AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-joined varieties of Disease: Scrofula and Scrofulous Affection such

as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Estrasparilla has done for me. Having inhorited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared un relternative (Sarssparilla;) for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as yon advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin seen began to form under the scale, which after a while fell off my skin is now clear, and I know by my reelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the a costles of the age, and romain ever gratefully. Yours,

Alfred B. Talley.

St. Anthony's Fire, Rose or Erysipelas,

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy-

Dr. Ropert M. Preble Writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sioan of Prospect, Texas, writes: 'Three bottles of your Sarsaparilla cured me from a Gerrak—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your Sarsaparlia a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrotlous diathesis. I have cured many invoter ate cases of Leucorrhoa by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sursaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th august, 1959.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects have realized with your Sarsaparills.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had sypmilitic ulcors in his threat, which were consuming hit palate and the top of his mouth. Your Sarsaparilla, steadily taken, oured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a dump day she suffered exeruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yours. G. V. LARIMER, M. D. NEW ORLEANS, 25th August, 1959.

Fraternally yours,
G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1809.
DR. J. C. ATBE: Sir, I have been affliced which a painful chronic Rheumatism for a long time, which bailled the skill of physicians, and stock to me in spite of all the remedies I could fin., until I tried your Sarsaparılla.—One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. FREAM. INDEPENDENCE, Precton Co., Va., 6th July, 1859.

J. FREAM.

Jules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he know you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors. Enlargement. Ulceration, Caries and Exfoliation of

Agreat variety of cases have been reported to us where cures of these formidable complaints have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-

sy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages

of the Disease This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. known throughout the civilized nations of the earth.—
Few are the communities, or even families, among them
who have not some personal experience of its effects,—
some living trophy in their minst of its victory over the
subtle and dangerous disorders of the throat and lungs.
As all know the dreadful fatality of these disorders, and
as they know, too, the effects of this remedy, we need not
do more than to assure them that it has now all the virtuces that it did have when making the curse which have
won so strongly upon the confidence of mankind.

PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.]

FROM OFFICIAL HOSTIAL REPORTS.]

MAY 19, 1860,—Ellen S., sat. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse fer four more. She has been well since then till last Satur day, while engaged in house cleaning, she rook cold, had plan in her back, felt cold, hot had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is new fashionably called, rheumatic fever. It is a well remarked typical case We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. If man proplamatic. Dr. Awcnarius, of St. Petersburg, recommends it in the highest terms, having derived great onefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

May 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a bronic rheumatism, and I found her at that time with an acute attack supervening upon her chroaic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamiue in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very, satisfactory results. The second c. se to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be galfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, 2t. 25, who was admitted a few days ago. Has had ocassional rheumatic pams, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present. dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coidness, severe articular pain, beginning, as it usually does, in the lower joints. There is lever und the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new renefly we are testing, and to exhibit to you this typical case, as I have called it, than which there co uld not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anotynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT. JUNE 9, 1860.-The next of our convalescents is 7th June 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to waik about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rhequatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of

sued. I wish gentlemen, you would yourse and report the results. For a full report of which the above is a condense extract, see the Philadelphia Medical and Surgical Re porter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessar to give numerous certificates from astonished doctors

hat in the cases in which we have tried the Chloride

Propylamine, the patients have regained their healt much earlier than under the treatment ordinarily pur

and rejoicing patients. A SPEEDY CURE,

WHAT IT HAS DONE.

IT WILL DO AGAIN Bullock & Crenshaw, a firm well known to most med cal men, by whom the Elixir Propylamine has been in troduced, have sold to us the exclusive right to manufac ture it according to the original recipe, and we have
