

Daily Telegraph

HARRISBURG, PA.

wednesday Afternoon, November 27, 1861.

TO ARMY OFFICERS.—Blank pay rolls and furloughs handsomely printed according to the army regulations, on fine white and durable paper, are for sale at this office.

NO AFTERNOON EDITION TO-MORROW.—In order to afford "all hands" connected with our office an opportunity to join in a proper observance of Thanksgiving day, after our regular morning edition to-morrow, there will be no Telegraph printed until Friday morning, which latter will be served to our city subscribers in lieu of to-morrow's afternoon edition.

COL. MURRAY'S REGIMENT.—The Huntingdon Journal, of yesterday, says that Col. Murray's regiment was to have left Camp Crossman to-day. Their destination is Beaufort, though they will first have to go to Washington to procure their arms. The Journal adds that "taken altogether it is one of the very finest regiments that has gone from this State, and will reflect credit upon the name and fame of the Old Keystone in any and every position in which they may be placed."

PENNSYLVANIANS AT FORTRESS MONROE.—"Things is troops" at Fortress Monroe. Large numbers of troops are now being concentrated there, among which we notice the following Pennsylvania Regiments: Forty-fifth, Colonel Welsh, Columbia; Seventy-sixth, Col. Powers, Johnstown; Ninety-fifth, Colonel Guss, and the Fifty-fifth, Colonel White, Cambria. Harlan's cavalry are also at Fortress Monroe. The ground which has been selected for the present encampment is about one mile distant from Fortress Monroe, on the road leading from Back river, and commanding a fine view of the entrance to Hampton Roads.

HYMNICAL.—Lewis H. Funk, Esq., junior editor of the *Miltonian*, published at Milton, Pa., has testified his attachment and loyalty to Union principles, by entering the bonds of wedlock with Miss Lydia J. Groff, of this city. The event was duly solemnized at the residence of the bride's father, in Locust street, on the 26th inst., by the Rev. Franklin Moore, of the Methodist Episcopal church. Of course the groomsmen, being himself an editor, did not forget us amidst the joyous festivities incident to the occasion, for which he has our thanks as well as our best wishes that a beneficent Providence may smile propitiously upon his union, and strew the pathway of his conjugal existence with never fading flowers.

SANFORD'S OPERA TROUPE.—This famous troupe seem to gain in popularity every day, and is fast becoming one of the acknowledged "institutions" of our city. This is owing not only to the indefatigable energy and industry of the popular manager himself, but to the admitted ability and real merit of the performers, who are second to none in the country. The bill for to-night's performance embraces songs, dances, and any quantity of burlesques and negro eccentricities, which cannot fail to be highly entertaining. The troupe will give two performances to-morrow—one in the afternoon, commencing at 2 o'clock, and the other at 7 o'clock p. m.; upon which occasions "Uncle Tom's Cabin" will be produced, together with a variety of novelties of the most amusing character.

RAILROAD MATTERS.—We learn that James C. Clarke, Esq., for the past two years the superintendent of the Northern Central Railroad, has tendered his resignation to the company, to take effect on the first proximo. Mr. Clarke urges private interests, heretofore neglected, as explanatory of the step. During the short term of his superintendence of the rolling interests of the Northern Central, it has enjoyed a popularity not second to any road in the country. Mr. Du Barre, of the Fort Wayne and Chicago Railroad and Gen. A. L. Rounford of this city, formerly superintendent on the Pennsylvania Railroad, are spoken of as the successors of Mr. Clarke. The Company is meanwhile contemplating an increase of its transportation facilities, and five new and powerful locomotives are building in Philadelphia for the use of the road.

THANKSGIVING DAY.—To-morrow is the day set apart by the Governor as a day of "Thanksgiving to God for the many blessings vouchsafed to us as a people. The day will be generally observed in our city. Divine services will be held in all the churches; the public offices, banks and manufacturing establishments will be closed; and Sunday hours will be observed at the Post Office.

The return of this season, when we are wont to make public profession of our gratitude to Heaven for its bounty and protecting care, says a cotemporary, finds us less joyous of mood than in those halcyon days when the people, with one heart and in one spirit, gave thanks to the Father of us all. We shall gather as of old in the temples of worship; the household feast will be set, as usual, in our dwellings; but of the worshippers and guests of a year ago, thousands will be missed, and in many a family circle vacant places, never more to be filled by their former occupants, will be regarded with tearful eyes by the "old folks at home."

