IMPROVEMENT IN DENTISTRY.

HARRISBURG, Agent fo

This article has been thoroughly tested in New York City and all other parts of the United States, Canada, Week Indice Contral and South America, on buildings of all kinds, such as Farrosus, FOOMENES, OUNDERS, Rans Road Discors, Cass, and on PURLO BULLDINGS generally GovENNENT BULLDING, &c., by the principal Builders, Archicecis and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLES ROOFING in use; it is in every respect A FIRE, WAIRS, WEATHER and TIME PHOOF covering for ROOFS OF ALL FINDS ALL RINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Restrictly and Durability, which are universally acknow-ledged to be possessed by GUTLA PERCHA AND INDIA RUBBER.

No Heat is required in making application. The expense of applying it is trifling, as an ordinary roof can be covered and fluished the same day.

It can be applied by any one,

and when finished forms a perfectly Firs PROOF surface with an elastic body, which cannot be injured by HEAT. COLD or STORMS, SHRINKING of ROOF BOARDS, nor any external action whatever.

LIQUID

GUTTA PERCHA CEMENT. For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPEARING METAL BOOFS OF ALL KINDS.

This is the only Composition known which will success-fully resist extreme changes of all olimates, for any length of time, when applied to metals, to which it ad-beres firmly, lorming a body equal to coasts of ordinary paint, costs much less and will LAST THRES TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tim and other Metal Roofs, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WRATHER, AND WILL NOT WASH OFF.

Leavy Tin and other Metal Boots can be readily repair-ed with GUTTA PERCHA CEMENT, and provented from further corrosion and teaking, thereby ensuring a per-fectly tight roof for many years.

This Coment is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, BAFES, AGRI-CULTURAL IMPLEMENTS, Sc., also for general manu-

GUTTA PERCHA CEMENT

For preserving and repaing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are ADAPTED TO ALL CLIMATES, and we are prepared to supply orders from any part of the coun-try, at short notice, for GUTIA PERCHA ROOFING in rolls, ready propared for use, and GUTIA PERCHA (B-MENT in barrels, with full printed directions for appli-cation.

AGENTS WANTED, We will make liberal and satisfactory arrangement; with responsible parties who would like to establish them selves in a lucrative and permanent business. OUR TERMS ARE CASH.

We can give abundant proof of all we claim in favor of our improved Roofing having applied them to several thousand Roofs in New York City and vicinity.

## DENTISTRY.

JUNE 9, 1860.—The next of our convaluescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth ot our new remedy. It was therefore steadily given in three grain doese every two hours for four days. The patient has got along very nooly, and its now able to a sit aboot, as you see. I do not hesitate to siy that I ave neves seen as severe a case of acute rheu...tism so soou restored to health as this man has been, and without being prepared to decide positive uy as to the val-ae of the remedy we have used. I feel bound to state that in the cases in which we have tried the Chioride of propyramice, the patients nave recented their heal ith DENTISIES. DENTISIES. DENTISIES. D. GEO. W. Sl'INE, graduate of the atimore Quie co thental surgery, having payma nently located in the city of Harrisburg and taken the dice formerly coupled by Dr. Gorgas, on Third strees, between Market and Walaut, respectfully informs his friends and the public is general, that he is propared to parform all operations in the Dentai profession, either surgessed by operators in this or any other city. His mode of insering artificial teeth is upon the lates: m-proved scientific principles. Teeth, from one to a tull set, mounted on fine Geld, Sil-ver, Platina plates or the Vuicanite Base.

Liske great pleasure in recommending the acove gest temain to all my former patients of Harrisburg and vi-jinity, and feel considers that he will perform all opera-tions in a scientific manner, from my knowledge of his ability. [my8-dtf] F. J & GORGAS, D. D. S.

GETTYSBURG.
