RE pure vogetable extracts. They help regulate and invigorate the liver and kindeys, they give tone to the digestive organs; they regulate the secretions, excretions and exhalations, equalize the effections, exerctions and exhalations, equalize the effectiation, and purify the blood. Thus all bilicons complaints—some of which are lorpid Liver, Sick Headache, Dyspepsia, Piles, Chills and Fevers, Costiveness or Loogspess, are entirely controled and cured by these remedies.

DARLING'S LIVER REGULATOR

Removes the morbid and billious deposits from the stom-ach and bowels, regluates the liver and kidneys, remov-ing every obstruction, restores a natural and healthy ac-tion in the vital organs. It is a superior

FAMILY MEDICINE, better than pills, and much easier to take. DARLING'S LIFE BITTERS

Is a superior tonic and diuretic; excellent in cases of loss of appetite, flatuteney, female weakness, irregularities, pain, in the side and boacle, blind, protruding and bleeting piles, and general delitity.

READ THE FOLLOWING TESTIMONY;

Jus. L. Brumley, merchant, 184 Fullon street, New York, writes, August 18, 1860: "I have been afflinted with piles, accompanied with bleeding, the last three years; I used

DARLING'S LIVER INVIGORATOR

LIFE BITTERS,

And now consider myself entirely cured." Hon. John A. Cross writes, 'Brooklyn, March 16, 1860. In the spring of 1859 I took a severe cold, which induced a violent fever. I took iwo doses of

DARLING'S LIVER REGULATOR.

It broke up my cold and fever at once. Previous to this attack, I had been troubled with dyspensia several months; I have lest nothing of it since." Otis Studly, Esq. 128 Bast 28th Street, N. Y., writes: "August 12, 1860—I had a difficulty with Kidney Compisint three years with constant pain in the small of my back. I had used most all kids of medicines, but found no permanent relief until 1 used

DARLING'S LIVER INVIGORATOR,

LIFE BITTERS.

I passed clotted blood by the urethra. I am now en-tirely cured, and take pleasure in recommending these

Mrs C. Tebow, 11 Christopher Street, N. Y., writes "Reb 20, 1860.—I have been subject to attacks of Asthmatte last twenty years. I have never found anything

Darling's Liver Regulator.

n affording immediate relief. It is a thorough Liver and bilious remedy." Mrs. Young, of Brooklyn, writes, "February 28, 1860 in May last I mad a severe attack of Piles, which confined me to the house. I took one bottle of

DARLING'S LIFE BITTERS and was entirely cured. I have had no attack since !

D. Westervelt, Esq., of South 5th, near 9th Street, Williamsburg, L. I., writes: "August 5, 1860.—Having been troubled with a difficulty in the Liver, and subject to bilious attacks, I was advised by a friend to try DARLING'S LIVER REGULATOR.

I did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used

FAMILY MEDICINE.

When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disorder-

THE ONLY PREPARATION

WORTHY OF

Universal Confidence & Patronage FOR STATESMEN, JUDGES, CLERGYMAN, ROR STATESMEN, JUDGES, CLERGYMAN, Ladies and Gentlemen, in all parts of the world testily to the efficacy of Prot. O. J. Wood's Hair Rectorative, and gentlemen of the Press are unanimous in its praise. A lew testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GRNYLMMEN: Your note of the 15th inst., has been recieved, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

give it.

I award it to you cheerfully, because I think it due,
by age is about 50 years; the color of my bair arbura,
and not ned to curl. Some five or six years since it begat 9 tung gray, and the scalp on the crown of my head
by 1 1 sensibility and dandruff to form upon it. Each
of this observations and about
four months since a fourth was added to them, by hair
failing off the top of my head and threatening to make
the bank.

toda doutes since a fourth was auded to them, by bast failing off the top of my head and threatening to make the Dadd.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the failing off of my hair, for I had really no expectation that gray hair, could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two boutles only, that not only was the falling off excepts from dyes. I was, however, greatly surprised to find after the use of two boutles only, that not only was the falling off excepts and sensibility to the scalp, and dandruft ceased to form on my head, very much to the gradication of my wits, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, strongly recommend all husbands who value the administration of their wives to profit by my example, and use it if growing gray or getting baid.

Very respectfully, BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

My family are absent from the city, and I am no longer at No 11 Carrol place.

Siamaston, Ala., July 20th, 1859.

