HARRISBURG, PA. Saturday Morning, February 22, 1862.

The Post Office will be open to-day from 7 o'clock A. M., and from 1 to 4 o'clock P. M.

The "SILVER GRAYS" entered upon guard duty at the State Arsenal, in this city, at 12 o'clock, M., yesterday. Captain Davis' company, previously on this duty, has been transferred to Camp Curtin.

SANFORD'S OPERA HOUSE.—Italian Opera.—A stirring bill is out for to-night's entertainment at this popular place of amusement, including the great burlesque on the Italian Opera, which must be seen to be fully appreciated. Go early if you want to secure a good seat.

GERMAN REFORMED CHURCH, THIRD AND CHESTNUT STS.—In accordance with the recommendation of the President of the United States, the Farewell Address of the immortal Washington, will be read in this church, on Saturday morning, February 22nd, 1862, at ten o'clock. The members of the church, and the citizens of Harrisburg generally, are respectfully invited to attend. By order of the vestry.

HAIR LIP skillfully operated for and the deformity removed in a few minutes, by Dr. Jones, at Herr's hotel. Dr. Jones treats successfully those affections which impair the intellect and destroy the memory. He will practice at Herr's hotel, in this city, till the third of March, but will not be able to visit Pennsylvania again professionally. He therefore requests all who wish to consult him to do so now, as this is their last opportunity.

FATAL ACCIDENT.—Night before last an accident occurred near Union Place, which resulted in the death of a Mr. Huston, a flag-man on one of the freight trains on the Pennsylvania Railroad. The train was standing near the station, when Mr. Huston had occasion to go back to give a signal. As he was crossing the railroad bridge, it is supposed that he was partially blinded or bewildered by a flash of lightning, and fell through the bridge. His head struck a rock below, injuring him so severely that he died in a few minutes afterwards.

MAYOR'S PROCLAMATION.—The Mayor has issued a proclamation, which will be found in another column of this evening's TELEGRAPH, recommending to hotel, tavern and restaurant keepers the propriety of abstaining from an indiscriminate sale of liquors to day. This is a wise precautionary measure on the part of the Mayor, and richly deserves the hearty commendation of every order-loving and law-abiding citizen in the community. Hereafter the festivities incident to public celebrations in our city have been frequently marred by drunkenness and violence, disgracing not only those who participate in such scenes, but casting a reproach upon the fair fame of the city itself. We therefore hope that our landlords, on this occasion, will heed the suggestion of the Mayor, and act accordingly.

If children could realize but a small portion of the anxiety their parents feel on their account, they would pay far greater respect to the paternal wishes. A good child, and one in whom confidence can be placed, is the one who does not allow himself to disobey his parents, nor do anything when his parents are absent, that he has reason to believe they would disapprove, where they are present. The good advice of parents is often engraven on the heart of a child, that after years of toil and care do not affect it; and in the hour of temptation the thought of a parent has been the salvation of the child, though the parent may be sleeping in the grave, and the ocean may roll between the sacred spot and the tempted. A small token of paternal affection borne about the person, especially a parent's likeness, would frequently prove a talisman for good. A Polish prince was accustomed to carry the picture of his father always in his bosom; and on any particular occasion he would look upon it, and say, "Let me do nothing unbecoming so excellent a father." Such respect for a father or mother is one of the best traits in the character of a son or daughter. "Honor thy father and thy mother, that it may be well with thee, is the first and most important of all the commandments, and happy is the child who obeys it accordingly.

WYATT, Rhoads' Old Stand.

THE TWENTY SECOND.—Military Parades.—Programme of Arrangements.—We agree with an intelligent contemporary, that to commemorate the birthday of Washington by every suitable evidence of temperate joy and congratulation is a duty every American citizen owes to the man who was "first in war, first in peace and first in the hearts of his countrymen," and at this time, more than at any other period in our country's history, should his noble qualities be brought into view that our statesmen and warriors may emulate his pure and patriotic example. We are, therefore, gratified to learn, that the military authorities, and our citizens, fully appreciate the importance of the occasion, and that the day will be observed in the Capital city of the good old Keystone State in a manner becoming freemen who value the blessings of that form of Government over which Washington was called first to preside.

THE MILITARY PARADE.—The principal feature of the day will of course be the grand military dress parade of the troops from Camp Curtin, amounting altogether to about twenty-seven hundred men.— They will be fully armed and equipped, and accompanied by several excellent bands of music, the whole under the command of Col. S. A. Meredith, acting Brig. General. The troops will form at Camp Curtin at nine o'clock, A. M., and at half past nine, be reviewed by Adjutant General Russell, and other high military officials. After these ceremonies the brigade will leave the camp, and proceed over the following route:

ROUTE OF PARADE.—Down Ridge road to North street, out North to Front, down Front to Washington avenue, out the Avenue to Second, up Second to Walnut, out Walnut to Fifth, down Fifth to Market, up Market to Third, up Third to Locust, out Locust to Second, up Second to State and from thence to Camp.

