I award it to you cheerfully, because I think it due.—
My ago is about 50 years; the color of my hair auburn, and inclined to carl. Some five or six years slace it began to turn gray, and the scalp on the arows of my head to it is a smithility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about four months since a fourth was added to them, by hair failing off the top of my head and threatoning to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the failing off of my hair, for I had really no expectation that gray hair could ever be rastored to its original color except from dyes. I was, however, greatly surprised to find after the use of two obties only, that not only was the failing off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruf ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.

Very respectfully, BEN. A. LAVENDER.
