t can be applied to NEW and OLD ROOPS of all k steep or flat, and to SHINGLE ROOPS without removing the Shingles. The Cost is only about One-Third that of Tin AND IT IS TWICE AS DURABLE.

THE RESULT. A FAVORABLE VERDICT. JUME 9, 1860.—The next of our convalescents is the case of acuterbeumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was theretore steadily given in three grain doees every two hours for four days. The patient has got along ever picely, and is now able to walk about, as you see. I do not hesitate to s iy that I have neves accent as before a case of acute Theumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the val-ue of the remedy we have used. I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pur-sued. I wish gentlemen, you would yourselves try it, and report the results.

Ulceration, Caries and Exfoliation of the Bones.

Life Bones. A great variety of cases have been reported to us where cores of meso formulable complaints have resul-form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer-can Almanao, which the agenus below named are pleased to furnish grads to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia,

Bay, metanomovy, Metanagia, Mauyremarkable cures of these affections have been made by the alternative power of this medicine. It stim-ulates the vital functions like vigorous actron, and thus overcomes disorders' which would be supposed beyond its reach. Such a remedy has been required by the ne-cessines of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral

Coughs, Colds, Influenza, Hoarseness

Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients

in advanced Stages

of the Disease

OI THE DISEASE This is a remedy so universally known to surpass any other for the cure of throat and iung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderial cures of pulmonary disease, have made it known throughout the civilized nations of the earth.... Few are the communities, or oven families, among them who have not some personal experience of its effects.... some living trophy in their midst of its victory over the subit and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the vir-tues that it did have when making the cures which have won so strongly upon the confidence of mankind.