To PROF. O. J Wood: Dear Sir: Your "Hair Restorative" has done my hair so muon good since I commenced the use of it, that I wish to make known to the PUBLIC its offects on the hair, which are great. A man of, woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more becutiful than ever; at least this is my experience.—

Believe it all!

Yours truly,

PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.] May 19, 1860,—Elles S., set. 23, single, nuver was yer strong. Two years ago she had an attack of acute rheums tism, from which she was confined to her bed for two week strong. Two years ago she bad an attack of acute rheumatism, from which she was confined to her bed for two weeks and subseqently from a relapse fer four more. She has been well since then till last Satur day, white engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankies began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and paintui; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. In man propylamine. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great oencil from its use in 250 cases which came under his care. Various commendator; testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial I must confess I am always moredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER! May 23, 1860 .- I will now exhibit to you the patient for Lay 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumaism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—
Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from c hronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and touse. She took the coloride of Propyla mine in three grain doses every two hours, and you will perceive that the swelling of the joints has much dimin-

THREE DAYS LATER!!

THREE DAYS LATER!!

May 28, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our hast clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second c.se to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisatory, I think, as good jurymen, we shall justly render our verticit in favor of propylamine.

He is a seaman, set. 28, who was admitted a few days ago. Has had ocassional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. The pains began is swealing. His pulse is fall and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wel, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse swealing, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than wnich there co uld not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anolynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalencents is the case of acuter houmatism before you at our clinic of May 20th, which it then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very moely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as sovere a case of acute, rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

Medica!

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-joined variaties of Disease: Scrofula and Scrofulous Affection such

as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it m various ways, for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned in Wara and distressed me at the stomach. Two years ago it broke out on my head and covered my scale and ears with one sore, which was painful and teathsome beyond description. I tried many medicanes and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I know from your reputation that any thing you made must be good. I sent to Cincuntati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, und used almost three bottles. New and healthy skn soen began to form under the scab, which after a while foll off my skin is now clear, and I know by my kelings that the disease has gone from my system. You c. n well believe that I feel what I am saying when I tell you, that I hold you to be one of the a oatles of the age, and remain ever gratefully. Yours, Alfreid B., Talley.

St. Anthony's Fire, Rose or Erysipelas, OAKLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head kingworm, Sore Eyes, Dropsy.

Dr. Rooert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsapardia, and also a dangerous attack of Malignant Eryspelas by large doses of the same says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sioan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerras—a hideous swelling on the neck, which I had suffered from over two years." Leucorrhœa or Whites, Ovarian Tumor,

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your sarapartila a mo. text-elient alternative in the numerous complaints for which we employ such a remedy, but especially in female Diseases of the Scrofutous disthesse. I have cured many invoter atecases of Leucorthosa by it, and some where the complaint was caused by ulceration of the ulceration itself was suon cured. Nothing within my knowledge equals it for these lemale derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous occarian tamor on one of the females in my family, which had defuce all the remedies we could employ, has at length been completely cured by your extract of Sarsaparila. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your sarsaparilia as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1959.

NEW ORIEANS, 25th August, 1959.

Dr. J. C. Ayek: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sursaparilla.

I have cured with it, it my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had dyphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, sleadily taken, cured him in live week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poisson in her bouses. They had become so sensitive to the weather that on a damp day she suffered exercicating main in her joints and bones. She, too, was cured entirely by your Sarsaparilla is a few weeks. I know from the formula, which you agent gave me, that this freparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have net surprised me.

Fraternally years,

ve net surpriseu me. Fraternally yeurs, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859.
DR. J. C. ATB2: Sir, I have been affliced with a pain ful chronic Rheumatism for a long time, which bailled the skill of physicians, and stack to me in spike of all the remodies I could in, until I tried your Sarsaparilla.— One bottle cured me in two weeks, and restored my gen-eral health so much that I am far cetter than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the liver, which desuroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cared me. I feel young again. The best that can be said of you is not haif good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have result form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer can Almaniac, which the agents below named are pleused to forniso gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

This is a remedy so universally known to surpage any other for the cure of throat and iting complaints, that it is useless here to publish the evidence of its virtues. Its universally evidence for coughs and colds, and its truly wonderid cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities; of even families, among them who have not some personal experience of its effects—some living trophy in their minst of its victory over the subtile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have tues that it did have when making the cures which hav won so strongly upon the confidence of mankind.
