PROF. O. J. WOOD'S RESTORATIVE CORDIAL

BLOOD RENOVATOR.

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and atrengthening to the vital powers. It also revivifes, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only proparation ever offered to the world in a popular form so as to be within the reach of all.

So onemically and skillfully combined, as to the most

the reach of all.

So enemically and skillfully combined, as to the most powerful tonic, and yet so perfectly adapted so as to act in Parson accordance with the Laws of nators, and sense so the the weaker stomage and tone up the digestive organs, and allay all invivous irritation. It is also perfectly exhilarating in its elects, and yet it is never followed by lasside - depression of spirits It is composed to the composition of the composition of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOST OF APPETITE, FAINTNESS, NERVOUS IRRICABLITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR,
GIDDIDESS, AND ALL THAT CLASS OF
CASES SO FEARPULLY FATAL CALLED
FEMALE WEAKNESS, AND
IRREGULARITIES.

THERE IS NOTHING ITS EQUAL. Also, Liver Derangements or Torpidity, and Liver cemplaints, Biseases of the Kidney, or any general derangement of the Urinary organs
It will not only cure the debility foll wing CHILLS and a 84 Sci, but all prevent attacks arising from Miasmatto Inductoes, and ours the diseases at once, if already attacks

inductors, and ours the diseases at once, it aiready at tacked.

'I'ravelers should have a bottle with them, as it will infallibly prevent any deleterious consequences follow.

infallibly prevent any deleterious consequenced follow-ing upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persods of seden-tary habits,

Ladies not accustomed to much out-door exercise Mothers should use it, for it is a perfect relief, taken month or two before the final rial, she will pass the

ireadful period with perfect case and safety. THERE IS NO MISTARE ABOUT IT.

THE CORDIAL IS ALL WE CLAIM FOR

And to you we appeal, to detect the illness or decline not only of your daugters before it be too late, but also your sous and husbands, for while the former from false delicacy; often go down to a premutere grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too, would travel in the sare downward path, until it is too late to arrest their fatta fail. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVD CURDIAL AND BLOOD RENUVATOR as the remedy which should always the on hand in time of need. Mothers Try It!!

Great Cure. DR. LELLAND'S

ANTI RHEUMATIC BAND, IS THE ONLY KNOWN REMEDY FOR

Rheumatism. Gout and Neuralgia

AND A SURE CURE FOR

All Mercurial Diseases.

It is a conveniently arranged Band, containing a mean stated compound, to be worn around the Waist, without injury to the most delicate persons, no change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of pow_rful internal medicines which weaken and destroy, the constitution which weaken and destroy the constitution, and give temporary relief only. By this treatment, the medical properties contained in the Band, come in contact with the blood and reaches the discase; through the pores of the skin, effecting in every instance a perfect cure, and restore he parts affiliated to a healthy condition. This Band is also a most powerful Anni-Maxoushal a agent, and will entirely relieve the system from the permicious of facts of Mercury. Moderate cases are cured in a tew days, and we are constantly receiving testimonials of its effects of Mercury. AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD:

ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Fustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all skin Diseases.

Oakland, Ind., 6th June, 1869.

J. C. Ayre & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulus infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulce: so my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Meassanger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Chemati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soen began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the a castles of the age, and remain ever gratefully. Yours,

Alfrike B. Talley.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head

Ringworm, Sore Eyes, Dropsy.

Dr. Rooet M. Preble writes from Salem, N. Y., 12th
Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous atack of Malignant krysipelas by large doses of the same
says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me frem a Gerra—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, (Uterine Ulceration, Female Diseases. Cuterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your sarsaparilia a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoan by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newburr, Ala., writes, "A dangerous coarian fawron on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilia. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilia as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEAMS, 25th August, 1959.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cedized with your sareaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had sypphilitio ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, oured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill bim. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so considerable part of the same disorder by mercury was suffered accruciating value in her joints and tones. She, too, was cured entirely by your daraparilla is a few weeks. I know from its formula, which you agent gave me, that this 'reparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yeurs,

G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. NEW ORLEANS, 25th August, 1959.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., Sin July, 1859.

DR. J. C. Ayes: Sir, I have been affilicted with a painful chronic Rheumatism for a long time, which bailled the skill of physicians, and stack to me in spite of all the remedies I could fin, until I tried your Sarsaparilla.—

Une bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. FREAM. INDEPENDENCE, Precton Co., Va., 8th July, 1859.

Jules Y. Geichell, of St. Leuis, writes: "I have been afflicted for years with an affection of the Liver, which descroyed my health. I tried every ining, and every thing lailed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlarge Ulceration, Caries and Exfoliation of

the Bones.

