DR. JOHNSON

BALTIMORE

LOCK HOSPITAL.

HAS discovered the most certain, speedy and effectual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

☞ Cures Warranted, OR NO CHARGE, IN FROM ONE TO TWO DAYS. ☜

Weakness of the Back or Limbs, Strictures, Pains in the Bones, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debility, Decay of the Physical Powers, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity; Tremblings, Dimness of Sight or Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion or Solitary Habits of Youth—those dreadful and destructive practises which produce constitutional debility, render marriage impossible, and destroy both body and mind.

YOUNG MEN.

Young men especially who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talent and brilliant intellect, who might otherwise have entranced listening senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

ORGANIC WEAKNESS

Immediately cured and full vigor restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges in the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately,

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either business or society.

There are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.

The fearful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their decline in health, losing their vigor, becoming weak, pale, nervous and emaciated, have a singular appearance about the eyes, cough, and symptoms of consumption.

YOUNG MEN

Who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are sadly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life by the consequences arising from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

Be sure that a sound mind and body are the most necessary requisite to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated who have lost all hope, have been immediately relieved. An impediment to Marriage, Physical or Mental Disqualification, Nervous, Trembling, Weakness or Exhaustion of the most fearful kind, speedily cured.

TO STRANGERS.

How many thousands cured at this institution within the past twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, Dr. J. *standing as a gentleman of character and responsibility*, is a sufficient guarantee to the afflicted.

SECRET OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that a blunted sense of shame or dread of discovery deters him from applying to those who, from education and responsibility can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, &c., destroying on with frightful rapidity, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that *deadly poison, mercury*, ruin the constitution and make the residue of life miserable.

CAUTION TO STRANGERS.—The Doctor's Diplomas hang in his Office.

THE WAR IN THE WEST.

IMPORTANT FROM GENERAL GRANT'S DIVISION.

A Reconnoisance at Fort Henry.

SEVERAL SHELLS THROWN INTO THE ENTRENCHMENTS.

Landing of the Federal Troops.

An Engagement Hourly Expected.

CHICAGO, Feb, 5.

[*Special to the Journal, Cairo.*]

The force under Gen. Grant arrived at Itris landing, six miles from Fort Henry, yesterday afternoon. The gunboats Essex and St. Louis made a reconnoisance of the rebel works for the purpose of landing the forces.

They went within a mile and a half of the Fort, throwing several shells inside the entrenchments. The fire was returned.

One shot struck the Essex, going through the corner of Captain Porter's cabin.

The range of their guns being ascertained, a place was selected for landing, which was to be done yesterday afternoon.

The force of the enemy is supposed to be fifteen thousand. A despatch dated to-day says that General Grant's force was within four miles of fort Henry. A fight is expected today.

FROM SALT LAKE CITY.

SALT LAKE CITY, 5th.

Two Frenchmen, Silver and Seven, started some time since from the Rocky Ridge to go to the Wind River mountain. They were overtaken by storm and lost their way. After wandering about twenty-two days they found telegraph poles, and remained there until picked up by the stage. They were in an exhausted condition, having eaten their dog and a portion of one of their horses and a beaver hat to sustain life.

XXXVIIth Congress--First Session.

TRAITOR BRIGHT EXPELLED.

CONTINUED FROM SECOND PAGE.

WASHINGTON, Feb. 5.

IN SENATE.

The morning hour having arrived the bill was laid over, and the Bright case was taken up.

Mr. ANTHONY, (R. I.) said he had arrived at the conclusion that he must vote for the resolution of expulsion, though he should do it with great zeal in times like these. The Senate must not be filled with men the least suspected of disloyalty. He should vote on the simple record of the letter. He thought that any senator who could write such a letter as that to such a man, *to such a traitor*, was unfit for a seat in this Senate.

Mr. HARRIS (N. Y.,) made a reply to the attempt of the New York legislature to dictate to him his course on the subject—on a question of political expediency or national policy he would listen to the legislature, but on the question of right and wrong he was himself responsible to his conscience and his God, and he would allow no man or body of men to intervene between him and his conscience—on an exclusive or judicial question the legislature had no right to interfere.

Mr. FOSTER accordingly read the remainder of the resolutions, which had been omitted by Mr. Bright, deplorisg the state of the country which had been reduced by sectionalism, and referring to the principle of the Democratic party, declared that the present state of the country was due to the agitation of slavery by fanatics, and the adoption of the sectional platforms of the Buffalo, Philadelphia and Chicago conventions, and that the Republicans in rejecting all offers of compromise had assumed the fearful responsibility, and they had shown their utter inability to conduct the government in the difficulty, and denouncing the plan of emancipation and the suspension of the writ of habeas corpus.

Mr. BRIGHT said he had only read two of the resolutions, because some of the others contained language which might possibly be deemed offensive by some Senators, but laying aside all that, he could endorse the resolutions in all their length and depth.

Mr. BAYARD, (Del.,) spoke at some length in favor of Bright, contending that the Senator could not from all circumstances at the time the letter was written, believe there was to be war and consequently could not have had any intention of doing wrong in writing a simple note of introduction.

Mr. COWAN (Pa.) said he had only a word to say. He had nothing to gain by supporting the Senator, and nothing to gain by opposing what he believed to be the universal sentiment of the State, but he should be true to his conscience. He would rather be torn to pieces by wild horses than yield his convictions of duty. He was a free man, and nobody his master.—If Bright is expelled, and he is asked upon what charge, he could not tell. It would be better for the Senate if it had more charity, and the better observance of rules and laws.

