GOLDEN ELECTRIC OIL. EVERY body ought to join in circulating it, if the fact, we represent are so. All are in terested, the well and afflic ed. terested, the well and afflic ed.
The GULDEN ELECTRIC Cluis pacial in Chronic and Nervoos Diseases, such as Rheumatism, Neuralgia, Bronchitis, Catarrah, Scrotula, Piles, Fresh or Old Sores, Ulcers, Guandular Swellings, Female Complaints, Sore

Hreasts, &c.
In fact there is no family medicine that acts with such magic power as the Golden Electric Oil. Hundreds can

oerlify to its virtues.

For the purpose of introducing it into every family, with two of my own variable preparations for Cougus, Croup, Weak and inflamed Eyes, and as an inducement to those wno sasist me to dispose of 20 gross, I place in possession of a committee of honorable gentlemen the following valuable articles, for FREE distribution amongst the purchasers:

ours or give relief, or no obarge. See certificates.

Dr. W. Harr—Drag Sir.—As I have learned that you have purchased the right to manufacture and sell M'Connell's Goidea Electric Oil, for the benefit of the stillated, a send the following:—I have been allicated with a running sore on my test leg for the years. During that time I have been thought the testinent of the of the best Bootors in Harrisburg, Battimore and Cumberland country to the all could not effect a cure. A latte over a year past, going into my blacksmith shop after surk; I burr my right leg awe, below the anos. Its prend all around the leg, and became a running sore. Several bectors told me I must have my leg taken off, mortification having taken place. Fortunatly 1 got a bottle of your Goiden Electric Oil for my cultur's sore mouth. It cured so soon that I shought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and wen.

JOHNS & CROSLEY'S IMPROVED GUTTA PERCHA CEMENT ROOFING, The Cheapest and most durable Roofing in use

IT IS FIRE AND WATER PROOF. It can be applied to NEW and OLD ROOFS of all kinds, steep or flat, and to SEINGLE ROOFS without removing the Shingles.

The Cost is only about One. Third that of Tin AND IT IS TWICE AS DURABLE

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTLA PERCHA AND INDIA RUBBER.

No Heat is required in making application. The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one, and when finished forms a perfectly Fire Proof sur face with an elastic body, which cannot be injured by Hear COLD or Storms, Shrinking of Roof Boards, nor any ex-ternal action whatever.

LIQUID GUTTA PERCHA CEMENT, For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPEARING METAL BOOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent udon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WARH OFF.

Leaty Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA USMENT, and prevented from further corrector and leaking, thereby ensuring a perfectly tight roof for many years.

This Cement's peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also, for general manufacturers use.

GUTTA PERCHA CEMENT For preserving and repaing Tin and other Metal Roofs of every description, from its great elasticity, is not injured than is of the posterior of the second second in the second second in the second Crack in cold or run in warm wearner.

These materials are ADAPES TO ALL CLIMATES, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING irolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrels, with fdil printed directions for appli-

AGENTS WANTED. We will make liberal and satisfactory arrangements with responsible parties who would like to establish them-selves in a lucrative and permanent business.

OUR TERMS ARE CASH.

We can give abundant proof of all we claim in favor of our Improved Roofing having applied them to several thousand Roofs in New York City and vicinity. Johns & Crosley. SOLE MANUFACTURERS. Wholesale Warehouse 78 William St... Corner of Liberty Street.

PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

[FROM OFFICIAL HOSPITAL REFORMS.]

MAY 19, 1860.—Kiles S., st. 23, single, never was very strong. Two years ago she had an atlack of acute rhoumatism, from which she was confined to her bed for two weeks and subsequently from a relapse fer four more. She has been well since then till last Satur day, while engaged in house cleaning, ahe took cold, had pain in her back, felt cold, hot had no deeded chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and paintul; both hands are affected, but the right is most so. This, then, is a case of soute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been I ecommended in the treatment of rheumatism. Im an proppidante. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always moredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then isboring under an attack of acute rheumatism. She has steadily taken it in doese of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fall to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use o the same medicine on Sunday last; she has long been suffering from c bronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swellen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last olinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jurymen, we shall justly render our verdict in fayor of propylamine.

He is a seaman, set. 28, who was admitted a few days ago. Has has occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse swesting, so generally attiendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture en all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other mediciaes, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is ; the case of acuterheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed xtract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medcal authority in this country, and makes it unnecessary to give numerous certificates from autonished doctor and rejoicing patients.

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

OARLAND, Ind., 6th June, 1859.

J. C. ATER & Co., Genis: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and losthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small does of a teaspoonfit over a month, and used almost three bottles. New and healthy skn soen began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

AlfRED B, TALLEY.

St. Anthony's Fire. Rose or Krysinelas.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelase by large doses of the same says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerras—a hideous swelling on the neck, which I had suffered from over two years." Leucorrheea or Whites, Ovarian Tumor. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your Sarsaparilla a mot excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Famale Diseases of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrhosa by it, and some where the complaint was caused by silveration of the sterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Riward S. Marrow, of Newbury, Als., writes, "A dangerous couran sumor on one of the females in my lamily, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your fearespills as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1959.

Dr. J. C. Ayen: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezal and Mercavial Disease. One of my patients had Syphilitic ulcers in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had esten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. I hay had become so sensitive to the weather that on a damp day she suffered excructating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly romarkeble results with it have net surprised me.

Fraternally yours,

G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint: NEW ORLEANS, 25th August, 1959.

Rheumatism, Gout, Liver Complaint.

IMDEPENDENCE, Precton Co., Va., 6th July, 1859. DR. J. C. Ayre: Sir, I have been afficied with a paintal chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. PREAM. J. FREAM.

Jules Y. Getchell, of St. Leuis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rov. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young agalo. The best that can be said of you is not half good enough."

half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer-can Almanao, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Rpilepsy, Melancholy, Neuralgia,

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID OURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages

of the Disease This is a remedy so universally known to surpass any other for the oure of throat and itung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderial cures of pulmonnry disease, have made it known throughout the civilized nations of the earth.— Few are the communities, or even families, among them who have not some personal experience of its effects.— some living trophy in their midst of its victory over the subile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
