates and proxies. The Convention have chosen a provisional Governor, who is authorized to originate measures for electing or appointing members of Congress. The ordinance of Secession is declared null and void. The Governor has issued his proclamation ordering an election for the Second Congressional district.

We observe that Governor Peirpont, of Virginia, is in Washington. We earnestly hope that an arrangement may be made to prevent the dismemberment of Virginia. The action of Accomac and Northampton counties is an additional reason for preserving the old commonwealth intact. The time of reason will return, and all Virginia be restored to the Union.

### A FINE EAST TENNESSEAN writes to a Cincinnati paper from one of the camps in Kentucky:

"Are we to stay here always—must we forever stay and guard Kentucky; will we never be allowed to go back to east Tennessee, to our homes, and our destitute, unprotected families?" He expresses an earnest desire to help in the thrashing of Zollcofer on Tennessee soil.

### FROM WASHINGTON.

#### Arrest of the Murderer of Lieut. Col. Van Gerber.

WASHINGTON, Nov. 22. The principal in the recent murder of Lieutenant Colonel Van Gerber, in this city on last Friday, has just been arrested. The evidence against him is very clear. #### The New Military Department.

HEADQUARTERS OF THE ARMY, ADJUTANT GENERAL'S OFFICE, Washington, Nov. 9.

The following Departments are formed from the present Departments of the West, Cumberland, and Ohio:

1. The Department of New Mexico—to consist of the Territory of New Mexico—to be commanded by Col. E. R. S. Canby, U. S.
