RESTORATIVE CORDIAL

BLOOD RENOVATOR.

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also reviviles, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation over offered to the world in a popular form so as to be within the reach of all.

the reach of all.
So onemically and skillfully combined, as to the most So osemically and skillfully combined, as to the most powerful tools, and yet so perfectly adapted so as no ACT IN PERFOR ACCORDANCE WITH THE LAWS OF NATURE, AND HENCE SOLTHE THE WEARLEST STUMAGE and tone up the disperiencity exhibitanting in its effects, and yet it is never followed by lassitide or depression of spirits. AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarasparilla has done for me. Having mherited a Scorolubic infection, I have suffered from it my various ways for years. Sometimes it burst, out in ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and icathsome beyond description. I tried many medicines and several physicians, but without mon relief from any hing. In fact, the disorder grew worse. At length I was reloiced to read in the Geolel Messenger that you had prepared as ilternative (Sarasparilla,) for I knew from your reputation that any thing you made must be good. I sent to Gincingat and got it, and used it till it cored me. I took it, as you advise, if small doses of a teaspoorful over a month, and used almost three bottles. New and, healthy skn soen, began to form under the scab, which after a white fall off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostics of the see, and remain ever gratefully. Yours, Alfreid B, Talley.

St. Anthony's Fire. Rose or Erysipelas, OAKLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy. Dr. Rooert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an invest rate case of Drop sy, which threatened to terminate fatally, by the perse vering use of our Sarsaparilla, and also a dangerous at ack of Malignant krysipelas by large doses of the same says he cures the common kruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sioan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerras—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your savesparities a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Berofulous distincts. I have coured many inveterate cases of Leucorrhoas by it, and some where the complaint was caused by siceration of the sterus. The ulceration itself was soon cured. Nothing within my nowinedge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous coursan tumor on one of the females in my family, which had defied all the remedies we could employ, had at length been completely cured by your Extract of Sursaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Saraparilla as the last record before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the duesae remains."

Syphilis and Mercurial Disease. Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease. New Orleans, 25th August, 1959.

New Orleans, 26th August, 1959.

Dr. J. O. Ayer: Sir, I chearfully comply with the request of your agent, and report to you some of the effects. I have cared with ty our Saraparilla.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezal and Marcard Discases. One of my patients had typphilyto ulcers in his throat, which were consuming his palate and the top of his mouth. Your Saraparilla, steadily taken, oured him in twe week. Another was attacked by secondary symptoms in his mose, and the ulceration had eaten away a considerable, part of it, so, that I helieve the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman, who had been treated for the same disorder by thercury was suffering from this poisso in her bonds. They had become so sensitive to the weather that on a damp day she suffered excruolating main in her joints and bones. She, too, was cured entirally by your karsaparilla in a few weeks. I know from its formula, which you agent gave me, that the Proparation from your laboratory must be a great romed y consequently, these truly remarkable results with it have not supprised me.

G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint. LEDSERNIEROS, Precion Co., Va., 6th July, 1869.

DR. J. C. Ayraz, Sir, I have been afficed with a painful chronic Rheumatism for a long time, which baffied the skill of physicians, and stuck to me in spite of all the remedies I could fin., until I tried your Sarsaparilla—One bottle curved me in two weeks, and restored my general health ab mitch that I am far notter than before I was attacked. I think it a wonderful medicine.

J. FREAM.

Jules Y. Getchell, of St. Leuis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing and every thing lailed to relieve me; and I have been a broken dowb man for some, years from no this cause than derangment of the Liver. My beloved paytor, the Rev. Mr. Eppy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has oured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlarg Ulceration, Caries and Exfoliation of

the Bones.

A great variety of cases have been reported to us where cures of these formidable compisitute have resultform the use of this remedy, but one space here will not admit them. Some of them may be found in our Amercan almanac, which the agents below named are pleased to furnish gratic totall who call for them. Dyspepsia, Heart Disease, Fits, Rpilep-

sy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It attimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral POR THE RAPID CORRECTED TO THE Coughs, Colds, Influenza, Hoarseness,

Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced stages of the Disease

of the Disease

This is a remedy so universally known to surpass any other for the ours of threat and lung complaints, that it is useless have to publish the syddence of its virtues. Its univelled excellence for coughs and colds, and its truly wonderful curies of pulmonary disease, have i made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects, some living trophy is their, miggs of its victory, over the subits and dangerous disorders of the throat and lungs, as all know the dreastful fatality of these disorders, and as they know, too, the effects or this remedy, we used not of more than to assure them this it has now all the virtues that it did have when making the tures which have won so strongly upon the confidence of markind.

Other Shindly, Essi, 123, Esst 28th Street, N. Y., writes: "August 121, 1860—I had a banded to back of the word of the case underly the case and the propose threefore to give it another wirely last three years with constant pain in the small of my plake three years with constant pain in the small of my SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whem I prescribed Propylamine, and was then laboring under an attack of south rheumatism. She has steedily taken it in does of three grains every two hours (intermitting it at night.) The day after you saw her, I touch her much more comfortable, better than able expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked obange in the appearance of hor joints, which are now heartly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while he Thus far our experiment would have seemed very suc cessful; but, gentlemen, we must walt a little while be but we can give a dealded opinion as to what is to b

the result.

Here is another patient who was placed on the use of the same medicine on Sanday last; she has long been suffering from a fronte rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The writts and knuckies were much swollen and tense. She took the chloride of Propyhmine in three grain do see every two hours, and you will persedve that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to wolch I called your attention at our last chine. Shie is tell very comfortable, and is now thing three grains thrice daily. In this case it has seemed to be followed by very, satisfactory results. The second c. set to which your attention was called at our last locture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result to satfactory, I think, as good jurymen, we scall justly render our versicit in favor of propy lamin.

He is a seaman, set 26, who was admitted a few days sign. Has night coassional Themfailig points but not be at to keep his hed, until cight days ago. The pains began in his right knee, subsequently affected the left knee, and later, tile joints of the upper citremittes: These joints are all swollen, tong and tender. His tongue is forred it is the intended of the later of the proper citremittes: These joints are all swollen, tong and tender. His tongue is forred it is the present dry, though there has been much sweating. His pulse is full and strong and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be dailed a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this cryocure is followed by a feeling of coldness, severe articular pain, beginning, as it was ally does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not boring this patient bétore you with the intendion of giving you a locture on all the point connected with rheumatism, but to again give a trial to the new retured yee as they called it, than which there on uld not bok fairer opportunity for testing the medicine in ourselving, we are hope of all other medicines, oven anolynes, that there may be no mingrings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JURES, 1860.—The next of our convalencents is ? the case of acuterhounstism before you at our clinic of May 20th, which I then called a 'typical case, and 'which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The nettent has got along year, steady next a new above. he patient has got along very nicely, and is now able t alk about, as you see. I'do not hesitate to say that walk added, as you see. "I'do not hesitate to say that", have neves seen as severe a case of scute rheunatism so soon restored to health as this man has been, and without being prepared to decide positive oy as to the val-ue of the remedy we have used, I seel bound to state that in the cases in which we have tried the Chloride of Propriamite; the patients have regained their health much earlier than under the treatment ordinarily pursued. Twish gentlemen, you would yourselves try it,

extract, see the Philadelphia Medical and Surgion Recorter. It is the report after a fair trial by the best med cal authority in this country, and makes it unni to give numerous certificates from astonished docto and rejoicing patients. A SPREDY CURE. AN EFFECTUAL CURE THE SAME RESULT