THE SALUTE.—After the parade, Captain Seymour's Company of Artillery will favor our citizens with a drill in artillery practice, at Front Street, opposite State street, firing on the occasion a grand national salute of thirty-four guns. The novelty of the drill will doubtless attract a large number of spectators.

THE FIRST CITY ZOUAVES.—The First City Zouaves, of this city, have concluded to participate in the parade, and we presume will be assigned a proper position in the brigade.

RING THE BELLS.—The proper arrangements have been concluded to salute the dawn of the day with a merry peal from the several bells of the city. This will form an important feature of the proposed festivities, and we are glad it has not been overlooked.

CLOSING THE STORES AND PLACES OF PUBLIC BUSINESS.—The public offices, banks, and most of our manufacturing establishments and stores will suspend business during the day. The post office will be open from 7 to 9 o'clock A. M. and run 1 to 4 o'clock P. M.

UNFURNISH THE BUNTING.—We suggest to our patriotic citizens the propriety of throwing to the breeze that glorious and triumphant banner—which no rebel or foreign foe can trail in the dust—the stars and stripes, and thus further show their undivided loyalty and attachment to that Union and Constitution which was first promulgated to them by the immortal Washington. Let the good old flag of our fathers wave from every mast-head, over every street, and from every private dwelling.

Flag of the free heart's only home, By angel hands to valor given! Thy stars have led the welkin dome, And all thy hues were born in heaven: Forever float that standard sheet! Where breathes the foe but falls before us? With freedom's soul beneath our feet, And freedom's banner streaming o'er us.

THE FAREWELL ADDRESS IN THE GERMAN REFORMED CHURCH.—Our friends of the German Reformed church, we see by a notice elsewhere, are to honor the occasion by assembling in their church at 10 o'clock, A. M., and hearing read Washington's Farewell Address. This is an excellent idea, and we should like to see the example followed by the other churches.

ILLUMINATION.—We hear of a number of our citizens who intend to illuminate their private residences to-morrow evening. Such an arrangement will be an appropriate termination to the festivities of the day, and we hope the example of the few will be followed by the practice of many.—Tia sconces for illuminating purposes can be purchased for a trifle at almost any of our tinmiths, and these, with the cost of a pound of candles, is all the expense necessary to be incurred on the occasion. Even this expense can be dispensed with, and an equal effect obtained, by citizens whose dwellings are provided with gas, if they will throw open the shutters of their residences and illuminate the gas in their front rooms. Let us have a general illumination by all means.

If these arrangements are made, and fully carried out, with favorable weather, we will have a celebration worthy of the occasion, and reflecting the highest credit upon our city and the patriotism of its citizens.

STRABISMUS, OR CROSSED EYES.—One of my eyes has been turned inward from birth and the sight was rendered useless, and it was very much disfigured. Dr. Jones made it straight in half a minute, two months ago; the eye is perfect in every respect. I formerly resided in Harrisburg; I now live seven miles from Chambersburg, Franklin county. Several physicians in this vicinity tried to prevent me from going to Dr. Jones, but I had no confidence in them, neither did I heed their denunciations of Dr. Jones, whom I have found a skillful surgeon and a high toned gentleman.

MISS EMILY SWITZER.—P. S. My post office is Chambersburg.

FLAG RAISING.—An American flag, said to have floated over Fort Pulaski at the time that stronghold was assailed by the rebels, is to be raised over the City Hotel, at the depot, this morning.

HOUSE OF REPRESENTATIVES. FRIDAY, FEBRUARY 21, 1862.

The SPEAKER called the House to order at 10 o'clock A. M. Prayer by the Rev. Mr. Shoemaker. The Clerk read the journal of yesterday; which was approved.

SPEAKER'S DESK.—The SPEAKER laid before the House a report from the Auditor General, Attorney General and State Treasurer, which was read as follows: To the Honorable the Senate and House of Representatives of Pennsylvania:

The undersigned, who were authorized and required by the act of May 1, 1861, entitled "An Act relative to the claim of Samuel Copper, of Lawrence county," to "examine the claim of Samuel Copper for damages sustained in building lock No. 11, in the Erie extension canal, and report to this or the next Legislature the amount, if any, to which the said Samuel Copper is entitled," respectfully report:

That they have examined the evidence laid before them, and the papers and documents relative to the case, and do not find that the said Samuel Copper is entitled to receive any amount of damages from the State.

