A NOBLE TRIBUTE TO A BRAVE MAN AND A GALLANT SOLDIER.

It is with pleasure that we publish and thus endorse the following noble tribute to one of the most accomplished soldiers in the country. Captain Van Swartow served with distinction on many of the most desperately contested battle fields of Europe, and when this government was engaged in the war with Mexico, he as gallantly entered the ranks of our armies, and as steadily supported our cause as any man who drew a sword beneath the stars and stripes during that conflict. In the present serious struggle for the permanency of the American Union he has rendered the most important services He has taken the raw recruit fresh from the undisciplined vocation of civil life, and rendered him in a very short time, by training and instruction, an efficient, active and valuable sol-

In view of these facts and on account of th services thus grendered, the following letter is given to the public and the authorities at Washington. We trust that the object aimed at may be attained, and that Captain Van Swartow may thus be enabled to increase his services to the land of his adoption and love:

HEADQUARTERS, CAMP CURTIN.

Harruburg, Oct. 29, 1861.
Mr. George Bergner,
Editor of the Telegraph, Sin:—Permit me, as a stranger, to call your attention to the case of Captain F. Van Swartow The Captain has been employed here in Camp as a Drill Master, by the State. He came to us with a good military record, having served in his own native country as an officer after which he came into this country and took a prominent part in the Mexican ar, returning home to Pennsylvania where he now re

The Captain is desirous of going into actual service, rather than remain at some post as a Drill Master. I teel free in recommending him as a competent man to fill any position, he being a thoroughly drilled officer. Coming to us as he did, with the honors of fifty-nine buttle and feeling a deep solicitude in our present difficulties, I would say, in behalf of the officers of this camp, that we feel as though the Captain in justice ought to have a position in the regular service. He is a gentleman and much respected by the officers of this camp, for the use-

ul knowledge which he has imparted to us. Will you be so kind as to bring his name fa vorably before the public through your paper

and oblige, W. R. HERRING, Lieut, in Col. Campbell's Regiment.

WEDNESDAY-AFTERNOON SESSION. Meeting called to order. Mr. ERMENTROUT of Berks offered the fol

lowing preamble and resolutions: WHEREAS, It is self evident that the distribution of forces engaged in the accomplishment of the same end tends, in the nature of the case, t defeat rather than advance it; and whereas, order to bring to pass a proper unity and concert of action on the educational department of the State of Pennsylvania, it is of prime importance that each department settle for itself the particular sphere in which it moves, the duties which it expects to discharge, and the

right it intends to claim. Therefore,

There is evidently prevading in all branches of the government a far more hopeful feeling concerning a successful result of the present conflict than heretofore, and this is exhibited in conversations and otherwise, while it is betieved that the British press will be as earnest as our own in discussing the circumstances attending the arrest of Slidell and Mason. No apprehensions are entertained that the question will be productive of serious embarrassment to

the two countries. The authority to raise companies and regiments of sharp shooters granted to Col. Berdan last September, has been revoked. The companies and regiments which have already been raised will, nevertheless, be mustered into ser-

The rebel blockade of the Potomac does not seem to have been vigorously enforced this week, as various vessels have arrived here with cargoes of coal, wood and other domestic supplies.

During the past few days quite a number of river craft have safely passed the batteries and arrived at our wharves, among them eight or ten laden with fine oysters, of which our citizens and soldiers will have an abundant supply for Thanksgiving.
