cure or give relief, or no charge. See certificates.

DR. W. BARE—DRAS SIR:—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden hieteric Oil, for the benefit or the afflicted, I send the fullowing:—I have been afflicted with a running sore on my lett leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blackmith shop after dark, I hurt my right leg asso, below the snee. Itspread all around the leg, and became a running sore. Several Dectors of the me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric oill for my child's sure moute. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now halled up—sound and weit.

PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

[FROM OFFICIAL HORITAL REFORM.]

MAY 19, 1860,—Ellies S., st. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subseqently from a relapse far four more. She has been well since then till last Saturday, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had so decided chill. Two days later her ankies began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. Im-an propylamsia. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great cenedit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared. In our journabs, and I propose therefore to give it another trial. I must confess I am always moredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial. are bound to give it a trial.

SAME CASE FOUR DAYS LATER! MAY 23, 1860.—I will now exhibit to you the patient for MAT 23, 1880.—I will now exhibit to you the patient for inguider an attack of acute rheumatum. She has stasdilly taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little white before we can give a decided opinion as to what is to be the result.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from c bronic rheumatism, and I found her at that time with an soute attack supervening upon her chronic affection. The wrists and knuckies were much swollen and tense. She took the obloide of Propylamine in three grain doses every two bours, and you will perceive that the swolling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treates: with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very, satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, set 26, who was admitted a few days ago. Has had ocassional rheumatic panes, but not so as to keep his bed, until cight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for tenty-four hours.

This gentleman is what may be called a strictly typical case of soute rheumatism. There was exposure to cold and was, and this exposure, is, this was will be a strictly typical case of a strictly the later of the later o

THE RESULT.

A PAVORABLE VERDICT.

June 9, 1800.—The next of our convenerants is they case of souter beamatism before you at our clinic of May 30th, which I thee called a typical case, and which it was called a typical case, and which it was premarked was a fair opportunity for testing the worth of our agir remedy. It was therefore steadily from its flarestynian doese every two hours for four days. The passion has get along very mostly, and is now able to make the surface of the safe of the fair to the safe of the s

For a full report of which the above is a condens extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair-trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astoniahed doctors

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-joined varieties of Disease :

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. OAKLAND, Ind., 6th June, 1859.

OAKLAND, Ind., 6th June, 1859.

J. C. ATER & Co., Gemis: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Sorofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy aku soen began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You c. In well believe that I feel what I am saying when I tell you, that I hold you to be one of the a, ostles of the age, and remain ever gratefully. Yours,

Alfred B, Taliley.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Drop sy, which threatoned to terminate fatally, by the perse vering use of our Sarsaparila, and also a dangerous at tack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly.

Branchocele, Goitre or Swelled Neck, Zebulon Sloan of Prospect, Taxas, writes: "Three bottles of your Sarsaparilla cured me frem a Gerras—a hid sous swelling on the neck, which I had suffered from

Leucorrhosa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the respect of your agent in saying I have found your sarsapartila a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrhoa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my snowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous courient stemor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Barsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1959.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have callsted with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercarial Disease. One of my patients had Syphilitic ulcors in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, oured him in five week. Another was attacked by secondary symptoms in his mose, and the ulcoration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilia: the ulcors heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poisso in her bones. They had become so sensitive to the weather that on a damp day she suffered accruciating pain in her joints and bones. She, too, was corred entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

G. V. LARIMER, M. D. NEW ORLEANS, 25th August, 1969.

Richmatism, Gout, Liver Con International Province Construction of the Con

Julies Y. Geichell, of St. Leuis. writes! "I' have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve up; and I have been a broken down man for some years from no ther cause than devenues of the Liver. My beloved pastor, the Rev. Ma. Laby, advised me to try your Saraparrilla, because the addition to the control of the Liver. My beloved pastor, the Rev. Ma. Laby, advised me to try your Saraparrilla, because the latest to the control of the liver trying. By the blessing of God it has cured me. I the young again. The best that can be said of you is a buff good chough."

Behirrus, Cancer Tumors, Enlargement. Ulceration, Caries and Exfoliation of

A great variety of cases there been reported to us where curse of these formidable complaints have resulting the use of this remedy, but one space here will not simil them. Some of them may be found in our american Almanac, which the signification below named are pleased to furnish graits to all who call for them.

Dyspepaia, Heart Disease, Fits, Epilepsy, Melancholy, Meuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. The same that the vital functions into yigorous actions, and thus describes comes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID OURS OF

Couphs, Colds, Influence, Hosteseness Croup, Econohitts, Incipient ston-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

This is a remedy so universally known to servess any other for the ours of themstand tong complaints, that it is uncless here to publish the systems of its yirkess. Its survivaled excellence for coughs and colds, and its traily wonderful curse of pulminarity disease. Him made it is nown throughout the civilistd nations of the feirth.—Hew are the communities, or eyen families, among them who have not some personal experience of its effects.—It was not some personal experience of its effects.—It was all know the dreadful famility of these disorders, and as all know the dreadful famility of these disorders, and as all know the dreadful famility of these disorders, and as they know to, one effects of the remedy, we need not be more than to assure them that it has all the type the complete of the form of the first that it did have, when making the burne which have won so errough type the complete of the first that the first the first that the