War has beckoned to the field the flower of our young men. Good sons, crowds of them, have joined the army. They will not forget Thanksgiving. It will be kept, we doubt not, in all our camps, and it would add greatly to the solemnity and sublimity of the occasion, if the voice of praise and supplication could be lifted up by the whole army on the same day. In the midst of our difficulties we have infinite cause for thankfulness. We might have had famine, or pestilence, or both superadded to the visitation of war. From these we have been mercifully exempted. Never has a healthier year been known than the one now closing in, and never has the God of Harvests poured plenty upon us with so lavish a hand. Let us, then, be grateful and hopeful.

ADVANCE LODGE, No. 39, I. O. of Good Templars meets at 7 1/2 o'clock this evening, in the hall of the American Mechanics, fourth street and Wyeth's Building, corner of Market street and Raspberry alley.

RECEIVED NEW CLOTHING.—The Forty-sixth Pennsylvania regiment, (Col. Knipe), in Gen. Bank's column, at Darnestown, Md., have received new suits of clothing, excepting overcoats, which they expect in a few days. Their old overcoats are serviceable but much worn.—The Verbeke Rifles, Capt. Brooks, of this city, are attached to this regiment.

NOVEL MATCH.—A wheel-barrow wheeling match for a deer is to come off at the Round House to-morrow morning at nine o'clock. The competitors will be blindfolded, and the one who propels the barrow nearest to a stake in the ground a couple of hundred feet distant from the starting point, will be entitled to the prize. The match altogether is a very novel one, and will doubtless attract a large number of spectators.

VIOLATING ORDINANCES.—Mr. John H. Brown was summoned before the Mayor yesterday charged with violating an ordinance prohibiting fast and reckless driving through the streets of the city. Fined \$1.

Mr. Listman, a countryman was summoned before the Mayor this morning charged with selling produce at the market before 5 o'clock, A. M., in violation of the ordinance in that case made and provided. Mulcted in the usual penalty.

PREPARATIONS FOR CHRISTMAS.—The approach of Christmas is seen in the preparations which are being made for it by those of our shopkeepers who expect to profit by it. Already, in the windows of the toy and fancy shops are exhibited articles of sport and use, suitable for Christmas presents. Booksellers begin to exhibit their handsomely bound volumes, suitable for the season, and jewellers make an unusually fine display. The children are now counting the weeks and days from this to the advent of Christmas, and wondering what presents they will receive. As the season is one to which the young look forward with peculiar pleasure, shopkeepers prepare to gratify their desires.

LADIES INCLUDED.—A few days since, Saxe, in making a speech at a flag raising at Albany, concluded his remarks by proposing three cheers for the young gentlemen of East Albany, through whose liberality the flag had been procured. As the cheers were about to be given, the chairman of the occasion amended the proposition of Mr. Saxe, so that the cheers went up for the young ladies as well as the young gentlemen of East Albany. When the voice of the cheers became silent, Saxe arose and gave an explanation, and apology for omitting to speak of the young ladies in his original proposition for cheers, that he thought the young gentlemen always embraced the young ladies.

A MODERN BREAST-PLATE.—The *Scientific American* describes a breast-plate, which, it is said, is being extensively worn by officers and men in the federal army before Washington. It is composed of thin spring steel, and is worn between the cloth and lining of a common military vest. It has two leaves, which lay at the edges when the vest is buttoned, so as to cover the entire chest. It weighs only three pounds and a half, and can be worn with ease by any officer or soldier during the most active exercise. It is very strong in proportion to its weight, and it can resist the thrust of a sword or bayonet, and it will repel the bullets of muskets and pistols at ranges which would otherwise be fatal to life.

HOG CHOLERA.—The disease known as the hog cholera is now prevailing among the porkers in York county to an extent never before known there. It is singularly fatal in its effects, very few animals surviving its attacks. What makes the disease the more destructive is the fact of its being infectious; so that when one of a lot of hogs is attacked, all the rest are almost certain to contract it unless speedily removed to another pen. It is particularly unfortunate that the disease should have broken out at this season, when the animals, after the summer's feeding, are in suitable condition for slaughtering. The loss, too, oftentimes falls upon those who have invested considerable of their savings in the purchase and fattening of these animals, and who are little able to bear the loss.

