AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub joined varieties of Disease : Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYEE & Co., Gents: I teel it my duty to acknowlodge what your Sarsaparilla has done for me. Having unbertied a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you make must be good. I sent to Cholanau and got it, and used it till it cured me. I took it, as yon advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soen began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the discase has gone from my systam. You c.n well believe that I feel what I am saying when I tell you, that I hold you to be one of the ajostles of the age, and remain ever gratefully. Yours.

ALFRED B. TALLEY. OARLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an invetrate case of Dropay, which threatened to terminate fatally, by the persevering use of our Sarssparilla, and also a dangerous attack of Malignant krysipelas by large doses of the same says he cures the common kruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Stoan of Prospect, Toxas, writes: "Three bottles of your Sarsaparila cured me from a Getter—a hidsons swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your sarsaparitia a most excellent alternative in the numerous complaints for which we employ suon a remedy, but especially in **Female Diseases of the Scrofolous diathesis. I have cured many inveterate cases of Leucorrhon by it, and some where the complaint was caused by **siceration** of the **strust*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Nowbury, Ala., writes, "A dangerous coarian tumor on one of the females in my family, which had delied all the remedies we could employ, has at length been completely oursed by your Extract of Sarsaparitia. Our physician thought nothing but extirpation cruid afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1959.

NEW ORIEARS, 25th August, 1959.

Dr. J. C. Ayek: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Diseases. (mo of my patients had dyphilition cheers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in flew week. Another was stacked by secondary symptoms in his nose, and the ulcoration had exten away a considerable part of it, so that I believe th disorder would soon reach his brain and kill him. But injected to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become as sensitive to the weather that on a damp day she suffered exeruciating main in her joints and bones. She, too, was cured entirely by your Sarsaparilia is a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remody; consequently, these truly remarkeble results with there not surprised me.

Dr. J. C. Atra: Str. I have been afficed with a painful chronic Rheumatism for a long time, which befiled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparilla.—One bottle cured me in two weeks, and restored my general health so much that I am far notter than before I was attacked. I think it a wonderful medicine.

J. FREAM.

J. PREAM.

Jules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. By beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsuparrilla, because he said he know you, and anything you made was worth trying. By the blessing of God it has cored me. I feel young again. The best that can be said of you is not half good enough."

Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to where cures of these formidable complaints have result form the use of this remedy, but one space here will not admit them. Som of them may be found in our American Almanau, which the agents below named are please to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Of the Disease

This is a remedy so universally known to surpass any other for the cure of threat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderial cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their mints of its victory over the subits and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of manking.
