The Rebels Persecuting Men and Plundering Private Property.

Their Probable Surprise and Capture. RAPID ADVANCE OF GEN. POPE.

JEFFERSON CITY, Dec. 18. Gentlemen who left Harney county on Sunday say Clinton, the county seat of that county was in the possession of from 500 to 800 rebels. most of whom were from Price's camp at Osce-

ola, and the balance recruits from the north

vest counties. These informants also say that late on Sunday evening they met the advance guard of General Popes division three miles from Clin They think the rebels were entirely ignorant of the ap roach of our troops and express the belief that they have been surprised and cut off. Osceola is about twenty-five miles. South of Clinton, and if our informant's estimates be correct a very rapid advance of Generals Pope and Steele's division has doubtless eeu made upon Price s headquarters.

Advices from Lexington are to the effect that since Gen. Prentiss threw a few shells into that town the rebels have been very severe towards the Union men, searching and plundering their houses and threatening to burn them.

THE CHARLESTON CUNFLAGERATION.

FURTHER DETAILES BALTIMORE, Dec. 18.

Tne Norfolk Day Book, of Tuesday, received by the Old Point wat, contains extracts from the Charleston Courier and Mercury relative to the fire, but there is little additional to what

has already been sent.

W. B. Russell & Co., owners of the sash factory where the fire commenced, say that the establishment had been closed, and the surnace of the boiler covered with water before the men left. The proprietor did not leave for an hour and a half, or more, after the workmen, and when he left everything was in a -- rior circumstances he infers that the fire was set or was the result of carelessness on the part of a number of country negroes, who had been quartered under an old shed adjoining his es tablishment in allowing their camp-fires to get the better of them.

After the breaking out of the fire, the flames

continued to increase in violence, and with the scarcity of water, seemed to defy all human

efforts to arrest them. Keeping a southwester y course, the roaring element rushed through ike forked lightning to commence the work of destruction. In King and Queen streets the scene was truly terrible. Roor after roof fell in, the fire rushed out of the windows and leaped round buildings with an awfully sublime ap-pearance. The flames spread right and left, destroying and making clean sweep of the fine residences on Logan, New, Savage, Mazyek, and the lower end of Broad streets; nor could the work of destruction and desolation have been stayed, if it had not been that the fire exhausted itself for the want of material. In addition to the churches savings institutions were burned, and also the large southern express buildings. The Mills House was only saved through almost superhuman exertions, and its blackened walls attest the severe trial. The cathedral was rated as one of the finest architectural ornaments of the city. It was constructed of brown stone, in a extensive foundry and machine shops of Cameron & Co., entirely destroyed, embraced buildings the office, erecting shop, machine and fitting shop, foundry, blacksmith shop, two boiler shops of the U.S. CAVALETIONS FOR shops, pattern store room and iron room, the stock of materials on hand, including a large quantity for Government purp ses, valued at not less than \$200,000, is all gone. The insurance is not stated. Messrs. McCabe & Narckels State Cotton Press was also destroyed—the value of the building and machinery was ninety thousand dollars-the building contained three hundred thousand pounds Sea Island cotton, in seed, worth \$15,000, belonging to Edisto & Johns Island planters; no insurance. On the cotton press there was an insurance of \$23,000. It contained, also, fifty-two bales of Upland cot-

of the fire was the zeal manifested by the slaves, by their efforts as firemen and laborers. The entire population, male and female, worked most earnestly. Subscriptions for the poor sufferers by this terrible conflagration had been opened at the Bank of Charleston, and \$2,000 had been sub-

The Courier says the most gratifying incident

The Commissary General had posted a notice that food and shelter for those deprived of their houses by the sad calamity might be obtained on application to F. S. Holmes, at the Soldiers'

Wayside Depot, Aun and Mary streets. The Mercury, of Friday, says yesterday was a gloomy day for Charleston – business was universally suspended, and with one impulse our community has united in giving sympathy and aid to the victims of this great public calamity

The Courier says: "the fearful conflagration that has just passed over our city will cause the eleventh and twelith of December, 1861, hereafter to be remembered as one of those dark, trying periods, which for a moment seem to paralyze all our long cherished hopes and bright anticipations of the future. We have been visited by one of those mysterious dispensations of Providence which we cannot attempt to solve. Our city has received a terrible blow which it will take work of years to repair.
