oure or give relief, or no charge. See certificates.

Dr. W. Bare—Drag Sir — As I. have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running acre on my lest leg for ten years. During that time I have been under the treatment of ten of the best Boors in Harrisburg, Ballmore and Cumberland. County; but alloudd not effect a cure. A little overs year past, going into my blacksmith shop, after dark, I hurt my right leg also, below the anee. It spread all a round the leg, and became a running sore. Several Dectors told me I mest have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—cound and well.

ELISHA T. HOUCE.

ELISHAT. HOUCH.

We, the undersigned, who are well acquainted with flight T. Houch, do certify to the fact as stated above, and the beneutrit effects of M'Connell's Golden Electric Oil on many of our neighbors.

Important to House Owners. Important to Builders. Important to Rail Road Companies Important to Farmers.

body. JOHNS & CROSLEY'S IMPROVED GUTTA PERCHA

CEMENT BOOFING. The Chespest and most durable Boofing in use IT IS FIRE AND WATER PROOF. It can be applied to NEW and OLD ROOMS of all kinds, steep or flat, and to BRINGLE ROOMS without removing the Shingles.

The Cost is only about One Third that of Tin AND IT IS TWICE AS DURABLE.

This is the ONLY material manufactured in the United Sales which combined the very destrable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTIA PERCHA AND INDIA EURBER.

No Heat is required in making application. The expense of applying it is trilling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one, and when fluished forms a perfectly fire Proof surface with an elastic body, which cannot be injured by fluir COLD or STORMS. SERINKING OF ROOF BOARDS, nor any bx-ternal action whitever.

LIQUID GUTTA PERCHA CEMENT. For Coating Metals of all Kinds when exposed to the Action of the Weather, and FOR PRESERVING AND REPEARING METAL

ROOFS OF ALL KINDS. This is the only composition known which will successfully resist extrence changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LUNG; and from its clasticity is not injured by the contraction and expansion of the and other Metal Roofs, consequent upon sudden changes of the weather. H will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leavy Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from urther corrosion and leaking, thereby ensuring a perfectly tight roof for many years. This Cement is peculiarly adupted for the preservation of IRON RAILINGS, STOVES, RANGES, BAFES, AGRI-ULTURAL IMPLEMENTS, &c., also for general manu-octurers use.

QUITA PERCHA CEMENT For preserving and repaing Tm and other Metal Roots of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not grack in cold or run in warm weather. These materials are abapted to ALL CLIMATE, and we These materials are apartus to all climates, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA ORMENT in barrels, with fall printed directions for appli-

AGENTS WANTED. We will make liberal and satisfactory arrangement with responsible parties who would like to establish them selves in a lucrative and permanent business. OUR TERMS ARE CASH. We can give abundant proof of all we claim in favor of our Improved Roofing having applied them to several thousand Roofs in New York City and vicinity.

DOCTURS KNOW IT, PATIENTS BELIEVE IT, TRIED AND TRUE. PENNSYLVANIA HOSPITAL

FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860.—Elles S., st. 23, single, never was very strong. Two years ago she had ahratack of acute riticulation, from which ahe was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then this last Satur day; while-engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided thill. Two days later her ankies began so, swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knucktes are very thonder, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism; or, as it is now fashionably called, rheamatic lever. It is a well remarked typical case. We will carefully watch the case, and from timo to time call your attention to the various symptoms which present themselves, My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. In an propylamias. Avenarish, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specific; but this comes to as recommended so highly, that we are bound to give fit a trial. [FROM OFFICIAL HORPITAL REPORTS.]

SAME CASE ROUR DAYS LATER!

May 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rhebinatism. She has steadily taken it in dess of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more, comfortable, better, than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change is the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little will before we can give a decided opinion as to what is so be the result.

Here's a mother patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a broule rheumstism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knockies were much swollen had teuse. She took the chloride of Propyles; mine in three grain dozen every two hours, and you will perceive that the swelling of the joints has much distinsished. SAME CASE FOUR DAYS LATER!

THREE DAYS LATER !!

THREE DAYS LATER!

...MAY 28, 1860.—This is the case of acute rheematism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed so be followed by very satisfactory gesults. The second cise to which your attention was called at our last lecture, has also continued to do well? I will now thing before you a very characteristic case; of soute rheumatism, and if the result be satisfactory, it thinks, as good jurymen, we shall justly render our verdict in favor of propylamine.

