28 On the payment of 25 cents for each Bottle or Box of the Medicine, the purchaser, will receive a receipt and an order for an eavelope, which will contain the name of one of the above gifts. On the day of the distribution of gifts, the envelopes will be placed in a tax or wheel, with a hole to pass the hand into it, the envelopes all put into the wheel, well shook up and secured, each purchaser will draw out his or her own envelope; the gift named therain will be given as soon as the drawing closes. No tice will be given to agents, and in the papers, of the day of distribution. Purcoasers at a distance will have an equal share with those residing in Harrisburg. On receipt of the money for one or more dozen, the medicine, with cordicate and orders, will be forwarded by express, free of charge. In all cases the medicine is warranted to cure or give relief, or no charge. See certificates.

sure or give relief, or no charge. See certificates.

Dr. W. Barr—Draz Sir.—As I have learned that you have purchassed the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the affiioted, I send the following:—I have been afflicted with a running sore on my left leg for ten years, During that time I have been under the treatment of ten of the best Bootors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the sines. Its pread all around the leg, and became a running sore. Several Dectors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

PENNSYLVANIA HOSPITAL. FROM OFFICIAL HOSPITAL REPORTS.]

[FROM OFFICIAL HOSFITAL REFORMS.]

MAY 19, 1860,—Ellen S., set. 28, single, never was very strong. Two years ago khe had as attack of acute rheumatism, from which she was confined to har hed for two weeks and subsequenty from a relapso for four more. She has been well since then till last Satur tay, while engaged in house cleaning; she took cold, had pain in her back, felt cold, hot had no deeded chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. Bhe has now dull pain in her shoulders, and he remeded the same well give most so. This, then, is a case of acute rheumatism, or, as it is now fashlonably called, rheumatic fever. It is a well rhmarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been a commended in the treatment of rheumatism. I man propplement. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great coachi from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our iourneys and I romones therefore to give it another. in 200 cases which came under his care. Various com-mendatory testimonials respecting it have appeared in our journels, and I propose therefore to give it another trial I must confess I am always increditions as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

May 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then labor-ing under an attack of soute rheumatism. She has the dilly taken it in deap of these manne any ten house ing under an attack of soute rhommatism. She has seadily takem it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, botter than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now hearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinsum as to what is to be the result.

Here is another patient who was absent on the use of

fore we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from o bronde rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tenso. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

MAT 26, 1850.—This is the case of soute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory remits. The second case to which your attention was called at our last lecture, has also continued to do well? I will now bring before you a very characteristic case, of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justify render our verdict in favor of propylamine

He is a seaman, set 28, who was samilted a few days ago. Has had ocassional rheumatio pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, jouse and temter. His tongue is furred; his skin, at present dry, thoug; there has been much sweating. His pairs is full wild strong, and about 90.—

He has now used propylamine far treany four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it munity does, in the lower joinet. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient series you with the intention of giving you a lockure on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there to uld not be a fairer opportunity for exiting the medicine in question. We are, therefore, avoiding the use of all other medicines, even anolynes, that there may be no miggivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 1, 1860.—The next of our convalencents is the case of acuter heumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain do es every two hours for four days. The patient has got along very nicely, and is now able to wait about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients I we regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a conde atract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this con ary, and makes it unnecessary to give numerous certificates from astonished doots and rejoicing patients.

A SPEEDY CURE, AN EFFECTUAL OURE THE SAME RESULT

WHAT IT HAN DONE.

IN EVERY CASE, WHENEVER TRIED WHENEVER TRIED IT WILL DO AGAIN

Bullock & Crenshaw, a firm well known to most med cal men, by whom the Elixir Propylamine has been in troduced, have sold to us the exclusive right to manufac ture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS.

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. ND for the speedy ours of the sub-

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Rlotches, Boils, Blains, and all Skin Diseases. OAELAND, Ind., 6th June, 1869.

OALLAND, Ind., 6th June, 1869.

J. C. ATER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcer's on my hands and arms; nometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew irom your reputation that any thing you made must be good. I sent took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin som began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the ajostles of the age, and remain ever gratefully. Yours,

AlfRED B. TALLEY.

St. Anthony's Fire, Rose or Ervaipelas.

St. Anthony's Fire, Rose or Erysipelas. Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes irom Salem, N. Y., 12th Sep., 1859, that he has cured an invelcrate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparalla, and also a dangerous attack of Malignant krystpelas by large doses of the same says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sican of Prospect, Texas, writes: "Three bo tics of your Sarsaparilla cured me from a Gerras—a his sous swelling on the neck, which I had suffered from over two years."

Lencorrhoa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your sarsaparilia a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Famile Diseases of the Scrolilous disthesis. I have cured many inveterate cases of Leucorrhons by it, and some where the complaint was caused by ulceration of the utersu. The olcoration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Biward S. Marrow, of Newbury, Ala., writes, "A dangerous coarian tismor on one of the females in my tamily, which had defied all the remedies we could employ, has at length been completely cured by your fixtract of Sersaparilla. Our physician thought nothing but anti-ration could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1969.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your Sarasparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venezal and Mercariol Disease. One of my patients had styphillic ulcors in his throat, which were consuming his pelate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was atlacked by secondary symptoms in his nose, and the ulcoration had eaten away a considerable part of it, so that I believe the disorder would soon reson his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcors heated, and he is well again, not of course without soone disfiguration to his face. A woman won had been treated for the same disorder by mercury was suffering from this poisoo in her bones. They had become so sensitive to the weather that on a damp day she suffered excructailing pain is her joints and bones. She, too, was cured entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this freparation from your laboratory must be a greater medical for the surprised me.

Fraternally yeurs,

G.V. LARIMER, M. D.

Rheumatiam, Gout, Liver Complaint. NEW ORLEANS, 25th August, 1969.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859.

DE. J. C. ATES: Sir, I have been affice.ed with a painful chronic Rheumatism for a long time, which befiled the skill of physicians, and stock to me in spite of all the remedies I could fin, until I tried your Sarsaparilla.—One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it s wonderful medicine. Julie Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing tailed to relieve me; and I have been a broken down man for some years from no ther cause than dorongment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarssparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has circed me. I feel young again. The best that can be said of you is feel.

young again. The best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to use where cures of these formidable complaints have result form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Rpilepsy, Melancholy, Neuralgia, Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the nocessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-

sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

of the Disease

gethis is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their mids of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the condience of mankind.
