DR. JOHNSTON

Dr. Johnson member of the Royai College of Surgeons, condon, graduate from one of the mest eminent Colleges of the United States, and the greatest part of whose life has been sport in the Hospitals of London, Paria, Philadelphia and elsewhere, has selected some of the mest astonishing cures that were eyer known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately. TAKE PARTICULAR NOTICE.

Dr. J. actresses all these who having injured themselves by rivite and improper indulgencies, that secret and solitary abit which ruins both body and mind, unfitting them for either businesser society.

These are some of the sad and melancholy entires produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Paipitation of the Heart, Dyapepia, Nervous Irritability, Derangement of the Digestiv-Functions, General Debility, Symptoms of Consumption, &c.

YOUNG MEN

who have injured themselves by a certain practice, in dulyed in when alone—a habit frequently learned from vii companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in scortain secret habit. Such persons must, before contents plating.

effect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own MARRIAGE.

TO STRANGERS.

The many thousands cured at this institution within the last twolve years, and the numerous important Surgica operations porformed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, besides his standing as a rendeman of character and responsibility, is a sufficient guarantee to the afflicted.

DISEASES OF IMPRUDENCE .- When the misguided DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds be has imbilied the seeds of this painful disease, it too often happens; that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, &c., progressing on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskiltulness of ignorant pretenders, who, by the use of that deadly poison, mercury, rule the constitution and make the residue of life miserable.

What a Southern Unionist Says. A letter to the Cinciunati Gazette, written from Nelson's division in Kentucky, contains this passage

"I recently had the pleasure of meeting a Union man, or refugee, from Nashville. He is a thorough southerner in all things, but un-swerving in his devotion to the Union, 'You northern men,' said he, 'have fallen into a fatal GEN. GRANT ON THE LOOKOUT. A New Englander Escapes from the error. You hope to conquer the insurgents by a conciliatory course. You are simply sacrificing the lives and property of your southern friends. The south will scruple at no means to accomplish their end. Meet them with their own weapons—fire and sword—and are them into obedience to the laws. Not one of them disavows the fact that this is a rebellion instituted for the purpose of overthrowing our government. For the accomplishment of that end they will pour out their blood like water. Let A Ficticious Bearer of Dispatches them but succeed, and their arrogance will know no bounds. The veriest serf in Europe might then pity you northern men. Your moderation but prolongs the strggle and lessens your chance for success.

### Michigan Military Law.

The State distary Board of Michigan have prepared with great care, a law organizing the State militia, which the Legislature will undoubtedly pass. It is modeled after the Massachusetts plan, with some improvements. The State is divided into four mi itary districts, with one regiment assigned to each; two regiments form a brigade, and to each brigade a battery of artillery is to be attached, with officers of engineers, ordnance and staff. A Major General commands the whole force, under the Governor. All the militia are to be known as "State troops." They are to be enlisted for six years, at the expiration of which time they are exempt from poll taxes, jury duty, highway assessment, and from any tax on property of less value than \$500. Once in each year they are to be mustered for drill and service. the camp to continue not longer than tendays, each soldier receiving one dollar a day for such service, and officers according to the pay of the same rank in the army, pro rata. All old commissions are revoked, and the Governor starts anew in organizing the force. There is to be a State military board of five members, appointed for two years, to audit bills. The force will consist of about 4,000 men, and the expenses of the military establishment will be about \$50,000 a year. In addition, there has been some effort in the Legislature to establish a State military school, or a military department in the University, but the money question pre-venus the reliazation of the plan at present. Instruction in military tactics, in the common schools, will be encouraged.