A CHRISTMAS GIFT FOR THE SOLDIERS.—It would be a most grateful and seasonable act to the soldiers now in the field from this county, if each one of them could be supplied by friends at home with a substantial and comfortable pair of woolen mittens. All of them are obliged to take their turn at standing guard in exposed places, by day and night, subject to the severest attacks of frost, and chilling winds. The cold iron of a musket cannot be very pleasant to handle in such frosty weather. We would propose that the ladies of Dauphin county—and particularly the young ones—should, if possible, knit enough mittens between this time and Christmas to supply every one of our volunteers with a pair. There are over two hundred Dauphin county men now bearing arms in the service of their country. There are certainly two hundred women in the county who will each knit a single pair for the sake of the good cause. To the men we would say, provide the yarn for your wives, sisters, daughters, and sweet hearts to weave into mittens for the comfort of those who have gone forth to fight for you and your country. They peril their lives and all they have—you surely can and will contribute to this encouragement. We have already published two or three directions how to knit soldiers' "mits," but to keep the matter fresh, we append the following: 20 stitches on each needle, knit 29 rows of ribbing and 20 rows plain. Then take the 20 stitches that are upon one needle and knit 16 rows, backward and forward. This is for the beginning of the thumb. Then take the 20 stitches on three needles and knit round for 16 rows, after which narrow gradually until the thumb is finished. Take up twenty stitches at the lower part of the thumb. Then there will be 60 stitches on the three needles. Knit 20 rows. Take the twenty stitches nearest the thumb, join them on three needles, and knit 22 rows. Narrow gradually till finished.

STATE EDUCATIONAL CONVENTION

FIRST DAY—AFTERNOON SESSION.

Mr. DEANE, of Delaware, offered a resolution that a Committee of three Superintendents be appointed by the Chair to report upon before No. 1, at some future time; and that the Committee be instructed to consult and advise with the principals of the State Normal Schools and also with the State Department.

Mr. FORD moved to amend that the Committee consist of five—three Superintendents and two teachers.

The discussion of topic No. — School Visitation by Superintendents—its main object and the mode of performing it—was taken up and participated in by Messrs. Griffin, Ingram, Berry, Ulp, Bowers, Woodruff, Cruikshank, Bowlin, Coburn, Heckendorf, Ermentrout, Caruthers and Dittenbender.

The third topic was then taken up for consideration, viz: "The Relation of the County Superintendent to the Institute—'district and county."

The debaters were: Messrs. Burgess, Woodruff, Deane, Cruikshank, Bowlin and Dowell. On motion a Committee of three was appointed to wait upon Governor Curtin, and invite him to address the Convention last evening.

It was so amended that the invitation also be extended to Governor Randall of Wisconsin. The Committee reported that Governor Curtin would visit the Convention during to-day, but owing to ill health could not undertake to deliver a formal address. Governor Randall was not in town. Adjourned.

On motion of Mr. COBURN, the consideration of topic No. 4 was temporarily taken up. Mr. BLAIR, of Indiana, believed in the necessity of having graded schools and thought that superintendents should labor for their good.

Messrs. Bowman of Indiana, Cruikshank of Montgomery, Woodruff of Chester, Dodge of Lancaster, and Frankin, Castle of Lycoming, the Chairman of Franklin, Early of Elk, Mulder of Pike, M'Callister of Mercer, Minin of Cumberland, M'Clary of Adams, Dunnett of Allegheny, Johns of Tioga, Duffington of Washington and Dichich of Monroe, participated in the discussion.

The President then submitted to the Convention certain proposed amendments to the last section of the Common School Law. They provide for the grading of superintendents' salary, the establishment of uniform series of text books, the education of youths employed in factories, and the swearing in of school directors. The Convention adjourned at fifteen minutes past ten o'clock.

WEDNESDAY—MORNING SESSION.

Prayer by Rev. Dr. GERHART, Lancaster, Pa.

The Committee on organization, reported Mr. Walker, of Luzerne county, Vice President, and Mr. McFarland, of Juniata county, Secretary, for the day. Report accepted, and the gentlemen of the organization of yesterday requested to take their seats.