He is a seaman, st. 28, who was admitted a few days ago. Has had ocasional theimatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all avoiling tense and tender. His tongue is furred; intestin, as present dry, though there has been much gweating. His pulse is full and strong, and about 90,—He has now used propylamine for twenty-four hours. This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the tower point. There was exposure to the new tender, we far to the heir remotive and the profuse sweating, so generally attendant on some rheumatism. I did not be a fairer opportunity for itesting the medicine in question. We are, therefore, a wolding the use of all other medicines, even above the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 2, 1860.—The next of our convalencents is: the case of acute rhaumatism before you at our clicic of May 28th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along ever nicely, and is now able to wilk allow, as you see. I do not hesitate to say that I have neves seen as severe a case of acute the maxism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we, have used, I feel bound to state that in the cases in which we have tried the Unicride to Propylamine, the 'patients have regarded' their health nuch earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a conde extract, see the Philadelphia Medical and Surgical Reorter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctor and rejoicing patients."

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-joined varieties of Disease :

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. OAKLAND, Ind., 6th June, 1859.

OAKLAYD, Ind., 6th June, 1859.

J. C. ATER & Co., Gents: I feel it my duty to acknowledge what your Earsaparilla has done for me. Having inhorited a Scrofullud infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulers on my hands and arms; sometimes turned inward and distressed me at the stomath. Two years ago it broke out on my head and covered my soalp and earn with one sore, which was painful and loathsome beyond description: I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsajarilla,) for I knew from your reputation that any thing you made must be good. I sent to Cheinnikii and got it, and used it till it cared me. I took it, as you advise, in small doses of a teagoonful over a month, and used almost three bottles. New and healthy skn soen began to form under the scab, which after a while fell off my skin is mow clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the acostes of the age, and remain ever gratefully. Nours.

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsanarilla, and also a dangerous attack of Malignani krysipelas by large doses of the same says he cures the common Kruptions by it constantly. Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes': "Three bot-tles of your Sarsaparilla cured me from a Gerra—a hid-cous swelling on the nock, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Chauding, of New York City, writes; "
most cheerfully: compity with the respect of your agent
in saying I have found your Sarasaparilia a most case ellent
alternative in the immerbid compilaints for which we employ such a remedy, but especially in Fanck Diseases of
the Scrofulous diathesis. I have cured many invetorate
cases of theodrirhosa by it, and some where the complaint was caused by siceration of the sizers. The ulceration itself was soon cured. Nothing within my
knowledge equals it for these female derangements."

Rdward S. Marrow, of Newbury, Ala., writes, "A dangerous Sourism tisself on onic of the females in my family,
which find defield all the remedies we could employ, has
at length been completely cured by your Extract of Sarsaparilla. Jur physician thought nothing but extirpation could afford relief, but he sidyled the trial of your
Sarasaparilla as the last reserve before cutting, and it
groved effectual. After taking your remedy eight weeks
no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease. New ORLEANS, 25th August, 1959.

NEW OBLEAM, 25th August, 1966.

The Carrier of the complete of your agent, and report to you some of the effects I have coulsed with by diff Saraparilla.

I have coulsed with it, in my practice, most of the complatus for which it is recommended, and have found its effects truly wonderful in the cure of Veneril and Mercarial Discuss. One of my patients had hyphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Saraparilla, stde dily taken, oured him in five week. Another was attacked by secondary symptoms in his mose, and the ulceration had estan away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bines. They had become so sensitive to the weather that he a damp day she suffered accordance in the proparation from your laboratory must be a great remedy; consequently; these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. II. Rheumatism, Gout, Liver Complaint.

! Imperatories, Precton Co., Va., 8th July, 1859. DR. J. C. ATBR: Sir, I have been afflicted with a painful circuic Rheumatism for a long time, which haffled the skill of physicians, and stock to me in spice of all the reinfedice I could fin, until I tried your Sarsaparilla.—One-bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis, writes; "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing, failed to relieve me; and I have been a broken down man for some years from no ther cause than its rangement of the Liner. My beloved partor, the Rev. Mr. Eapy, advised me to try your Sarsaparrilla, because the said he knew you, and anything you made was worth rying. By the bleasing of God it has oured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to unwhere cures of these formidable compisints have reestle form the use of this remedy, but one space bere will no admit them. Some of them may be found in our American Almhane, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Rpilepsy, Melancholy, Neuralgia, Many remarkable ourse of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the accessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

genths is a remedy so universally known to surpage any other for the cure of throist and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colder, and its truly wonderint cures of pulmonary disease, have made it known throughout the divilized nations of the carth.—
Few are the communities, or even families, among them who have not some personal experience of its effects,—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the offsets of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the curse which have won so strongly upon the confidence of mankind. Prepared by Dr. J. C. AYER & CO.,
