DARLING'S LIVER REGULATOR,

LIFE BITTERS,

ARE pure vegetable extracts. They cure all bilous disorders of the human system.—
They regulate and invigorate the liver and kindeys, they give tone to the digositive organs; they regulate the secretions, excretions and exhalations, equatize the circulation, and purify the blood. Thus all bilious complaints —some of which are Torpid Liver, Sick Headache, Dyspepile, Piles, Chillis and Fevers, Cosilveness or Looseness—are entirely sontrolled and cured by these remedies.

DARLING'S LIVER REGULATOR Removes the morbid and billious deposits from the stom-ach and bowels, regulates the liver and kidneys, remov-ing every obstruction, restores a natural and healthy ac-tion in the vital organs. It is a superior

FAMILY MEDICINE, Much better than pills, and much easier to take.

DARLING'S LIFE BITTERS Is a superior tonic and diuretic; excellent in cases of loss of appetite, flatulency, female weakness, irregulari-ties, pair, in the side and bowels, blind, protruding and bleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY; Jas. L. Brumley, merchant, 184 Fulton street, New York, writes, August 18, 1860: "I have been afflicted with piles, accompanied with bleeding, the last three years; I used DARLING'S

LIVER INVIGORATOR

LIFE BITTERS,

And now consider myself Entirely Cured. Hon. John A. Cross writes, "Brooklyn, March 16, 1860. In the spring of 1859 I took a severe cold, which induc-ed a violent fever. I took two doses of

DARLING'S LIVER REGULATOR. It broke up my cold and fever at once. Previous to this attact, I had been troubled with dyspepsia several months; I have left nothing of it since."

Months; I have left nothing of it since.

Otts Study, Esq., 128 East 28th Street, N. Y., writes:

"August 12, 1860—I had a difficulty with Kidney Complaint three years with constant pain in the small of my back. I had used most all kuds si medicines, but found on permanent relief until i used

DARLING'S LIVER INVIGORATOR,

LIFE BITTERS. I passed clotted blood by the urethra. I am now en-drely cured, and take pleasure in recommending these remedics."

Mrs C. Tebow, 11 Christopher Street, N. Y., writes: "Feb 20, 1860.—I have been subject to attacks of Asthmathe last twenty years. I have never found anything

Darling's Liver Regulator, n affording immediate relief. It is a thorough Liver and billions remedy."

Mrs. Younge of Brooklyn, writes, "February 28, 1860. In May last I nada severe uttack of Piles, which contin-ed me to the house. I took one bottle of DABLING'S LIFE BITTERS and was entirely cured. I have had no attack since." D. Westervelt, Esq., of South 5th, near 9th Street, Williamsburg, L. I., writes: "Angust 5, 1860.—Having been troubled with a dillicolity in the Liver, and subject to billous attacks, I was advised by a friend to try

DARLING'S LIVER REGULATOR, I did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used it as a

FAMILY MEDICINE. When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disorder-ed."

PENNSYLVANIA HOSPITAL.

[FROM JUFFIGIAL HOSTITAL REFORMS.]

MAY 19, 1860,—Ellem S., set. 28, single, never was very strong. Two years ago she had an attack of acute rheamatism, from which she was confined to her bed for two weeks and subsequenty from a relapse far four more. She has been well since then till last Satur day, while engaged in bouse cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the kines joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheamatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. In han propylassias. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great cenefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial I must confees I am always incredulous as to the worth of new remedies, which are vannted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial. [FROM]OFFICIAL HOSPITAL REPORTS.]

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

MAY 28, 1880.—I will now exhibit to you the patient for whom I prescribed Propyismine, and was then laboring under an attack of acute rheumatum. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I cound har much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fall to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a bronie rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and kauckies were much swollen and teuge. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rhoumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very, satisfactory results. The second case to which your attention was called at our last fecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamine.

He is a seaman, set. 26, who was admitted a few days ago. The shas began in his right knee, subsequently affected the left knee, and later, the joints of the wpper extremittes. These joints are all swollen, tense and tender. His tongue is furred; his skin; at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours. This gentleman is what may be called a tricitly typical case of acute theuratism. Stollowed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse averaing, so gouerally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUME 9, 1860.—The next of our convalencems is the case of acuterheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctor and rejoicing patients.

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-jointed varieties of Disease : Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

Oahland, Ind., 6th June, 1859.

J. C. Ayre & Co., Gents: I teel it my duty to acknowladge what your Sarsaparilla has done for me. Having
inherited a Scrofulous infection, I have suffered from it
in various ways for years. Sometimes its burst out in
Users on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago
it broke out on my head and covered my scalp and ears
with one sore, which was painful and loathsome beyond
description. I tried many medicines and several physicians, but without much relief from any thing. In fact,
the disorder grew worse. At length I was rejoiced to
read in the Gospel Messenger that you had prepared an
alternative (Sarsaparilla,) for I knew from your repnation that any thing you made must be good. I sent
to Chaumati and got it, and used it till it cared me. I
took it, as you advise, in small doses of a teaspoonful
over a month, and used almost three bottles. New and
healthy skn soon began to form under the scab, which
after a white full off my skin is now clear, and I knew by
my feelings that the discass has gone from my system.
You can well believe that I feel what I am saying when
I teil you, that I hold you to be one of the a₁ oxies of the
age, and romain ever gratefully. Yours,
Alfrikal B. Talley.

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1969.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your careaparills.

1 have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercarial Discuss. One of my patients had applicate and the top of his mouth. Your Saraparills, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had earn away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Saraparills, it is ulcers bealed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather mat on a samp tay his suffered excreminating pain in her joints and ounces. She, too, was sensitive to the weather that on a same may an same rea correctating pain in her joints and comes. She, too, was cured entirely by your Sarsajarnia is a few weeks. I know from its formula, which you agent gave me, that this frequention from your laboratory must be a great remedy; consequently, these truly remarkable results with have not surprised me.

Fraternally yours,

Rheumatism, Gout, Liver Complaint. Imperantation, Process Co., Va., 6th July, 1869.

DR. J. C. Aybe: Sir, I have been affliced with a painful chronic Rheumatism for a long time, which baffled the suil of physicians, and stuck to me in spite of at the ramedick I could fin , until l'tried your Sarsaparilla.—

One bottle cured me in two weeks, and restored my genral health as much that I am far cetter than before I was attacked. I think it a wonderful medicine.

J. FRRAM.
Jules Y. Gotchell, of St. Leuis. writes: "I have been afflicted for years with an affection of the liver, which descroyed my health. I tried every hing, and every thing lailed to relieve me; and I have been a broken down man for some years from no ther cause than derasguest of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrills, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to us where cures of these formidable compliants have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish graits to all who call for them. Dyspepsia, Heart Disease, Fits, Epilep-

sy, Melancholy, Neuralgia, Many remarkable cures of these affections have tade by the alternative power of this medicine. It made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are consident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness.

Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its carrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their minus of its victory over the subite and daugerous disorders of the throat and lungs. As all know the dreadul fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