Minutes of yesterday's proceedings read and corrected. The President announced to the convention that certificates of membership were now ready, and could be obtained from the clerk at the State Department.

Mr. WICKERSHAM moved that the Committee of organization be instructed to fill up the list of officers.

The President then stated at some length to the convention the object of the meeting, and the results to be effected by it, tracing briefly the history of the system, and the advantages to be derived from it, meeting the wants of the system by a union of effort on the part of every branch of education.

At the close of the address by the President, Gov. Curtin having been previously introduced, at the request of the Convention, made a brief but eloquent and highly patriotic address, in which he apologized for his seeming want of interest in the proceedings, his time being so much engaged in other affairs, there being at present but one business in which he could engage—the arming of men and sending them out to the State. He congratulated the assembly on the fact that there were still so many gentlemen of Pennsylvania left to feel an interest in a matter of so much importance. Amid the violence and hostility afflicting our country, it was pleasant to mingle in this peaceful assembly for the purpose of promoting the public good and general welfare. He had lately been made to feel and realize forcibly the benefit of education in this State. When this unnatural and wicked rebellion should be crushed out, peace and harmony once more reinstated, and when the philosopher and scholar will seek in vain to account for the cause of the same, the future historian will find the most reliable information in regard to its history in the letters written by the soldiers now in camp. His own letters from the ranks of our army would correspond with those cattered here and there over the entire country written by friends at home, from which would be collected the future history of the present struggle. Though eighty thousand good peace-loving people were now in the field, there were still men left to attend to the education of youth, and still more left to take their places until this rebellion is crushed out by force of arms. It was a sight before which those who are now plotting the downfall of the beautiful Republic, and who are the blood and tears of the purest patriots, and are mented by the wisest of counsels, might well quail and turn their attention to the structure and uses of hemp and feel for its effects on the jugular. He recommended physical training in our schools, as favored by the State Superintendent in his address, together with military training, and trusted that means would be taken to lead to some such result; and concluded by expressing the hope that no war would ever again disturb the harmony of the people or interrupt the progress of this great nation.

On motion a vote of thanks was tendered to Gov. Curtin for his address.

Mr. WOODRUFF, of Chester county, recommended some action in regard to the "Teachers Canon Fund."

Mr. DAVIS stated to the Convention that the Treasurer, in whose hands a list of contributions was placed, would be here to-day.

Mr. ARMSTRONG said one thing was lacking. He would be in favor of having a company of teachers to go along with it.

The President announced an invitation from Gov. Curtin to the members of the Convention to meet at his residence this evening at eight o'clock.

On motion, the Convention adjourned until this evening at 8 o'clock, and the invitation accepted.

AYER'S AMERICAN ALMANAC has now arrived and is now ready for delivery, gratis, by all druggists, to all who call for it. Our readers may be surprised to know that this little pamphlet which has become so much a favorite in our section has quite the largest circulation of any one book in the world, except the Bible.—It is printed in many languages and scattered through many nations as well as supplied to almost the entire population of our own vast domain. Every family should have it for it contains information which all are liable to require, when sickness overtakes them and which may prove invaluable from being at hand in season. If you take our advice, you will call and get an Ayer's Almanac, and when got, keep it.

A CARD TO THE LADIES. DR. DUPONCO'S GOLDEN PILLS FOR FEMALES. "I send the following certificate" from one of the first ladies in New York, who called upon my agents in that city (Mr. Wm. Bristol & Co.), and told them that if any one could cure her name made public, but she only one of the many who have benefited by Dr. Duponco's Golden Pills, they might refer any lady to her, as she could refer it as well as a pleasure, to her knowledge of their efficacy, as administered to her during the winter of 1859-60. She was suffering from the most violent and dangerous form of the complaint, and had taken cold-nature became diseased. Two boxes of these Golden Pills entirely cured her, and she is now in robust health. "We were particular in having the genuine. Full and explicit directions accompanying each box. Price \$1.—\$2 wholesale and retail by C. K. KILMER, (Druggist), 91 Market street, (sole agent for Harrisburg, Pa.) By sending him \$1.00 through the Harrisburg Post Office the Pills will be sent confidentially by mail to any part of the country; "free of postage."