Mr. BRIGHT made a lengthy speech complaining of the injustice that had been done him, and of partisan spirit exhibited against him during the debate on this subject. If he was expelled he intended to refer the question to the people of Indiana

Mr. TEN EYCK followed declaring his inflexible purpose to do what he thought was right.

After further remarks by Mr McDOUGALL and WILLEY a vote was taken on the resolution to expel.

YEAS—Messrs. Anthony, Browning, Chandler, Clark, Collamer, Davis, Dixon, Doolittle, Fessenden, Foote, Foster, Grimes, Hale, Harlan, Henderson, Howard, Howe, Johnson, King, Lane, (Ind.) McDougall, Morrill, Pomeroy, Sherman, Sumner, Simmons, Trumbull, Wade, Wilkinson, Wilmot, Wilson, (Mass.) and Wilson, (Mo.)—32.

NAYS—Messrs. Bayard, Carlisle, Cowan, Harris, Kennedy, Latham, Nesmith, Pearce, Powell, Rice, Saulsbury, Ten Eyck, Thompson, and Willey—14.

The President said as two-thirds had voted in favor of the resolution, it was adopted—[applause in the gallery, immediately checked by the chair]—adjourned.

HOUSE OF REPRESENTATIVES.

Mr. PIKE (Me) favored the bill. As a hard money man he could not vote for the measure without the legal tender clause, as it was really the specie clause.

Mr. ALLEY (Mass) said upon the decisions of this hour are involved, in a great degree, the prosperity and growth of all the material interests of this country for generations to come, no less than the pecuniary salvation in the present. Beneficent as this measure is, as one of relief, nothing could induce him to give it sanction, but an uncontrollable necessity, to dispose of the bonds of the government at anything, greedy avarice may dictate, and the alternative really amounts to this, rather than revert to this measure is sucking the very life blood of the nation to fertilize the already prolific soil of the capitalist. Congress has power to inaugurate today a system of financial policy both for the government and people, which will establish our prosperity upon a firm foundation and give strength and stability to our institutions. Let it not disappoint, in this moment of peril, the first expectations of American people.

Mr. WNIGHT, (Pa.) said he had voted to sustain the President in suspending the writ of Habeas Corpus, in declaring certain ports blockaded, and for extreme measures which were justified by the public necessity. Now they were called upon, according to the terms of this bill, to declare it constitutional and legal to make money out of paper. He did not feel justified in going so far as to cast his vote for any such measure. He would vote for taxation to the uttermost limits. We have the means, the property and the money, but the issues now proposed would bring upon the country more ruin than the rebels have already thrown upon it. The notes authorized by the bill are payable at no place or time and are to be made a legal tender in payment of all debts. He argued the constitutional question that they could not make anything but gold and silver a legal tender.

Mr. HARLAN, (Ohio,) said if the bill should pass, which he hoped would not be the case, it would be a departure from the financial system of the country. He advocated Morrell's substitute, which proposes the payment of the interests in coin, and for the redemption of the notes in ten and twenty years, and stated at length his objections to the pending measure.

The committee then rose after it was mutually agreed upon, that the general debate on this bill is to cease on the expiration of two hours after the House shall again take it up.

The House then adjourned.

SAVAGE FEMALE REBELS.—There are residing in Alexandria, Va., a lady and two young daughters, who support themselves by keeping a boarding house. One of the male boarders a few days since hoisted upon the top of the dwelling an American flag. The daughters, upon learning that they were moving about under the Stars and Stripes, became horrified, and declared that the flag should not float over their heads. They accordingly, at great personal risk, clambered upon the roof of the house and tore down the national emblem, trampled it under foot, rent it into shreds, then threw the fragments into the stove, and ended by taking the ashes and throwing them contemptuously in the street. The pretty rebels should be complimented with a visit to one of the numerous asylums devoted to enemies of our country.

BURNING PETROLEUM.—An article in the Buffalo Medical and Surgical Journal, contributed by Prof. Hadley, the chemist, speaks as follows of the method of using petroleum: "Resembling the essential oils in character, the refined petroleum requires a lamp of strong draught to burn without smoking. The ordinary kerosene lamps effect this tolerably well. But the flame must be kept too low, or offensive vapors are generated from the best oil. The fault here is in the lamp, or in the mode of using it. When, however, the oil is properly prepared, and the lamp well managed, it will give a strong, steady light, and will continue to burn with little or no failing of the flame for many hours, and without the evolution of any products more noxious or offensive than those from the old sources of illumination."

THE deficit in the budget of the Kingdom of Italy for 1862, is estimated, if expressed in our currency, at seventy millions of dollars. The deficit for 1861 and 1862—the two years of the foundation of the Italian Kingdom—will, therefore amount to $150,000,000. Of this the public lands, loans, taxes and other revenues, will clear off a part, leaving an unprovided deficit of $35,000,000. The unprovided deficit of Austria for the same time is $45,000,000.—Italy hopes to get rid of her deficit by increased taxation, and Austria will try another plan.

THE forests of the Aroostook, (Maine,) where for many previous winters thousands of axes have almost incessantly sounded, are almost silent this season. The sturdy lumbermen are away to the wars, and the pines will stand another year. The same is to a large extent true of the lumber districts of the Northwest.
