THE VERBERE RIFLES. Capt. Geo. A. Brooks, of this city, attached to the 46th Pennsylvania regiment, in Gen. Banks' column, on the Potomac, from all accounts, are winning golden opinions from the military authorities for their effectiveness and thorough military discipline. Recently the Ritles received the high compliment of being one of two companies selected from an entire brigade to make a reconnoisance in the direction of Bath, Va. This small force was afterwards augmented by the addition of one more company. The expedition after marching, or rather skirmishing, for over two miles, saw none of the enemy save a few pickets, who were driven in. Towards evening the companies returned to camp, first throwing in the nver some timber which the rebels had prepared for erecting a bridge over the Potomac to bring Jackson's army over. The letter from which we derive the above particulars adds, "had we met any of the secession rascals there would have been "fun." The "Rifles," generally, are in the enjoyment of good health, and anxious for a passage at arms with the enemy.

Skaring Again.—The cold "snap" of the last few nights have produced excellent skating, and the several ponds in the vicinity of our city this morning were the scenes of much pleasblable excilement to the nimble and graceful of such occasions.
