70 On the payment of 25 ceats for each Bottle or Box of the Medicine, the purchaser, will receive a receipt and an order for an envelope; the gift name of one of the above gifts. On the day o

our or give relief, or no charge. See certificates.

Dr. W. Barr—Drae Sir. :—As I have learned that you have purchased the right to manufacture and sell M'Consell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my let leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I burt my right leg also, below the since. It spread all around the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore moutu. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

ELISHAT. HOUCH.

using it about six weeks, and my legs are now master up—sound and well.

We, the undersigned, who are well acquainted with Elisha T. Houch, do certify to the fact as stated above, and the beneutch effects of M'Conael's Golden Electric Oil on many of our neighbors.

HENRY ANDREW,

C REGRLY,

A. P. ERB, (Bridgeport Hotel.)

BENJAMIN CLAY,

J LONGENACKER, Esq.

I have been using Dr. Barr's Croup Syrup in my family for the past two years. I would not be without it at any price, as my children are subject to Colds and Croup. I believe I have saved their lives by the use of the medicine. No family with children ought to be without it.

F. K. SWARTZ, (livery.) Harrisburg. CAMP CURTIN, December 6, 1861. CAMP CURIN, December 6, 1861.

Dr. Barr :—I thank you most sincerely for the Olitment you gave me for my eyes. I have oly used it a few times, and am now entirely tree from inflamation and pam which is more than I have been for the last five years.—I hope food will bless you for the free gift. No person afflicted with weak or inflamed sore eyes ought to be without it

This is the ONLY material manufactured in the United States which combines the very desirable properties of Etasticity and Durability, which are universally acknowledged to be possessed by GUTLA PERCHA AND INDIA RUBBER.

The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one, and when finished forms a perfectly First Proof surface with an elastic body, which cannot be injured by Heat, COLD or STORMS, SHRINKING of ROOF BOARDS, nor any external action whatever.

LIQUID GUTTA PERCHA CEMENT, For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPEARING METAL | WHAT IT HAS DONE, ROOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent udon sudden changes of the weather. It will not CRAOK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leavy Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly tight roof for many years.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manufacturers use.

GUTTA PERCHA CEMENT for preserving and repaing Tin and other Metal Roofs of overy description, from its great elasticity, is nor injured by the contraction and expansion of Metals, and will not warm weather. These materials are ADAPER TO ALL CLIEATES, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrols, with full printed directions for appli-

AGENTS WANTED. We will make liberal and satisfactory arrangements with responsible parties who would like to establish themselves in a lucrative and permanent business.

OUR TERMS ARE CASH. We can give abundant proof of all we claim in favor if our Improved Roofing having applied them to several housand Roofs in New York City and vicinity. JOHNS & CROSLEY

THE BEST TESTIMONY, BEST MEDICAL AUTHORITY. DOCTORS KNOW IT, PATIENTS BELIEVE IT, TRIED AND TRUE.

PENNSYLVANIA HOSPITAL.

(FROM OFFICIAL HOSPITAL REPORTS.) May 19, 1860,—Ellen S., set. 28, single, never was very strong. Two years ago she had an attack of acute rheuma-tism, from which she was confined to her bed for two weeks strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last statur day, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no deeded chill. Two days later her ankies began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms, which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. Im an propylamine. Dr. Awenarinis, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I. propose therefore to give it another trial. I must confess I am slawys incredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it are.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steedily taken it in doese of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a hronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and teose. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished. MAY 28, 1860.—I will now exhibit to you the patient fo

THREE DAYS LATER!!

THREE DAYS LATER!!

May 28, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to de well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisatory, I think, as good jurymen, we shall justly render our verdict in favor of propy lamine. He is a seaman, set. 20, who was admitted a few days ago. Has had coassional rheumatic pams, but not so as to keep his bed, until eight days ago. The pams began in his right knee; subsequently affected the left knee, and later, the joints of the supper extremities. Those joints are all awolen, tispes and fender. His tongue is furred; his iskin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours. This genileman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the pioints connected with Thetimatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, ever anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

JUNE 2, 1860.—The next of our convalencents is the case of acuterheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for tosting the worth of our new remedy. It was therefore steadily given in three grain doese every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I'do not hesitate to say that I have neves seen as severe a case of acuter rheumatisms os soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much carlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condense extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from autonished doctor. and rejoicing patients.

AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-joined varieties of Disease:

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scorollaus infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned in; ward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grow worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in some the season of a teaspoonful over a month, and used alto the control of the season of the action of the season of the season of the action of the season of the season of the left of my skin is now clear, and I know by my feelings that the disease has gone from my system. You can wen believe that I feel what I am saying when I tell you, that I hold you to be one of the acostles of the age, and remain ever gratefully. Yours.

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Proble writes irom Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly.

Leucorrhoa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases. Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your sarsaparilla a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Loucorrhoa by it, and some where the complaint was caused by wiceration of the wierus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Barsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks ne symptom of the disease remains."

Syphilis and Mercurial Disease.

New Oblians, 25th August, 1959.

Dr. J. C. Ater: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercarial Diseases. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away, a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so resultive to the weather that on a damp day she suffered excructating pain in her joints and bones. She, too, was surred entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this Freparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yeurs,

G. V. LARIMER, M. D.

Rheumatiam, Gout, Liver Complaint. NEW OBLEAMS, 25th August, 1959.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859. INDEPENDENCE, Precton Co., Va., 6th July, 1869.

Dr. J. C. Ayrs: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparilla.—One bettle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. FREAM.

J. PREAM.

Jules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he mid he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young argin. The heat that can he said of your argin. young again. The best that can be raid of you is not half good enough."

Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratts to all who call for them.

sy, Melancholy, Neuralgia,

Ayer's Cherry Pectoral FOR THE RAPID CURE OF

Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderial cures of pulmonary disease, have made it known throughout the civilized nations of the earth.— Few are the communities, or even families, among them who have not some personal experience of its effects.— some living trophy in their miast of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
