DR. W. BARR—DRAR SIR.—As I bave learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Uil, for the benefit of the afflicted, I send the following:—I have been addited with a running sore on my lest leg for ten yours. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the anoe. It spread all around the leg, and became a running sore. Several Dectors told me I must have my leg taken of, mornification having taken place. Fortunately 1 got a bottle of your Golden Electric Oil for my child's sure mouth. It cured so soon that I thought I would try it on my legs. I have been using it about alk weeks, and my legs are now hasled up—sound and well.

ELISHA T. HOUCH.

we, the universigned, who are well acquainted with Elisha T. Houch, do certify to the fact as stated above, and the beneated effects of M'Concell's Golden Electric Oil on many of our neighbors.

(FROM OFFIGIAL HOSTITAL REPORTS.)

MAY 19, 1860,—Ellen S., set. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bod for two weeks and subsequently from a relapse far four more. She has been well since then till last Satur day, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankles being an so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of scute rheumatism, or, as it is new fashionably called, rheumatic fever. It is a well remarked typical case We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamine. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great bonest from its use in 250 bases which came under his care. Various commendatory testimonials respecting it have appeared in our loweph and I promose therefore to give it another in 200 cases which came inder his case. Various to him mendatory testimonials respecting it have appeared in our journah, and I propose therefore to give it another trial I must confess I am always incredulous as to the worth of new remedies, which are vanied as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she exfound her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another natural size.—

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a bronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

EMAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do welr. I will now bring before you a very characteristic case of soute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamino.

He is a seaman, sat. 26, who was admitted a few days ago. Has had ocassional rheumatic pams, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremitles. These joints are all swollen, tense and tender. His tongue is furred; his skin, as present dry, though there has been much sweating. His pales is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the point connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there co uid not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anolynes, that there may be no misgiving as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for tosting the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along every nicely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentiemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed xtract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

A SPEEDY CURE, AN EFFECTUAL CURE.

THE SAME RESULT IN EVERY CASE, WHENEVER TRIED. WHENEVER TRIED. IT WILL DO AGAIN

Ballock & Crenshaw, a firm well known to most medi cal men, by whom the Elixir Propylamine has been in troduced, have sold to us the exclusive right to manufact ture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS.

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-joined varieties of Disease :

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases. OAELAND, Ind., 6th June, 1859.

OAKLAND, Ind., 6th June, 1859.

3J. C. ATER & Co., Gents: I feel it my duty to acknowledge what your Saraaparilla has done for me. Having unherited a Scrofulous infectiou, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one soro, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Cincinnaul and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soon began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the atostics of the age, and remain ever gratefully. Yours,

Alfred B, Talley.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Taxas, writes: "Three bot-ties of your Sarsaparilla cured me from a Gerras—a hid-sous swelling on the neck, which I had suffered from over two years."

Leucerrhosa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. R. S. Channing, of New York City, writes; "
most cheerfully comply with the respect of your agent
in saying I have found your sarsaparilia a most excellent
alternative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of
the Sorofatous disthesis. I have cured many invetor ate
cases of Leucorrhosa by it, and some where the complaint was caused by silceration of the steries. The ulceration itself was soon cured. Nothing within my
knowledge equals it for these female derangements."
Edward S. Marrow, of Newbury, Ala., writes, "A dangerous operion tumor on one of the females in my family,
which had defied all the remedies we could employ, has
at length been completely cured by your Extract of Sarnaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your
Sarsaparilla as the last resort before cutting, and it
proved effectual. After taking your remedy eight weeks
no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease. NEW ORLEANS, 25th August, 1969.

NEW ORLEAMS, 25th August, 1969.

Dr. J. C. Ayea: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparilla.

I have realized with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Diseases. (ne of my patients had syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in dre week. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, too, was coured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Rheumatism, Gout, Liver Complaint.

Rhenmatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1869.

DR. J. C. Aybe: Sir, I have been afficied with a painful chronic Rheumatism for a long time, which baffled the sattle of physicians, and stuck to me in spite of all the remedies I could fin, until I tried your Sarsaparilla.—One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. PREAM.

gJules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing lailed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of you is not

A great variety of cases have been reported to unwhere cures of these formulable complaints have result.

form the use of this remedy, but one space here will not admit them. Som of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Rpilep-

sy, Melancholy, Neuralgia, Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

Of the Disease

This is a romedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