A great variety of eases have been reported to us where cures of these formulable complaints have resultiorm the use of this remedy, but one space here will not admit them. Som of them may be found in our Amercan Almanac, which the agents below named are pleased to furnism gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-

sy, Melancholy, Neuralgia, Many remarkable cures of these affections have been made by the alternative power of this medicine. It atimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do lor them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness,

Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and iung complaints, that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or ven families, among them who have not some personal experience of its effects,—some living trophy in their mines of its victory over the saudie and can gerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, no, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of markind.

IMPROVED GUTTA PERCHA CEMENT BOOFING, The Cheapest and most durable Roofing in use.

Johns & Crosley's

IT IS FIRE AND WATER PROOF. It can be applied to NEW and our Rooms of all kinds, steep or flat, and to Shinola Rooms without removing the Shingles.

The Cost is only about One Third that of Tin AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all other parts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as Factories, Fouthers, Guesones, Bail Road Diffors, Cars, and on Public Buildings of Governments Buildings of the principal Builders, Architects and others, during the past four years, and than proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WALER, WEATHER and TIME PROOF covering for ROOFS OF ALL, KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUPLA PERCHA AND INDIA RUSBER.

No Heat is required in making application. The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one, and when fluished forms a perfectly FIRE PROOF SUrfage with an elastic nody, which cannot be injured by HEAT, COLD OF STORMS, SERIMBING OF BOOF BOARDS, nor any external action whatever.

LIQUID GUTTA PERCHA CEMENT, For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPEARING METAL ROOFS OF ALL KINDS This is the only Composition known which will successfully recist extreme changes of all climates, for any leagth of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THERES TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Mesal-Licons, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF. Leavy Tin and other Metal Roofs can be readily repaired with GUTTA PERGHA CEMENT, and provented from urther corresion and leaking, thereby ensuring a per-equiy tight roof for many years.

This Coment is peculiarly adapted for the preservation of IRON RAILINGS, STUVES, RANGES, SAFES, AGRI-CULTURAL IMPLEMENTS, So., also for general managements.

GUTTA PERCHA CEMENT For preserving and repaing Tin and other Metal Boom of every description, from its great elasticity, is no injured by the contraction and expansion of Metals, and will not orack in ould or run in warm weather.

These materials are adapted to all CHIMATES, and we are prepared to supply orders from any part of the country, at short notice, for GUITA PERCHA BOOFING in rolls, ready prepared for use, and GUTTA PERCHA OR MANI in barrels, with full printed directions for appli AGENTS WANTED.

We will make liberal and satisfactory arrangements with responsible parties who would like to establish them-selves in a lucrative and permanent business. OUR TERMS ARE CASH.

PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

[FROM OFFICIAL HOSTIAL REPORTS.]

MAY 19, 1860,—Ellen S., 28. 22, single, never was very strong. Two years ago she had an attack of acute rheumatum, from which she was configned to her hed for two weeks and subsequent, yirom a relapse for four more. She has been well since then till last Satur day, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very isoder, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic lever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselved, My other object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. Im has propyl assiss. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great ceneft from its use in 250 cases which name under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always moredulous as to the worth of new remedies, which are vaunted as specifies; out this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860,—I will now exhibit to you the patient for MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of soute rheumaism. She has steadily taken it in does of three grains every two hours (intermitting it at inght.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her ether attack. (the patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of there is another patient who was piaced on the use of the same medicine on Sunday last; she has long been suffering from a bronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrist; and kauckles were much swollen and tense. She took the chloride of Propyla-mic in three grain do-se every two hours, and you will perceive that the swelling of the joints has much dimin-ished.

THREE DAYS LATER!!

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatisms treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamine.

He is a seaman, set 28, who was admitted a few days ago. Has had occasional rheumatic pams, but not so as to keep his bed, until olght days ago. The pains began in his right kines, subsequently affected the left kines, and istor, the joints of the upper extremittes. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours. This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it we ally does, in the lower joints. There is fever and the Profuse sweating, so genera by sittendant on acute rheumatism. I did not bring this patient before you with the tigention of giving you a lecture on all the points. Only the lower joints. I here is tever and the profuse is a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even and yones, that there may be no mingivings as to which was the efficient remedy. You shall see the case of a fature clinic.

THE RESULT. A FAVORABLE VERDICT.

JUNE 9, 1860.—The next of our convalencements is the case of acute rheum tism before you as our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nucly, and is now able to walk about, as you see. I do not hesitate to any that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used. I feel bound to state that in the cases in which we have tried the Chloride of Propylamice, the parients in two regained their health much earlier than under the treatment ordinarily pursued. I wish gantlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessar to give numerous certificates from autonished doctor