W. M. MERRITT, Attorney General. THOS. E. COCHRAN, Auditor General. HENRY D. MOORE, State Treasurer.

The report was laid on the table. The SPEAKER also laid before the House a communication from Major General Patterson, which was read as follows:

HEAD-QUARTERS, Philadelphia, Feb. 20th, 1862. DEAR SIR:—His Excellency, Governor Curtin, will review the First Division, Pennsylvania Volunteers, on the 22nd inst., at 12 M.

I respectfully invite the officers and members of the House of Representatives to be present to witness the ceremony. A place will be reserved for the Legislature on the platform in front of the Academy of Music.

I have the honor to be, With great respect, Your obedient servant, R. PATTERSON, Major General. Hon. John Rowe, Speaker of the House of Representatives, Harrisburg.

RESOLUTION AND EXPENSES OF THE AUDITOR GENERAL'S OFFICE.—Mr. ARMSTRONG, on leave given, presented the following resolution: Resolved, That the Auditor General be requested to furnish to this House a statement exhibiting the amount of purchase money, warrant and office fees, and all other receipts of the Surveyor General's office for the five years last past, ending November 30, 1861, together with a statement of the salaries and all other expenditures of that office during the same period.

On motion of Mr. ARMSTRONG, the rule requiring resolutions of inquiry to lie over for one day, was suspended, and the House proceeded to the consideration of the resolution, which was read a second time. The resolution was adopted.

DEFENCES OF THE DELAWARE RIVER AND BAY.—Mr. ABBOT submitted the following: RESOLUTIONS relative to the defences of the Delaware river and bay.

WHEREAS, new exigencies have arisen to force upon the attention of Pennsylvania the unprotected condition of the eastern coast of the State against hostile invasion; and whereas the States of New Jersey and Delaware, are alike interested in a system of defenses along the Delaware river and bay, therefore, be it

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That, moved by the deepest solicitude in view of continued delay by the United States Government, we urge upon our Senators and Representatives in Congress the exertion of the most strenuous and immediate efforts to secure a system of adequate defenses for the Delaware river and bay.

Resolved, further, That the Governor of this Commonwealth is requested to confer with the Governors of New Jersey and Delaware, to secure the co-operation of those States in the furtherance of this important object, alike indispensable to the interests of the three States.

Resolved, further, That the Governor of this Commonwealth is requested to transmit a copy of these resolutions to the Governor of New Jersey, the Governor of Delaware, and to each of our Senators and Representatives in Congress. The rules were suspended, and the preamble and resolutions were passed finally.

RATE OF INTEREST.—The House then proceeded to the consideration of the bills on the public calendar, and went into committee of the whole (Mr. CRANE in the Chair) on House bill No. 53, entitled "An Act relative to the rate of interest." After some time the committee rose and asked leave to sit again, which was refused; and The bill was read a second time, and after some debate was laid aside.

POSTAGE OF THE HOUSE.—The SPEAKER laid before the House the following communication: Post Office, Harrisburg, Pa., Feb. 21, 1862. Hon. John Rowe, Speaker of the House of Representatives.

requesting me to furnish to the House the names of its members who have received postage stamps on the credit of the State, and the amount thereof, if any, included in the bill or bills rendered by me to the committee of the two Houses, and approved by them.

In answer to said resolution, I can only say that the amount due me for postage and postage stamps for the month of January last, had been duly settled and paid to me after giving a full and candid explanation of every item in the bill to the committee.

I left them fully satisfied, that said bill was perfectly right and proper, and the bill was unanimously reported correct and approved by the House in the same manner.

Several members of the House procured stamps on written or personal application and representations that they would be used in the House on such letters on which they did not desire to place their names; but the amount given to these members is small, and the whole sum, thus expended by the State for stamps, does not exceed one hundred dollars.

My predecessor in office, has informed me that this practice has been in existence for years, and as long as members use these stamps in their official capacity, there can be nothing wrong in its practice.

The postage bill for the present session for the month of January is near one thousand seven hundred dollars less than it was during the previous year.

These facts will certainly satisfy your honorable body that no extravagance exists in the use of the franking privilege.

Hoping that this answer will be satisfactory, I am very respectfully yours, GEORGE BERGNER, P. M. Laid on the table. On motion, the House then Adjourned.

GENERAL GEORGE WASHINGTON.—The principles and deeds of Washington, though the material and frame work has mouldered and decayed, has stamped his greatness upon the tablet of his country's heart; it is our privilege and duty to render the admiration earned and to awaken emulation by the proper observance of the day that gave birth to one so closely identified with his country's history, and now with the reader's permission, we respectfully call your attention to the large stock of dry goods at the cheap store of Ulrich & Bowman.
