DR. JOHNSTON.

OR. JOHNSTON.

Or. Johnson member of the Royal College of Surgeons, condon, graduate from one of the mest eminent College of the United States, and the greatest part of whose life has been spent in the Hospitate of London, Paris, Philadelphia and elsowhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and bead when asteep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICILIAR NOTICE TAKE PARTICULAR NOTICE.

EDr. 3. Louresses all those who having injured them selves by errete and improper indulgencies, that secret and solitary abit which ruins both body and mind, unfiting them for either businessor society.

These are some of the sad and melancholy edents produced by early habits of youth, viz: Weaknoss of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Paipitation of the East, Dynoepsis, Norvous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Campunition, &c.

Functions, General Debility, Symptoms of Compuntion, &c.

MENTALLY, the fearful effects on the mind are much to
be dreaded :—Loss of Memory, Confusion of Idens, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some
of the evil effects.

Thousands of persons of all ages, can now Judge what
is the cause of their decline in health, losing their vigor,
becoming weak, pale, nervous and emacisted, have a
singular appearance about the eyes, cough, and sympms of consumption.

dulyed in when alone—a babit frequently learned from
evil companions, or at school, the effects of which are
nightly felt, even when asleep, and if not cured, rendors
marriage impossible, and destroys both mind and body,
should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be anatched from
all prospects and enjoyments of life by the consequences
of deviating from the path of nature, and indulging in a
certain secret habit. Su th persons must, before contemplating

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure fluds he has imbibed the sects of this painful disease, it too often bappens that an ill-timed scuse of shams or dread of discovery deters him from applying to those who, from education and respectability can alone betriend him, delaying till the constitutional symptoms of this horid disease make their appearance, affecting the head, throat, nose, skin, acc, progressing on with rightful rapidity, till desth puts aperied to his dreadful sufferings by souding him to "that bourne from whence so traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillulness of ignorant pretenders, who, by the use of that deadly posion, mercury, rutthe constitution and make the residue of life miserable.

FROM WASHINGTON. Communication from Gen. Sherman

He Denies any Misunderstanding between Himself and Com. Dupont.

Brigadier General. Washington, Jan. 25. Brigadier General F. W. Sherman, commanding at Port Royal, in a communication to the National Intelligencer, deems it to be due to the

interests of the public service to publicly pro-claim the utter falsity of the statement made in several journals of the country and repeatedly brought to his notice, that a projected plan or the continuance of the expedition was abandoned in consequence of a disagreement and misunderstanding between Commodore Dupont and himself. He says the most friendly and cordial feelings and entire harmony of action have always existed between them.

To-day being devoted by the Secretary of War to business with members of Congress, a very large number of them are availing them-selves of this arrangement. The President has appointed, by and with the advice of the Senate, Major Lewis G. Ar-noid, of New Jersey, of the First regiment of
